The judgment-debtor made an application praying that his objection dismissed for default be restored. The Court dismissed it on the preliminary ground that no security was furnished as required by the proviso to S. 17, Small Cause Courts Act. On revision,

Held, that the order striking off the objection for default cannot be treated as an order under S. 47, C. P. Code, and cannot therefore amount to a decree as no question of the nature specified in that section was determined and that the order can, in no sense, be considered to be an *ex parte* decree so as to attract the applicatton of the proviso to S. 17, Small Cause Courts Act,

Held further, that no question of *res judicata* can arise as the objection had not been dismissed on the merits and it is, therefore, open to the judgment-debtor to take the same objection by another application instead of applying for the order of dismissal being set aside. A reasonable and practical interpretation of the section is as follows: (1) The applicant must within 30 days file his application either with cash or with a statement that he is prepared to give security (and in the latter case he may, of course, tender the security he proposes) and ask for the direction of the Court. (2) In the case where he wants to give security, if the Court refuses to direct security, he must deposit cash within the 30 days, or his application will be rejected. (3) If the Court agrees to direct security, then: (*a*) it will consider the security already offered, if it has been so offered; or (*b*) name security to its satisfaction which must be filed within the 30 days. (4) If the applicant does not in fact ask for a direction or if, though the applicant does ask for a direction, the Court does not in fact give any direction, but in fact the Court does issue notice, the Court shall be taken to have approved the deposit of cash or the security offered as the case may be. (5) If filed within the 30 days and accepted by the Court expressly or impliedly by the issue of notice the application is a good application, though it will be open to the decree-holder to challenge the nature and sufficiency of the security and to the Court under O. 9, R. 9 to make such further conditions as it thinks fit. If the Court delayed in giving its direction or approving expressly or implied by the security already tendered, so long that the period of limitation had expired before the applicant had fair opportunity of complying with the direction, then in a suitable case it would be open to the Court itself to consider and exercise the inherent powers reserved to it by S. 151, C. title and the object of S. 23 is to meet cases in which the Judge is satisfied that the question of title is so intricate that it should not be decided summarily and then it should return the plaint for presentation to a proper Court. There are no words in the section which would justify the inference that the plaintiff and the defendant should be rival claimants to the immovable property before the question of returning the plaint for presentation to proper Court arises. Where therefore in a suit for arrears of rent in respect of certain shops the defence is that the shops are in the ownership of a third person who had purchased them at an auction sale and the rent had been paid to this third person, and the question of title depends upon a consideration of a number of documents, it is a case in which the question of title ought to be decided by a competent Court other than the Small Cause Court. PROV. S. C. C. ACT (1887), S. 25.

If a Judge of a Small Cause Court chooses to depart from the procedure laid down for the conduct of cases in such a Court, he should not fall back on the provisions of that procedure in order to suit his own convenience. In a small cause suit the Judge framed an issue and placed the onus on the plaintiff. When both plaintiff and defendant had closed the case and the judgment was to be delivered, the Judge changed the onus on to the defendant and asked him whether he had any objection to the same. The defendant replied that he had no objection but that he should be allowed to examine his remaining witnesses in case the onus was shifted. The Judge shifted the onus on to the defendant but without allowing him to examine his witnesses decreed the suit.

Held, that the defendant should be allowed to examine his witnesses. (*Broadway, J.*) UDMI RAM *v.* DURGA DAS. **6 I R. (Lah.) 125 (2)=145 I.C. 704=A.I.R. 1933 Lah. 452.**

Where no issues were framed at all and the decision of the Judge did not follow inevitably from the statement of the plaintiff and that was all the evidence on the file.

Sub-S. (2) of S. 32 is in the nature of a proviso to sub-S. (1) of that section and its operation must therefore be limited to cases mentioned therein. If a suit is instituted in the ordinary Civil Court or proceedings are commenced in such a Court, the subsequent investment of such a Court with small cause powers would not make S. 32 (1) applicable. Sub-S. (2) would apply, if at the time of the institution of the suit there is no Court of Small Causes in the locality and the suit is filed in a Civil Court, even if the presiding Judge of the Civil Court be later on invested with Small Cause Court powers. If, therefore, a suit is instituted in a Court of Small Causes and that Court is abolished, the case will have to be sent to the ordinary Civil Court under S. 35 of the Act If the Court to which the case is so sent under S. 35 acquires before the date of trial the powers of a Small Cause Court, S. 32 (1) would become applicable. A suit to eject a tenant at-will, after determination of the tenancy by a notice to determine, duly given by the landlord, is not barred from the cognizance of the Small Cause Court. Such a suit falls under Cl. (*c*) of Act. 4 of Sch. II of the Act, as amended by S. 3, of the Bombay Amendment Act (VI of 1930). But when the termination of the lease is not the only issue to determine as for example, when the defendant disputes the plaintiff's title, Cl. ——**Sch. II, Art. 8**—*Cognizability—Suit by assignee—Arrears of rent.*

PROV. S. C. C. ACT (1887), Sch. II, Art. 8.

The assignment of arrears of rent by the landlord to a third party has not the effect of altering its character. So far as the tenant is concerned, his liability still continues to be one for the payment of rent, on account of land held by him, due to the landlord. The fact that the landlord has assigned his rights, and his representative, whether a vendee or an heir, is suing, would not alter the character of that liability. The suit is not thereby altered into one for a mere debt, but is still a suit for recovery of rent, other than house rent, and the Small Cause Court has no jurisdiction to entertain it, as laid down in Art. 8, Sch. II of the Provincial Small Cause Courts Act. (*Sulaiman, C.J. and King, J.*) NATHU LAL *v.* KEWAL RAM. **57 A 230=7 R.A. 34=150 I.C 767=1934 A.L.J. 848=4 All. He is only liable for market toll and the money payable by him is not rent so as to come within Art. 8 of the Provincial Small Cause Courts Act. Nor would the dues come under "other dues" under Art. 13, because they are not payable by reason of any interest in immovable property. The question whether a case is determinable by a Small Cause Court Judge must rest upon an examination of the plaint and a decision by the Judge as to whether or no the language of the plaint on a reasonable construction inports the commission of an offence under Chap. XVII, I. P. Code. The plaintiff sued to recover a sum of money on the ground that the defendant had cut a *nim* tree belonging to the plaintiff which was growing upon the plaintiff's ground and had done so with the knowledge of the plaintiff and without any right and had taken it away.

Held, that the plaint did not disclose a criminal offence and that the suit was cognizable by the Court of Small Causes. (*Mears, C. J. and Sen J.*) BHAN DATT *v.* MOTI LAL. **I.R. 1932 All. 648=140 I.C 506=1932 A.L.J. 306=A.I.R. 1932 All. 472.**

The coins were ranged from one anna to a rupee.

Held, that this enclosure could not be properly described as a 'common gaming house", not could the table on which the coins were spread be described as an instrument of gaming and that even if technically it could be so described, this was clearly a case of *de minimis non curat lex*, a principle of law well recognized by Courts and enunciated by S. 95, I. Act VI of 1857 was for the acquisition of land for public purpose, whereas Act XXII, 1863, is for works of public utility to be constructed by private persons or companies in contra-distinction to the purpose of the Act of 1857 The two Acts give powers of acquisition for different purposes. The declaration under the one Act that the acquisition was for a public purpose is conclusive as is the declaration under the other that "the land may be taken under the Act". The declarations having been made, it is not open to any Court to hold that it was not for a 'public purpose'. PUBLIC SERVANTS INQUIRIES ACT (XXXII OF 1850), S. 25—*Officer dismissed without enquiry—Right of suit—Government of India Act, S. 96-B (1) and R. 14.*

A Reader in the Government Press was dismissed from service without any enquiry. He sued the Secretary of State for damages for wrongful dismissal.

Held, he had no right of action, as R. 14 framed under the Government of India Act, imposing formalities like enquiry before dismissal of a civil servant was specifically without prejudice to the provision of the Public Servants Inquiries Act, S. 25, which says : "Nothing in this Act shall be construed to affect the authority of the Government for suspending or removing any public servant without an enquiry under this Act". When that was the case it was not possible to say that the Government or the authority to whom it delegated its powers in the matter could not, with reference to R.14, dismissal its civil servant without an enquiry. That one was doing work, as a reader in a press, which could have been done by a private person did not make him any the less a public servant or limit the right of Government to dismiss him at his pleasure. The statutory rules gave him no right of suit, and the general rule was that no remedy could be taken but the particular remedy prescribed by the statute. ((*Beasley, C. Fruit trees (date trees) giving annual produce and standing on agricultural land though not expressly mentioned or included in the definition of land given in S. 2 (3) are not liable to attachment and sale in execution of decree against the owner who is a member of an agricultural tribe. A decree-holder can therefore attach each year the fruit of the date trees as part of the produce of the land just as he can attach wheat but he cannot attach the trees and sell them in perpetuity with a view to the fruit, *i.e.*, produce, being gathered by him in perpetuity. ——S. 3—*Sale to non-agriculturist — Sanction—Considerations.*

A sale that infringes the directions given in the Land Administration Manual should not be sanctioned by the Deputy Commissioner under S. 3 of the Punjab Land Alienation Act, merely because the non-agriculturist vendee who happens to be a creditor of the vendor offers a better price than an agriculturist could afford to offer. ——**S. 3**—*Scope*—"*Land*"—*Execution sale of trees—Validity of*—*If passes land also.*

A sale in execution of trees apart from the land on which they stand is not in contravention of the provisions of the Act. They are not "land" as defined in S. 3 of the Act. A sale of the trees does not necessarily involve a sale of the land underneath as a legal incident. The question is one of intention. Where the Court orders the sale of the trees only, because the land cannot be sold, it is obvious that there is no intention to sell the land. S. of 3 the Act applies only to permanent alienations of land A mortgage which is not covered by S. 6 (1) (*a*), (*b*) or (*c*) of the Act cannot be given effect to. Sanction should not therefore be accorded to it. ——**S. 3 (2)**—*Decree contravening section—Validity*

A decree passed in violation of the terms of S. 3 (2) of the Punjab Alienation of Land Act is not a nullity. The decree is open to appeal or revision and unless set aside, is binding. It is not a decree passed without jurisdiction. (*Tek Chand and Din Mahomed, JJ.*) SARBULAND *v.* PREM DAS. **16 Lah. 56—155 I C. 615 = 7 R.L. 744 = 35 P.L.R. 709 = A.I R. 1934 Lah. 947.**

——**Ss. 3 (2) and 14**—*Permanent alienation—Validity of.*

A permanent alienation is not invalid. All that S. 3 (2) says is it shall not be effective, unless and until sanctioned by the Deputy Commissioner. So where a gift is made to one who is not a member of an agricultural tribe, the gift is valid, but a copy of the decree should be sent under S. 21 (*a*) to the Deputy Commissioner for suitable action. (*Fraser, J C. and Saaduddin, A J C.*) SAHIB JAN *v.* MAHOMED. **141 I.C. 268 = A I R. 1933 Pesh. 1.**

——**S. 3 (2)**—*Sale to non agriculturist—Sanction of Deputy Commissioner—Circumstances to be considered.*

When the fact of a sale is proved and the vendor desires to resile from it under cover of the Act, the Deputy Commissioner is competent to give sanction under S. 3 (2), proviso (1), even against the will of the vendor if the equities of the case appear to require it and the sale is not opposed to the principles of the Land Alienation Act. There is no compulsion on the Deputy Commissioner arising out of the fact that the sale has taken place. On the contrary he has to be strictly on his guard against an attempt to evade the Land Alienation Act by presenting him with a *fait accompli*. All he has to see is whether if the application had been made before the sale, it would have appeared as one which should have been granted on the facts then existing. PUNJ. ALIENATION OF LAND ACT (1900), S. 6.

——**S. 3 (2)**—*Sanction under—Grant of—Discretion—Exercise of.*

S. 3 gives a discretion to the Deputy Commissioner; but that discretion is a sound discretion guided by law. Sanction under S. 3 (2) should not be given merely to enable the payment of unsecured debts. It is not desirable that the Deputy Commissioner should use his powers under the Act with the object of assisting the collection of the Land Revenue. (*Latifi, F.C.*) EMPEROR *v.* N. Though no person can have sanction forced on him to make a sale which he does not want to make, where, however, the fact of sale is proved and the vendor desires to resile from it under cover of the Act, the Deputy Commissioner is competent to give sanction under S. 3 (2), proviso (*1*) even against the will of the vendor if equity requires it. This of course implies that the Deputy Commissioner should come to a decision on the factum of sale but that opinion is no adjudication and is not binding on the Tahsildar or Collector. ——**Ss. 6 and 17**—*Further advance on security of mortgaged land on same conditions—Whether amounts to new mortgage.*

The essence of a mortgage is a "transfer of an interest," in immovable property. A document which gives immovable property as security for the satisfaction of a debt, without transferring any interest in the property merely constitutes a charge on the property and is not a mortgage Where a mortgagor, having already mortgaged his lands with possession to the mortgagee in 1874, takes a further advance from him in 1925 on the security of the land already mortgaged, on the same conditions as the original mortgage, such a transaction does not amount to a fresh alienation of an interest in the land, and consequently the provisions of the Alienation of Land Act are not attracted. But if the new transaction purports to cancel the earlier one, or contains conditions substantially different from those contained in the original mortgage, or an additional area of land is included in the security, the old mortgage is at an end, and a new and wholly different relationship between the parties is created, to which "*ex necessitate rei*" the provisions of the Alienation of Land Act will be attracted. Similarly if the new transaction raises the aggregate mortgage-money to a figure in excess of the value of the land, it will really be a sale though ostensibly given the form of a mere advance on the old security. In each case therefore the Court has to determine the true nature of the transaction. ——**Ss. 6 and 9**—*Mortgage in contravention of—Validity of—Revision by Deputy Commissioner.*

If a member of an agricultural tribe makes a mortgage on his land in any manner or form not permitted by or under the Act, the mortgage is not absolutely illegal and the Deputy Commissioner has authority to revise and alter the terms of the mortgage, so as to bring it in accordance with such form of mortgage permitted by or under the Act as the mortgagee appears to him to be equitably entitled to claim. ——**S. 6**—*Sale in contravention of Act—Effect of—Suit to recover price paid—Contract Act, S.* 65.

A contract of sale in contravention of the provisions of the Punjab Alienation of Land Act is not void *ab initio*, because there is a provision in the Act enabling the vendee to have the defect in his title removed by securing the sanction of the Deputy Commissioner. If he fails to apply for such sanction, or if such sanction is applied for and is refused, the so called permanent alienation takes effect as a usufructuary mortgage in form (*a*) permitted by S. 6 for such term as the Deputy Commissioner considers to be reasonable. Where a vendee alleged himself to be a member of an agricultural tribe but was found by the Courts to be a non-agriculturist, the case is covered by S. 65 of the Contract Act, and the vindee can recover the price paid by him to the vendor. ——**Ss 14 and 21-A (2)**—*Decree contravening Act —Remedy of Deputy Commissioner.*

There can be no doubt that the course laid down in sub section (2) of S. 21 A of the Act is the only one, that is open to the Deputy Commissioner whose attention has been drawn to a decree passed by a Civil Court, which appears to give effect to a permanent alienation of land which had been effected in contravention of the provisions of the Act, and if he fails to take action in the manner prescribed therein the decree stands. Obviously S. 14 has no application to such a case. It deals with those cases only in which the dispute as to the validity of the alienation has not been taken to a Civil Court and that Court has not passed a decree in connection therewith. Where a decree is passed by a Civil Court giving effect to a sale which contravenes the provisions of the Act and the Deputy Commissioner converts the sale into a mortgage under S. 14, his action is clearly *ultra vires* and cannot in any way affect the Civil Court decree. A decree against a judgment-debtor (agriculturist) was satisfied in 1926 by a lease of two wells of the judgment-debtor for a term of 16 years. Subsequently in execution of another decree in favour of the same judgment-debtor the Court ordered that there should be another lease for 20 years of the same two wells, to take effect after expiry of the prior lease.

Held, that the second lease contravened S. 16 (2) of the Act and the Court was at liberty to make a farm or mortgage only for a total period of twenty years.

Held, further, that the Court cannot convey anything more than the right, title or interest of the judgment-debtor, or anything more than what the latter himself can convey; if the latter's capacity for alienation is limited by law, S. 16 of the Act does not confer any such extraordinary power on the Court. There can be no doubt that the course laid down in sub-section (2) of S. 21-A of the Act is the only one, that is open to the Deputy Commissioner whose attention has been drawn to a decree passed by a Civil Court which appears to give effect to a permanent alienation of land which had been effected in contravention of the provisions of the Act and if he fails to take action in the manner prescribed therein the decree stands. Obviously S. 14 has no application to such a case. It deals with those cases only in which the dispute as to the validity of the alienation has not been taken to a Civil Court and that Court has not passed a decree in connection therewith. Where a decree is passed by a Civil Court giving effect to a sale which contravenes the provisions of the Act and the Deputy Commissioner converts the sale into a mortgage under S. 14, his action is clearly *ultra vires* and cannot in any way affect the Civil Court decree. A suit was brought by a reversioner praying for a declaration that the gift and the orders of the Commissioner would not affect his rights after the death of *M*. Held, that what was excluded from the jurisdiction of the Court was any matter of which the Collector was empowered by the Act to dispose (*e.g.*, such a matter would be action taken under S. 17 or Ss. 24 and 25 or S. 26) and that the jurisdiction of the Civil Court was not barred

Held, further, that one of the matters to be ascertained for the proper disposal of the case would be what was the effect of the mutation effected in *B's* favour, *viz.*, whether the legal effect of the mutation was to create new tenancy in *B's* favour or whether only *M's* interest in property was relinquished. 1932 Lah. 412, Ref. Though the agreement was a void agreement under S. 19, the parties to it observed it loyally for several years and subsequently *G* executed a formal written document in which after reciting the earlier transaction he expressly made an agreement to the effect that the enjoyment of the lands should continue as before, but in case of a breach of the agreement it was provided that he, and after his death his children, should pay the full purchase money of the land to the other parties to the agreement. Later she made a gift of her rights to her daughter, the gift being sanctioned by the Commissioner under S. 19 of the Act. The nephews of *N* brought a suit to declare that the gift shall not be operative after the death of *N's* widow.

Held, as *N's* widow was not an heir to her son under S. 59 of the Punjab Tenancy Act which regulated the succession to occupancy rights prior to Act V of 1912, the act of the Government in allowing her to succeed amounted to allotting the occupancy tenancy rights to her, and that succession would be governed by S 21 (*a*) of the Act that the gift having been sanctioned by the Commissioner under S. 19 of the Act, which section alone restricted her rights of alienation, the reversioners of her husband had no *locus standi* to contest the gift. The words "first allotted" describe its creation and S 21 (*b*) governs the succession where the widow has succeeded the original tenant and grantee. The succession in such case goes to the person or persons who succeed if the tenancy were agricultural land acquired by the original tenant, the definition of such original tenant being in S. 3 of the Act and being confined strictly to male grantees. In contradistinction to this, S. 21 (*a*) only applies where the first tenant of the land, that is to say, the grantee, was a woman, to whom the grant was made on account of her husband's father, son or brother's services, he having presumably died in the performance of his duty. PUNJAB COURTS ACT (VI OF 1918 as amended)—*Appeal—Jurisdiction—Suit for redemption of mortgage—Value for purposes of appeal—Subsequent ascertainment of mesne profits—Forum, if altered.*

In a redemption suit the value of the suit for purposes of jurisdiction of the trial Court had been fixed at Rs. 99. The suit was dismissed but, on appeal, the appellate Court remanded the case to the trial Court for a finding regading the value of improvements made by the mortgagee. On remand, the lower Court found the value of improvements to be Rs. 5,000. An objection was then taken that the value of the improvements being Rs. 5,000 the appeal lay to the High Court and not to the District Judge.

Held, that for purposes of jurisdiction in the trial Court the value of the suit was Rs. 99 and on the dismissal of the suit it remained the same for purposes of the appeal to the District Judge. Hence the appeal had been properly valued and was cognizable by him. The fact that the value of the improvements was Rs. 5,000, did not oust the jurisdiction of the District Judge to entertain the appeal and to decree the amount in favour of the mortgagee as a condition precedent to the redemption of the mortgage, if he ultimately found

———**S. 39**—*Suit for rendition of account—Forum of appeal—Limits of appellate jurisdiction.*

In a suit for dissolution of partnership and rendition of accounts, the plaintiff tentatively valued the relief sought at Rs. 2,000. The value of the suit for purposes of jurisdiction automatically became Rs. 2000. The defendant in his written statement pleaded that nothing was due to the plaintiff and alleged that the plaintiff owed him a very large sum. The Senior Subordinate Judge passed a preliminary decree dissolving the partnership and ordering that accounts be taken. After a protracted inquiry a final decree of Rs. 3,286 was passed in favour of the plaintiff against the defendant. Both parties being dissatisfied with the decision filed appeals in the District Court. In his memorandum of appeal, the plaintiff stated that "the value of the suit was Rs. 2,000 but he valued the appeal for purposes of jurisdiction and Court-fee at Rs. 5,000, or more on accounts," and paid *ad valorem* fee Rs. 5,000, stating that he was prepared to make good the deficiency in Court-fee in the event of the Court finding that on the evidence he was entitled to a larger sum. The defendant valued his appeal for jurisdiction and Court-fee at Rs. 8,286 and stamped it accordingly. The District Judge dismissed the defendant's appeal and accepted that of the plaintiff and, in the modification of the decree of the trial Court, passed a decree in favour of the plaintiff for Rs. 32,933 2-3 with costs and interest at six per cent. per annum.

Held, that for the purposes of determining the forum of appeal the "value of the original suit" was Rs. 3,286 and the appeals lay to the District Court, and the limits of jurisdiction fixed in Ss. 25, 26 and 39 and other sections of the Punjab Courts Act relate not only to jurisdiction to entertain, but also to jurisdiction to decide the suit or appeal as the case may be, and as such the District Judge had no jurisdiction to pass a decree for more than Rs. 5,000 and that the proper course for him was to return the memorandum of appeal for presentation in the High Court.

Held, further, that the High Court had jurisdiction to pass a decree even if it finds that the plaintiff is entitled only to a sum below Rs. 5,000 and need not send back the case to the District Court for re-hearing and re-decision. ———**S. 39**—*"Value of subject-matter of suit"—Suit for rendition of account—Valuation in plaint not decree amount as determining forum of appeal.*

The plaintiff sued for dissolution of partnership and rendition of accounts and valued the suit for purposes of jurisdiction and Court-fee tentatively at Rs. 8,000 and paid Court-fee on that amount stating that if a higher sum was found due on taking the account he would pay additional Court-fee thereon. The trial Court passed a decree dissolving the partnership and fixing the shares of the partners. A Commissioner having been appointed

PUNJAB COURTS ACT (1918), S. 41

he examined the accounts and reported that Rs. 9,824 was due by the defendant. The defendant filed objections and the Court eventually passed a decree for Rs 3,375 only. The defendant appealed urging that nothing was due by him while the plaintiff appealed to have the decree amount enhanced to Rs. 9,284.

Held, that "the value of the subject-matter of the original suit" was Rs. 8,000 as stated in the plaint and not the decree amount and appeals against that decree whether instituted by the plaintiff for enhancement or by the defendant for the total dismissal of the suit properly lay to the High Court. ——**S. 16**—*Revisional jurisdiction—Nature—Cases of dismissed village officers and Government servants.*

No general rules governing the use of revisional powers can be laid down which are applicable to all cases. As regards the dismissal of village officers the Financial Commissioner would properly interfere if there has been such a denial of national justice as would be involved in dismissing a man without hearing him or if the offence for which he had been dismissed was not one of those which under the Land Revenue Rules justify dismissal. But where there is no such material irregularity or manifest illegality the Commissioner should be very reluctant to upset a concurrent finding of fact and where the facts are proved or admitted and the only question is one of the severity of the sentence, it would normally be difficult to override a concurrent opinion that the man's delinquence make him unfit to remain a village officer. This view however should be confined to the case of village officers and should not be extended to that of Government servants. (*Irving, F. C.*) KIRZA KHAN *v.* EMPEROR. **11 Lah L T. 19.**

——**S. 20**—*Service by post—Presumption as to proper service.*

The course prescribed in S. 20 for service by registered post stands precisely on the same posting as any other form of service and a revenue officer may presume that the summons was served if it is proved that the letter was properly addressed and duly posted and registered. It is not laid down that it is necessary to prove that the letter was actually placed in the hands of the person served. The presumption that may be made is that a registered letter properly addressed and duly posted will get into the hands of the addressee. Whether in any case the presumption should be drawn depends on the circumstances of the case. (*Miles Irving, F. C.*) LOKNATH *v.* KYLYAN DASS. **13 Lah.L.T. 9.**

——**Ss. 34 and 35**—Jamabandi—*Mutation—Rules governing.*

The *jamabandi* does not provide for any one being in possession except as owner or as cultivator unless the owner is explicity declared to be *ghair qabiz*. If a person other than one of the owners shown in column 4 who is not the actual cultivator of the land claims to appear in column 5 the putwari should enquire by what right he claims. If he says he is an intermediary tenant the mutation may be entered up in column 5 but if he claims adverse possession his claim should be treated in column 4. This however does not prevent one of the owners being shown in column 5 as the person to whom rent is paid because the possession of one is that of all. Nor does it prevent a tenant who arranges for the cultivation through sub-tenants being shown in the column. But it does prevent what are really mutations of *ghair qabiz* appearing in the guise of mutations of cultivating possession. (*Irving, F. C.*) UDHA MAL *v.* MT. MEWA BIBI. **11 Lah.L.T. 47.**

If a person with a defective title purports or intends to mortgage the property any interest subsequently acquired is available in equity to make the mortgage effectual. But that equity refers to the mortgagor and mortgagee. It does not affect the innocent purchaser who purchased the property in ignorance of the mortgage. When the mortgagee has neglected to report the mortgage as required by S. 34 of the Act, as between him and a *bona fide* purchaser, equity lies heavily on the side of the latter. (*Irving, F. (*Latif, F.C.*) BOSTAN KHAN *v.* KARAM KHAN. **13 Lah.L.T. 37.**

———**S. 37**—*Mutation—Decree of Civil Court—Evidentiary value.*

The business of a Revenue Officer under S. 37 is to make entries in accordance with facts proved to have occurred or such as are supported by a decree or order. A simple declaratory decree that a person is owner or occupancy tenant of land falls under the latter category and may very properly be given effect to in mutation proceedings by inserting the name of the person declared to be owner or tenant but when a declaratory decree is conditional on payment of a sum of money the only entry which the revenue authorities can make on the basis of it is a note to the effect that the declaratory decree has been passed. It is not the business of the Revenue Officer to receive the money and pass it on to the other party nor has he any authority to compel to other party to receive it. If the parties come to him and say that the money has been paid and received he may enter up the consequent mutation of ownership; otherwise the remedy on the basis of the declaratory decree is a civil suit for possession on payment. (*Irving, F.C.*) SHIB SARAN DAS *v.* CHUHRA. **11 Lah.L.T. 112.**

———**S. 37**—*Variation regarding entry as to rent—Absence of mutation order—Effect.*

Variations from entry regarding rent which has been existing for 17 years and more should not be made without mutation. S. 37 of the Act does not require that the procedure of testing a mutation should be followed in altering the entry in the record of rights. The Standing Orders of the Financial Commissioner no doubt lay down a procedure which Revenue Officers ought to follow and neglect to follow that procedure no doubt throws grave doubt on any alteration made without it. But these orders are only executive instructions and have not the force of law. A change which has got into the jamabandi in a way contrary to these instructions is not necessarily void. All that can be said is that it is open to grave suspicion (*Irving, F.C.*) BAHADUR CHAND *v.* JHANDA. **11 Lah.L.T. 79.**

———**S. 37**—Wajib ul-arz — *New document — Omission of entry—Inference.*

The argument from the omission of an entry from a new *wajib-ul-arz* is a very strong one. It is a natural presumption from the omission of an entry that it has been done deliberately and with due cause. When a new *wajib ul-arz* is prepared it supersedes the old and the new one cannot be altered without due cause. (*Irving, F.C.*) DILBAGH RAI *v.* MEHR SHAH. **11 Lah.L.T. 101.**

PUNJ. LAND REV. ACT (1887), S. 44.

An application for correction which is contested and which on the face of it is not based on an obvious clerical error or patent defect should be rejected summarily and the parties referred to a civil suit. The fact of a man having been dead at a time when he was thought to be alive and similar errors may be good grounds for correction but such cases are so rare and when they do occur, they are seldom contested. The intention of the law is that a mutation order after the period of appeal has expired is final and can only be altered in a regular way by review or by application to a Civil Court. Even assuming that under the Customary Law of the Punjab, the transfer by a vidow of her life estate in ancestral property does not amount to an "alienation" within the meaning of Arts. 1 and 2 of the Punjab Limitation (Custom) Act (I of 1920); where, however, she purports to transfer not merely her life-interest, but the absolute estate in the property itself, with the concurrence of the next reversioner, such transfer is an "alienation" within the purview of the Act, and a suit to set it aside must be brought within the special period of

Although for the purpose of determining whether a widow possessed unrestricted power of alienation in the property which had descended to her from her husband, it is immaterial whether the property was ancestral or self-acquired in his hands, but the question is of great importance for ascertaining the period of limitation governing a declaratory suit by a reversioner to challenge the widow's alienation. If the property was ancestral of the husband and the contesting reversioner, there can be no doubt that (Punjab)* Act I of 1920 is applicable and the period of limitation is six years. Held, (1) that under S. 8 of the Act, the daughter could not take advantage of the declaratory decree obtained by the collaterals, as she had no *locus standi* to impeach the alienations in question, and consequently her suit was incompetent; (2) that even if she could take advantage of the declaratory decree obtained by the collaterals, her suit was barred by limitation under Art. 2 (*b*) of the Schedule to the Punjab Limitation Act, as in view of S. 7 of the Act, the suit should have been instituted within one year after the Act came into force; and (3) that the suit was governed by Art. 2 (*b*) of the Punjab Limitation Act and not by Art. 144 of the Indian Limitation Act. A childless proprietor made an adoption and subsequently effected a gift in favour of the adopted boy. In a suit by the collaterals, both the adoption and the gift were declared invalid by the lower Courts but the High Court on second appeal confirmed the invalidity of the gift and declined to go into the question of adoption as there was not the requisite certificate under S. 41 (3), Punjab Courts Act. On the death of the proprietor, the reversioners sued for possession of the properties. It was contended that they had to file a suit for declaration under S. 7, Limitation Act, and then only they could sue for possession.

Held, that the decision of the lower appellate Court regarding adoption had become final, that the reversioners had already the declaration both as regards adoption and gift and that their suit was governed by Art. 2 (*b*) and not by S. 7.

Held further, that the principle that if there are several points before a Court of appeal and that Court chooses to decide the appeal on a certain point, leaving the other points undecided, then the question involved in those other points remains open and would not be subject to the rule of *res judicata* and it would be open to the parties to re-agitate such questions as have been left undecided, did not apply to the present case. A widow was in possession of her husband's property after her husband's death. Application for mutation in his favour filed by a person who alleged to be the appointed heir of the deceased was dismissed, but he did not file any suit for possession of the properties as the alleged appointed heir. Subsequently the widow remarried and there was a forfeiture of her life estate whereupon a collateral got mutation effected in his favour. But on objection of the appointed heir mutation was effected in his favour and he got possession of the property. Thereupon the collateral filed a suit for declaring the mutation order ineffectual, but beyond six years after the appointed heir had set up right as alleged appointed heir.

Held, that the suit could not be regarded as one to set aside the alleged appointment of heir. As the alleged appointed heir failed to sue for possession within six years when his right as alleged adopted son was interfered with, his right became extinct and that thereafter he was merely a trespasser and as such collateral's suit was not barred. PUNJAB LIM. (CUSTOM) ACT (1920), Sch. I, Art. 1.

———**S. 8**—*Declaratory decree obtained by reversioner—Daughter, if can take advantage of.*

Under S. 8 of the Punjab Limitation (Custom) Act, a declaratory decree obtained by a reversioner enures for the benefit of all persons entitled to *impeach* the alienation. (*Bhide and Din Mahomed JJ.*) MUKHA SINGH *v.* RAM KISHAN. **154 I.C. 988=7 R.L. 622 =37 P.L.R. 353=A.I.R. 1934 Lah. 725.**

———**S. 8**—*"Entitled to impeach alienation"—Meaning of.*

From the words "entitled to impeach the alienation" used in S. 8, it appears that the legislature intended to include those persons only who possessed *in praesenti* any right to challenge the alienation and to exclude those who either possessed no such title or, having possessed it, had lost it by their own act or by operation of law. A right once lost cannot be regained and any decree obtained by those whose right subsists cannot entitle those who have lost their right to obtain possession on the basis of that decree. By no stretch of language therefore can the word "entitled" be taken to include those whose title is not alive. Hence where, at the time of the previous suit, the plaintiffs in the subsequent suit had lost their rights, the plaintiffs in the former suit could not be considered to have claimed the right in common for themselves and for the other reversioners and as such the previous suit is not a representative suit within the meaning of S. 11, Expl. 6 and therefore the finding arrived at therein cannot be *res judicata* in the subsequent suit as the plaintiffs in this suit cannot be said to have been claiming under plaintiffs in previous suit. Certain shopkeepers sued to restrain the Municipal Committee from leasing portions of the public street in front of their shops to hawkers for selling their goods. Subsequent to the institution of the suit, the Municipal Committee was empowered by amendment in the Act to lease portions of the public street. The plaintiffs contended that as the Municipal Committee had no such power on the date of the institution of the suit, it could not do so.

Held, that no injunction could be granted as the injunction was to operate in the future and the Municipal Committee had been empowered to lease portions of public street.

Held also, that the view from the plaintiff's shops had been obstructed did not constitute nuisance which could be made the basis of claiming relief. (*Bhide, J.*) CHANDER BHAN *v.* MUNICIPAL COMMITTEE, REWARI. **153 I.C. 777 (1)=7 R.L. 456=A.I.R. 1934 Lah. 986 (1).**

In order that S. 170 may apply, the Municipal Committee must prove the following matters: (1) That a permission in writing was granted; (2) that it was for the temporary occupation of any street or land vested in it; and (3) that the purpose for which it was granted was one of the three specified purposes mentioned in the section, that is to say, deposit of any building materials, making of any temporary excavation or making an erection thereon, that is to say, the erection by the person to whom the permission is granted. Where there was no permission in writing by the Municipal Committee and the permission was merely for the occupation of a structure constructed by the Committee and the purpose was to give more business area to the occupants of certain shops.

———**S. 193**—*Sanction under—Committee, if debarred from asserting its private rights.*

Appellant applied to the Committee for sanction to open a number of doors in the wall bounding this property. The Municipal Committee omitted to pass any orders with the result that after the lapse of two months, sanction was deemed to have been given under S. 193. Accordingly after two months appellant opened certain doors. The Committee then issued notice to him under S. 195 to demolish them but he appealed to the Deputy Commissioner who accepted his appeal on the ground that under S. 193 the Committee was deemed to have sanctioned the doors. A short time afterwards the Committee erected a wall close to and in front of the doors which effectually masked them.

Held, that the sanction of the Committee under S. 193 was only necessary on sanitary and general public grounds and a sanction so given did not prevent the Municipal Committee from taking any steps which it thought fit, in order to assert its rights to its own private property and that as the wall in which the doors were built and the land on which the doors were open were both the property of the Committee, the Committee was not prevented from so doing by the implied sanction. ———**S. 15**—*Town or village—Test.*

A very important test as to whether a place is a town or a village is the presence or absence of a substantial bazaar and the avocations of the majority of the inhabitants. Though there are many features which may be relied upon as distinguishing a town from a village, there can be little doubt that a group of residences of a compact agricultural community form a village, whilst a large group of houses inhabited largely by a heterogeneous population dependent upon trade, rather than agriculture, and in which relationships are contractual rather than customary, will, if of sufficient size, form a town.

Held, on evidence that Thal was a town. Hence there can be no right of pre-emption in respect of sale of land situated within that town. (*Middleton, J.C.*) WALI SHAH *v.* GULAB KHAN. **157 I.C. 769=8 R.Pesh. 38=A.I.R. 1935 Pesh. 114.**

Where immoveable property is acquired by a female through her husband, son, brother or father, the right of pre-emption of sister's son of last male-holder has to be determined by the fact of his being heir of last male-holder and not to the female vendor for he, as a distant kindred, is a recognized heir according to Mahomedan law and his chances of succession are within a measureable distance. PUNJAB PRE-EMPTION ACT (1913), S. 16.

The law of pre-emption is highly technical and a plaintiff co-sharer, before he can succeed, must show that his right existed not merely at the date of sale, before he went to Court, but also while the case was being actively prosecuted before the Court and in fact right up to the time when the Court passes the decree. Where, therefore, the plaintiff ceased to be a co-sharer in the land in respect of which he had brought pre-emption suits by reason of a parallel litigation, his suits must fail. 45 All. 709, Foll. There is no legal objection to a plaintiff withdrawing his deposit even without the leave of the appellate Court and yet prosecuting his appeal. It would not be fair that he should be so debarred, for in some provinces several years may elapse before an appeal is decided and the unsuccessful pre-emptor therefore loses interest on his money for all the years during which the money is held in Court. Nor, if he succeeds on appeal, has he any legal claim to recover damages from any of the parties. The rule of total abatement is a highly technical rule and should not be applied unless strictly necessary. On the death of *B* who had mortgaged a certain land to the plaintiffs, the land descended in three shares, one of which was mutated in favour of each branch of defendants. There was no partition among the defendants and they obtained on an application for redemption to the Assistant Collector an *ex parte* decree for possession on payment of Rs. 695. The plaintiffs brought a suit for declaration that the land could be redeemed only on payment of

Rs. 1,895. One of the defendants died after the institution of the above suit and his representatives were not brought on record within time and there was no application for extension of time.

Held, that as no declaration can be made defining the rights of the plaintiffs against the surviving defendants without reference to the share of the deceased defendant, the Court had to reluctantly apply the rule of total abatement and the suit had abated in toto.

Held also, that as a result of one of the defendant's death the Collector's order had become final in respect of the share which belonged to him. (*Broadway, C. J. and Monroe, J.*) PALA MAL NARAIN DAS *v.* MAHOMED ALI. **I.R. 1933 Lah. 344=143 I.C. 364=34 P.L.R. 1046= A.I.R. 1933 Lah. 129.**

———**S. 12**—*Suit under—Defendants claiming derivative title from mortgagor—Proof of their title—Right of mortgagee to insist upon.*

In litigation arising out of proceedings under Punjab Act, II of 1913—as in a suit for redemption—a mortgagee can put the party, who seeks to redeem the mortgage, to proof of his title, unless of course such person is the original mortgagor whose title the mortgagee cannot deny on the principle that a grantee cannot deny the grantor's title. ———**S. 12**—*Suit under—Nature and scope of—Applicability of O. 34, C. P. Code—Co-mortgagees with divisible interest—Death of one—Suit does not abate* in toto.

A suit under S. 12 is really one to get rid of the order passed by the Collector allowing, or refusing to allow redemption. It is a suit to establish the erroneous nature of the order. It is not in form or in substance a suit for redemption. The provisions of O. 34, C. P. Code, relating to the impleading of parties to a suit for redemption do not apply to it. Where, therefore, the revenue entries show that the five plaintiffs are co-mortgagees, each holding a well-defined and divisible share, each of them is "aggrieved" by the order of the Collector and under S. 12 possesses an individual right to establish the erroneous nature of the order. So on the death of one of the plaintiffs and the failure to bring on record his legal representatives in time, the suit does not abate *in toto* but only *qua* the share of the deceased plaintiff. Held, that there was nothing in the evidence to show that there had at any time been both a Gurdwara and another institution within the same boundary walls, all the buildings having been used together and treated throughout the existence of the institution as a single entity, and that it was absurd to suggest that the noified Sikh Gurdwara consisted of one room where the Granth Sahib was kept, and that the remaining buildings were the private property of the line of mahants or belonged to a separate institution.

Held also, that the documents on the record showed that the original grant of land was made for the upkeep of the institution and the produce had been applied for that purpose, and therefore the institution was the owner of this property and that the office-holders never before claimed it as their property and they administered in their capacity as office holders (*Addison and Monroe, JJ.*) PREM DAS *v.* SHIROMANI GURDWARA PRABANDHAK COMMITTEE **6 R.L. 662=149 I.C. 267=A.I.R. 1934 Lah. 602.**

The proceedings taken in connection with the consolidated list were most misleading and defective. The village shamilat was included therein and the village proprietary body was in possession of it. Notice was sent to two persons who were alleged to be in possession. They did not claim the shamilat and a suit by the Gurudwara Committee under S. 28 was decreed under S. 30 (*ii*).

Held, that there was nothing to put the villagers on their guard that the whole shamilat was being claimed and consequently the Court should not decide the claim merely because they did not make a claim in a petition under S. 5 of the Act.

Held further, that under S. 32 the Court should frame an issue in respect of the claim and forward the record to the tribunal and that the Court should dispose of the suit on receipt of the decision of the tribunal. (*Addison and Currie, JJ.*) BISHNA *v.* COMMITTEE OF GUR-

PUNJAB SIKH GURDWARAS ACT (1925), S. 12.

The (Sikh) Tribunal held the institution of the Gurudwara Nawin Badshahi as Sikh Gurudwara. The office-holder of that Gurudwara claimed the endowed property as personal and petitioned to the tribunal under S. 10. When petition was heard by the tribunal, an appeal against its decree (declaration as Gurudwara) was pending in the High Court and the Gurudwara had therefore not been notified as a Sikh Gurudwara.

Held, that the fact that the necessary notification was not issued was immaterial since the High Court confirmed the decree and therefore tribunal could dispose of the petition.

Held, also that the entry of the property in the Wajib-ul-arz and in the settlement record as muafi, the repeated admissions by the holders of it that the income of the land was spent on the Gurudwara and the fact that the original dedication of the land was for the Gurudwara proved that the property was endowed property belonging to Gurudwara and not personal property of the office-bearers. The intention of S. 15 is to allow the Tribunal to consolidate rival or conflicting claims, if convenient, and to furnish a means of getting respondents or objectors to contest petition and thus to permit of petitions being tried as suits because the petitions themselves name no objectors. Unless the first proviso to sub-S. (2) of S. 30 of the Act applies, the suit under S. 28 must be automatically decreed. In order to come within this proviso the claimants against Gurudwara have to prove want of knowledge of the fact that their right, title or interest had been included in the list published under the provisions of sub-S. (2) of S. 30; that their failure to make the claim under S. 5 was due to want of this knowledge and that they could not by the exercise of reasonable diligence have come to know of the fact that their right, title or interest was so included. In such a case the question of title has to be decided between the parties and the proper procedure is for the Court to frame an issue and forward the same to the Sikh Gurudwara's tribunal. ——S 69—*Scope—Tenant's right to compensation.*

What S. 69 means is that a tenant who has broken up land thereby gains a peculiarly privileged status which entitles him to compensation for disturbance; that means for being disturbed and for nothing else. This is in addition to any compensation due for improvements, including the very improvement of breaking up the land. (*Irving, F.C.*) HOSHNAK RAI *v.* GHULAM MUSTAFA. **11 Lah L T. 116.**

——S. 70—*Ejectment suit—Tenant's claim for compensation—Duty of Court to direct.*

It is mandatory under S. 70 that in a suit to contest ejectment the Court should direct the tenant to file a statement of his claim to compensation. The Financial Commissioner can interfere of his own mere motion to enforce S. 70 where the lower Courts have overlooked the provision. (*Miles Irving, F.C.*) FATEH SINGH *v.* KHUSHI MOHAMAD. **35 P.L.R. 428.**

——S. 70—*Scope.*

S. 70 is mandatory and the Court is bound to determine the question of compensation before the ejectment decree is allowed to be put in execution. (*Miles Irving, F.C.*) KHUDU *v.* SHER KHAN. **13 Lah.L T. 14.**

——S. 70 (2)—*Mandatory provisions—Non compliance—Interference.*

Under S. 70 (2) if a Court decrees ejectment of a tenant the Court is bound to determine the amount of compensation due to the tenant; where the Court ignores the provisions of that section the order can be set aside on ground of material irregularity. (*Irving, F C.*) BISHAMBAR LAL BASHESHAR LAL *v.* RAM CHANDAR. **11 Lah L.T 89.**

——S. 74—*Scope.*

S. 74 is intended to provide for the cases in which in spite of the provisions of the law a tenant has been actually ejected and it does not absolve any Court from preventing ejectment taking place before compensation has been paid. (*Miles Irving, F.C.*) KHUDU *v.* SHER KHAN. **13 Lah.L T. 14.**

PUNJAB TENANCY ACT (1887), S. 77.

——S. 77—*Amount of rent—Determination—Jurisdiction of Civil Court.*

A Civil Court is precluded from determining the amount of rent due from a lessee to a lessor by S. 77. And the mere fact that the lessee was proceeded against *ex parte* and that as a witness he admitted a certain sum to be on this head, cannot possibly confer jurisdiction upon the Court which it would not otherwise possess. ——Ss. 77 and 88—*Attachment of land in execution of rent decree—Release of, on objection—Suit by decreeholder—Jurisdiction of Revenue Court.*

Where in execution of a rent decree a certain land was attached but on intervention of an objector, the land was held not liable to attachment, a suit by the decreeholder to determine the rights between the objector and himself is not one which the Revenue Court, the jurisdiction of which is strictly limited, is competent to entertain under S. 77 of the Punjab Tenancy Act. Having regard to S. 88 of the same Act and the rules made thereunder, O. 21, Rr. 58 to 63, C. P. Code, apply to the case and the matter could only be determined by a suit under O. 21, R. 63 brought in a Civil Court. ——**S. 77 (3)**—*Suit for rent by assignee of mortgagee—Jurisdiction of Civil Court—Erroneous exercise—Correction.*

The points which arose for determination in a suit by an assignee from the mortgagee for rent were: (1) Whether the defendant is the mortgagee and if he had assigned his rights; (2) whether the mortgagee made over the lands to others for cultivation on payment of *batai*; (3) whether the cultivators were owners or were liable to render any produce to others.

PUNJAB TENANCY ACT (1887), S. 77.

Held, that the points were more appropriately determinable by a Civil Court and that if they would be wrongly decided, action could be taken under S. 100 and the decrees registered as those of a Revenue Court. ———**S. 77 (3), Provisos (1) and (2)**—*Applicability—Suit for possession by occupancy tenant—Landlord pleading extinction of occupancy rights—Jurisdiction of Civil and Revenue Courts—Test.*

The plaintiff's father sold an occupancy holding to certain persons. The landlords sued in the Revenue Courts for ejectment of the vendees on the ground that the sale was voidable at their instance. They obtained a decree from the Revenue Court and in execution of that decree the vendor as well as the vendees were evicted from the tenancy. The plaintiffs sued in the Civil Courts for possession of his occupancy holding on the ground that he was entitled to be restored to possession after the sale had been set aside. The landlords pleaded that the occupancy rights had become extinct and that issue was triable by the Revenue Courts.

Held, that if it was necessary to decide the issue raised by the landlords, S. 77 (3), proviso (1) applied and the plaint should be returned for presentation to the Collector and the Revenue Court would have to decide the suit. If, however, the suit can be disposed without going into the question exclusively triable by the Revenue Court, the Civil Court may decide the suit. Where the point for decisions is not the nature of the tenancy but whether the defendant is related to the deceased and if so whether their common ancestor had occupied the land so that if those facts were proved the claimant should *ipso facto* be entitled to succeed to the occupancy tenancy, the suit is cognizable by a Civil Court and the prohibition under S. 77 (3) (*d*) has no application. ———**S. 77 (3) (d)**—*Scope — Question if deceased tenant had abandoned his rights — Jurisdiction of Civil Court.*

The question whether a deceased tenant had or had not abandoned his rights does not come within the terms of S. 77 (3) (*d*) of the Punjab Tenancy Act and the jurisdiction of the Civil Court is not, therefore, ousted when the landlord takes the plea that the tenancy right of the predecessor of the plaintiff had been abandoned and his occupancy rights thereby extinguished. ———**S. 77 (3) (e)**—*Persons occupying houses in abadi—Suit for ejectment—Jurisdiction of Civil Court.*

The plaintiff instituted a suit in the Court of the Assistant Collector for ejectment of the defendants alleging that they had settled the defendants in houses constructed by them, that the latter in lieu of rent agreed to supply them Kallar which they intended to utilize as manure for their agricultural lands and that they had not performed the conditions on which the houses were given. The houses in dispute were situated in *abadi chak* and the land on which they stood was classified as *gairmumkin abadi*. The defendants had no other land in their possession for cultivation along with the houses.

Held, that defendants did not hold land under the plaintiff for agricultural purposes and that the suit was maintainable in the Civil Courts.

(*h*) of S. 77 (3), where such holding had been mortgaged by the last holder in favour of one of the defendants. The fact that the issue affected only one of the defendants is immaterial, for according to the proviso to S. 77 of the Act, as soon as the Civil Court finds it necessary to decide *any* matter which is cognizable exclusively by a Revenue Court under S. 77 (3), its jurisdiction is ousted and the whole suit becomes triable by a Revenue Court. In a suit for rent on the basis of a lease, if the lease not properly proved, it is still open to the Court to pass a decree against the defendant as a tenant-at-will or by way of damages for use and occupation as prescribed by S. 14 of the Punjab Tenancy Act; for the minor relief is inherent in the claim for the higher and it is incumbent on the Court to grant the same, though the plaintiff does not specifically claim it in the plaint. Jurisdiction should be determined by the allegations in the plaint as interpreted by reference to the document put in therewith by the plaintiff. In a suit by the mortgagee for possession of the mortgaged land or for return of money, it was found from the allegations in the plaint, that the intention of the parties was, that there should be a simple mortgage accompanied by collateral security, and that the mortgagor was to remain in possession of the property, and the mortgagee was to receive rent in kind as consideration for his advance.

———**S. 100**—*Applicability—Objection to jurisdiction by virtue of the defence.*

S. 100 applies to all cases in which a Court, whether civil or revenue, has determined a suit which it had no jurisdiction to entertain. It is immaterial whether the objection to the jurisdiction of the Court could be raised initially on the institution of the suit or whether it came into existence on the pleadings of the defendant. In either case from the stage that the objection to jurisdiction comes into existence the Court ceases to have jurisdiction to entertain the suit and if it continues with its determination than S. 100 would empower the High Court to take action provided the other conditions laid down in S. 100 are satisfied. Railway receipts pass from hand to hand and are generally regarded as equivalent to documents of title; and an endorsee of a railway receipt from the consignor in whose name it is made out is entitled to the delivery of the articles covered by the receipt The Railway Company is not justified in delivering the goods to any one else without production of the receipt, even though the consignor sends a telegram (which is not confirmed) directing delivery to such other person. To so deliver the goods without the production of the receipt on the mere basis of an unconfirmed telegram and without any explanation for the non-production of the receipt is a clear breach of duty on the part of the Railway Company; and in the absence of sufficient proof of justifying circumstances absolving them from liability, the company is liable to the endorsee or holder of the railway receipt for the value of the goods covered by it. ———**S. 72**—*Damage to goods—Risk note Form "H"—"Misconduct"—Meaning of—Consignment getting wet—Damages—Liability of Railway Company—Non observance of rules—Effect of.*

In a suit for damages against a Railway Company, in respect of consignments of goods carried by the railway, which got wet by rain water entering into the wagons which were either leaky or were not securely closed and made water-tight owing to the negligence of the Railway Company and its servants, when it is found that the company's servants have acted in violation of the rules in connection with the consignments the Railway Company is guilty of misconduct and cannot be absolved from liability for the damage, though the consignments are covered by risk-notes in Form "H". "Misconduct" is not term of art. In ordinary parlance it means management or mismanagement, and it is often used quasi-specifically in the sense of malfeasance of culpable neglect of an official in regard to his office. It is sometimes used to connote moral obliquity; but there is little reference to ethics when misconduct in railway risk notes is taken to mean the doing of a wrong thing; such misconduct may or may not be wilful. An unexplained and habitual failure to act in a accordance with the rules or standing orders obviously designed to prevent damage by wet to goods in transit certainly amounts to misconduct, and the company must be held liable in such case. The plaintiff firm depatched certain consignments of apples to Bombay from their place of business at Rawalpindi and booked them under Risk note H. They sued the Railway company for damages on the ground that the Railway Administration at Rawalpindi did not despatch the consignments by the Frontier Mail as was always done, and that in despatching them by the passenger trains they caused an unreasonable delay in the delivery of goods at Bombay and that as the price of apples had fallen down, the consignments did not fetch the price they would have otherwise done.

Held per *Din Mohammad, J.*—That the word "deterioration" as used in the Risk-note included depreciation in value on account of detention or delay in delivery but that the Railway Administration was under no obligation to the plaintiff firm to carry its goods by the Frontier Mail in view of Rule 19 of the coaching tariff, and as no misconduct had been established against the Railway Administration's servants, the company was protected by the Risk-note H.

Held, per *Bhide, J.*—That the word "deterioration" could not be held to cover depreciation of value due to all in the market price and therefore the company could

Certain tins of ghee were consigned to a Railway Company for carriage over it under a risk-note in Form H, which exonerated the company from all liability for loss or damage except on proof of misconduct of the servants of the company. In case of non-delivery or short delivery, not being due to accident or fire, the company was bound to disclose to the consignor how the consignment was dealt with while in the possession or control of the company. The tins were placed in a wagon which was sealed and rivetted as part of a through consignment. The wagon was intact at one of the intermediate stations, but at a station further off, the off-side of the wagon was open, the seal removed and some of the contents missing. In a suit by the consignor for damages for short delivery against the company,

Held, that the company had done all that they were bound to do to ensure the safety of the consignment, that no misconduct on the part of the company's servants could fairly be inferred from the facts proved, and that they were not liable to the plaintiff for damages.

Held, further, that disclosure on the part of the company as required is the risk note did not mean that the company should, in the case of a through consignment, be prepared to give evidence as to the condition of the wagon at any intermediate stage of the journey, and the burden of proving misconduct lay on the plaintiff. The plaintiff consigned a bale of dates weighing 9½ maunds for being sent to a certain destination. The bale never reached its destination and was found missing when the train arrived. It was proved in an action on risk note Form H that the wagon in which the goods had been placed was secured on one side by an "Ellis patent lock" and on the other by an ordinary lock. The station was on the latter side and it was shown that one of the rings to which the lock was attached was broken and that the bale was missing,

Held, that the bale was removed owing either to deliberate misconduct of the railway servants in the shape of standing by or helping in the theft or at any rate in so neglecting the wagon to make the theft possible and that the Railway Company was liable in damages for the misconduct on the part of some servant of the railway administration. RAILWAYS ACT (1890), S. 72.

It cannot be laid as a proposition of law that the consignor loses his title in the goods as soon as he makes them over to the Railway Company for delivery to the consignee at another station. It depends on the circumstances of each case. Where, therefore, a consignment of perishables, damaged by fire, were in such a condition that they could not stand further journey and the Railway Company after consultation with the consignor sold them at once.

Held, that the Railway was not guilty of any misconduct either for not having consulted the consignee or for having disposed of the consigement, when further delay would have meant the total destruction of the consignment. In a suit for damages against a Railway Company for loss of goods consigned, what has to be shown is the misconduct of the Railway servants. There is no difference between misconduct and "wilful" misconduct. The word "wilful" is redundant. Negligence is different from misconduct. Merely because the Railway Company seals the waggons and do not lock them as required by the rules, it cannot be said that there is misconduct giving rise to liability. ———**S. 72**—*Negligence—Burden of proof.*

The burden is always on the consignor to prove that the damage was caused by negligence of the bailee or his servants. In doing so, it is open to the consignor to ask the Court to draw a presumption against the bailee for failure to call material witnessess who had to deal with the goods while in his custody. But when such evidence is led, it is for the Court to decide whether an inference can be drawn in favour of the consignor or not; of course in fit cases it is open to the Court to draw a presumption of negligence from the fact of loss or damage to tha goods, if there is no evidence to explain the circumstances under which the loss or damage was caused But that is something different from saying that the burden is on the bailee to prove want of negligence. Whether in any particular case the Court will infer negligence must therefore necessarily depend upon the facts of such case. A. I. R. 1917 P. C. 173, Rel. on. (*Rupchand, A. ———**S. 72**—*Negligence—Compensation claimed due to leakage—Burden of proof—Leaks not discernible on inspection—No negligence.*

Where compensation is claimed on account of damage by rain water leaking through holes in a wagon, the plaintiff must establish the positive evidence that it was owing to the defective state of the wagon in which the goods were loaded that the injury was caused. By merely proving that when the wagon reached its destination, it was found in a defective state, he does not discharge the onus which lies heavily upon him to prove misconduct by the servants of the railway company. When there are leaks in the roof of a wagon which is not discernible on inspection at the time the goods are loaded and these givinig way during the course of the journey, the goods in the wagon are damaged by rain-water, no negligence of railway servants is established. ———**S. 72**—*Negligence—Risk-note Form B—Wilful neglect—Wagon sealed but not locked—Inference.*

The question of wiful neglect is one to be determined in the light of the cirumstances of each case. It cannot be laid down as a hard and fast rule that the mere fact that the wagon was sealed and not locked constitutes wilful neglect within the meaning of Risk-note B.

Per *Shadi Lal, C. ———**Ss. 72 and 76**—*Negligence—Standard of care—Negligence of Company servants—Loss of goods in fire accident—Liability of railway company.*

The standard of care required of a bailee cannot be formulated as an inflexible practical rule applicable to all cases. The general principle is that the bailee should take such care as a man of ordinary prudence would take of his own goods. The bailee is liable for the servant's acts done during the course of employment. The conduct of the Railway administration with reference to such consignments in general and the suit consignment in particular should be considered. The Court has to see whether the company took the necessary steps to obviate the risk of loss and whether they took adequate measures for protecting the goods when such risk had already happened.

In suits for damages for non-delivery of goods entrusted to a Railway Company, the primary question is whether the Company has taken as much care of the goods as a man of ordinary prudence would under similar circumstances take of his own goods of the same description. As regards burden of proof, S. 76 does no more than take away from the plainiff a burden which in any case lies upon the defendant under S. 106, Evidence Act, *viz.*, to prove facts which are within his special knowledge. It is for the defendant to place all the materials before the Court and if there is a failure on the defendant's part in this respect the plaintiff may ask the Court to presume that if produced such materials would have gone against the defendant. It is only in that case that he is bound to re-lock it before any train is allowed to enter the station yard. Where, therefore, a Station Master who unlocks a permanent point fails to reset it before he is relieved by the assistant Station Master and omits to inform the latter or to note that he has allowed the point to remain unlocked in the Journal or Diary kept in the Station, in which these matters are noted, the assistant Station Master cannot be said to have had notice that any permanent point has remained unlocked even though he would have discovered it if he had gone on a visit of inspection before taking over the charge and it is very doubtful whether according to the rule as it stands, he can be said to be guilty of having disobeyed it. The term 'gross value' means the annual rent which a tenant might reasonably be expected, taking one year with another, to pay for an hereditament, if the tenant undertook to pay all usual tenant's rates and taxes and tithe, the commutation rent charge, if any, and if the landlord undertook to bear the cost of the repairs and insurance, and the other expenses, if any, necessary to maintain the hereditament in a state to command that rent. This definition may be taken as denoting the meaning of gross annual rent in S. 80 (2). The Corporation in levying license fees under S. 178 (3) arrived at the total amount of the cost which was to be covered by the sums payable by all the private markets. This total sum they divided among all the private markets in proportion to their respective assessable values. The sums so arrived at were in the case of each private market, a percentage, and in each case the same percentage of its assessable value. A sum which represented that percentage was then charged to each private market as its licence fee for the right to keep it open for a year.

Held, that the licence fees which were charged were fees charged at a rate fixed by the Corporation within the meaning of S. 178 (3) and validly charged under the powers conferred upon the Corporation by that section. ———**S. 87**—*Sale of goods by Commissioner though charges have been paid—Liability of Commissioner.*

The Rangoon Port Act does not impose on the owner a duty to remove his goods prior to the date fixed for the auction; it imposes upon him solely a duty to pay the charges to the Commissioner. When the charges have been paid, the right of sale under S. 87 ceases to exist. Further it is open to the owner to pay the Commissioner's dues at any time up to the last moment before the sale and when the dues have been paid, it is the Commissioner's duty and not the duty of the owner to see that the goods are withdrawn from sale. The fact that the owner gratuitously takes upon himself to remove the goods prior to the date fixed for the sale does not impose upon him a legal duty to do so. When the goods are sold, even though the charges due to the Commissioner have been paid before the date of sale, the sale takes place by the default of the Commissioners and consequently under S. 161, Contract Act, the Commissioner is responsible to the owner for the value of the goods. A & Co. brought a suit for arrears of commission due to them on the price of the coal supplied by the defendant firm to the E. I Railway. The first defendant was the firm of the owners of the Colliery. *D* the second defendant was the receiver and manager of the Colliery appointed by Court and subsequently discharged. Prior to the appointment of *D*, the first defendant firm had appointed the plaintiff their agent for the sale of coal and agreed to pay him commission therefor. In pursuance of the contract, coal was supplied but the course of business actually adopted was that the Colliery supplied the coal to the E. I. Railway and the latter paid the Colliery directly without any reference to the plaintiff. The lower Court passed a decree for the amount claimed against the second defendant personally.

Held, the receiver was not personlly liable. The contracts had been entered into by the firm before the receiver manager was appointed, and not on the faith of the credit of the second defendant and so the remedy of the plaintiff was against the Colliery alone. *Parsons* v. *Sovereign Bank of Canada*, (1913) App. Cases 160, Ref. *Moss Steamship Co., Ltd.* v. *Whinney*, (1912) App. Cases 254; In re *London United Breweries Ltd.*, (1907) 2 Ch. ——**S. 17 (1) (b)**—*Acknowledgment—"Declare"—Meaning—Document purporting to be mortgage-deed—Evidence as to acknowledgment.*

The word "declare" is used in Cl. (*b*), S. 17 in the same sense as the words "create", "assign," "limit" or "extinguish", namely, as implying a definite change of legal relationship in the property by an expression of the will of the executant embodied in the document. It implies a declaration of will and not a mere statement of fact. Where before the expiry of the period of limitation for a suit to recover a mortgage debt, the mortgagors executed a document described as a mortgage deed in favour of the mortgagee in which they acknowledged an earlier mortgage in respect of the property and the document was signed by the mortgagors but not registered;

Held, that the document was admissible in evidence for the purpose of proving an acknowledgment by the mortgagors of the pre-existing mortgage. The reference to the earlier mortgage was a mere recital of a pre-existing fact and therefore it was exempt from registration. According to the terms of a deed of mortgage executed on 10th July, 1911, money was payable within five years and, if it was not so paid, the mortgagee was entitled to take possession as owner of the house. The mortgagee however did not take possession of the house and on the 9th March, 1927, the mortgagor made an acknowledgment in plaintiff's bahi to the effect that interest on the mortgage debt had been paid up to date and that a sum of Rs. 950 was due under the registered mortgage deed.

Held, that the mortgagee was not entitled to recover the mortgage debt by sale of the property on the strength of the acknowledgment, that the acknowledgment did not amount to a novation of contract and that being unregistered, could not by itself create a fresh charge on the property. Adoption deed.

——**S. 17 (1) (b)**—*Adoption deed—Construction—'Declare.'*

The words 'declare an interest' imply definite change of legal relation to the property by an expression of will. So a deed of adoption which is only a recital of an act of adoption which has already taken place is not the expression or declaration of will by which the right is constituted and so is not compulsorily registrable. Further it is not the adoption deed which confers the status of an adopted son or any interest in the property of the adoptive father but the adoption itself. ———**S. 17 (1) (b)**—*Award—Award that on default of payment of amount, other party will have right to realize same by sale of mortgaged property—Registration, if necessary.*

A person dealing with property which is duly mortgaged is presumed to know that the property is liable to be sold in discharge of the debt, and it is immaterial whether the property is sold in execution of a mortgage decree or in execution proceedings taken to enforce an award passed in respect of the mortgage deed as a decree. The non-registration of an award of this kind does not therefore in any way prejudice a person who deals with the property with knowledge of the registered deed of mortgage. Hence where an award declared that in the event of the non payment of the amount awarded, the other party will have a right to realize the same in execution proceedings by the sale of the mortgaged properties and the mortgage was created by a prior registered document.

REGISTRATION ACT (1908), S. 17.

The word "declare" as used in S. 17 must be construed in the same sense as the preceding words "create", "assign" etc. and the declaration does not mean "merely a statement of fact," but it must by itself bring about some definite change of relation to the property, by an expression of will embodied in it. Movables and immovables.

———**Ss. 17 (1)(b) and 49**—*Movables and immovables—Deed transferring immovable and movable property—Non-registration—Effect of.*

Where movable as well as immovable property is transferred by a document for a single consideration, which document, though compulsorily registrable in order to affect the immovable property, is not registered it is equally ineffectual to affect movable property, the reason being that the document embodies one transaction for one consideration and there is no separate transaction concerning the movable property. The document is therefore inadmissible in evidence even as regards a claim in respect of movable property. Pending insolvency petitions in the High Court by two creditors against a firm, an agreement was executed by the partners of the firm and some of their creditors including the two petitioners under which, it was provided that the debtors should immediately pay a certain sum borrowed from a relation of theirs to the creditors and should then be allowed time for one year to pay off the balance of their debts. In default, certain immovable properties of the debtors were to be sold and the creditors were to be paid the balance due to them as also the relation who was to lend the amount to them. A charge was also created over the properties in favour of the creditors. Finally, it was stipulated that in case the creditors were not paid in full, they were free to recover the balance from the debtors personally or by recourse to any other properties which the debtors might possess. This agreement was filed in Court and the petitioning creditors applied to withdraw the petitions. The Official Assignee not objecting, they were allowed to be withdrawn.

Held, (1) that the agreement was not a composition deed so as to be exempt from registration under S. 17 (2) (i), as it made every possible kind of arrangement, including a final residuary right of suit to ensure that the creditors should be paid in full, (2) that it was also not a decree or order of Court under S. 17 (2) (*vi*), as it did not in any sense form part of the Court's order, and as the parties did not apply to the Court to record the terms of the agreement, although the Court no doubt considered it when examining the reasons why leave to withdraw was asked for, (3) that it fell under S. 17 (1) (*b*) as creating an interest in immovable property requiring registration and being unregistered was inadmissible in evidence. ——**S. 17 (1) (b)**—*Security bond to Court—Need for registration.*

A security bond executed in pursuance of an order of Court whereby the judgment debtor hypothecates his immovable property for satisfaction of the decree passed against him, falls within S. 17 (1) (*b*) of the Registration Act and cannot affect the immovable property comprised therein unless it is registered. The Courts' acceptance of such a bond merely indicates that the Court considers the security sufficient and does not give validity to the bond. In other words, the Court approves the substance not the form of the security, the execution of the bond being the mode and the bond the form in which the security is subsequently furnished. In such circumstances, it cannot be said that the execution of the bond is an act of the Court or " a step of judicial procedure," or that the Court merely by approving the substance of the sucurity tendered can, or purports to, convert the security bond—which by law is incapable of affecting the title to immovable property—into an operative, valid and admissible document of title. 31 Mad. 330, Foll.; 52 Bom. 72 and 15 Lah. 282 Not foll. *(Page, C.J. and Mya Bu, J.)* A. An agreement by which a partner assigns his interests in a firm owning immovable property in favour of another partner requires to be registered. On the dissolution of their partnership, the plaintiff and the defendant executed an agreement by which each of them assigned his interests in the partnership property mutually in favour of the other so that each of them acquired exclusive interests in the immovable property of the firms originally held by them jointly. By the same agreement, the defendant also undertook to pay the plaintiff a debt due from one of the firms to the other. The agreement was not registered and in a suit by the plaintiff to realise the debt,

Held, (1) on a construction of the agreement and the circumstances in which it was brought about, the agreement embodied the contract between the parties. It was not merely a document creating a right to obtain another not was it merely a memorandum of an agreement previously made. 50 I. A. 77 and 56 I.A. 363, Ref. to. (2) A partner, it is ture, has no right to any specific items of partnership property ; but a partner in a firm, the assets of which include immovable property, unlike a shareholder in a joint stock company, holds an interest in that property and a dissolution of partnership operates as a transfer of that interest. executed by the lessees only. But such a document can only be treated as a mere record of an agreement on which the lessor has agreed to lease the property to the lessee, not a lease properly so called. An indenture of lease signed by the lessee contained the following clause "that this lease will run for at least six months from date, and hence if the lessees happen to vacate the premises earlier, they will still be liable to pay rent for the full period of six months. After the expiration of six months the lessees may continue to occupy the premises at the aforesaid rent and on the terms noted in this indenture, as long as they may desire, provided they continue to pay their monthly rent strictly in advance . . . . . In case of the lessor happening to sell the building to anyone at any time after expiry of six months from this day, the lessees will be bound to vacate the premises on receipt of a month's clear notice for the same from the lessor."

Held, that the document provided for two agreements one of them being a lease for a period of six months binding on both parties, and the other an agreement permitting the tenant to continue in occupation so long as he wished but subject to his tenancy being terminated at the wish of the lessor in the event of the lessor selling the property; that it was not a lease for an indefinite period and did not require registration. The predecessor in title of the plaintiff leased certain lands to the predecessor in title of the defendant under a rent-note in the first instance for nine years. The rent-note was not registered. The defendant was put in possession and paid rent at a uniform rate to the plaintiff. In the record-of-rights from 1903 to 1920, the defendant's name was entered as a permanent tenant. In 1925 the plaintiff sued for ejectment It was contended for the defendant that he had acquired rights of permanent tenancy by virtue of the rent-note prescribing for a uniform rent and by adverse possession.

Held, that (*i*) as the rent-note required registration and was not registered, it could not affect any immovable property comprised therein; (*ii*) as the document was not admissible either to prove the terms of the contract or to show that it contained all the terms of the contract, the bar to the reception of other evidence under S. 91 of the Evidence Act did not arise; (*iii*) though, under S 135 J of the Bombay Land Revenue Code, an entry in the record of-rights must be presumed to be true till the contrary is proved, the presumption had been rebutted in this case by the plaintiff proving that the document relied on by the revenue officers in making that entry was inadmissible in evidence; (*iv*) the mere fact that the tenant had been paying rent at a uniform rate was no evidence of adverse possession; (*v*) nor was the plaintiff estopped because there was no representation that the acceptance of the rent would plea of permanent tenancy. REGISTRATION ACT (1908), S. 17.

The plaintiffs carried on banking business in Calcutta, S and Sons who were carrying on business in Calcutta owed money to the plaintiffs and as sureties for S and Sons, the defendants created an equitable mortgage on their own immovable property in favour of the plaintiffs by means of a letter, dated May, 1922 addressed to them stating that they had instructed their Solicitors to hand over the title-deeds "to be held by you as a security against advances you may make to S and Sons, Calcutta." At the date of this letter, the only interest the defendants had in the property was a right to get a lease of that property executed in their favour; and that lease was in fact executed in February, 1923. The question was if the letter of May, 1922, needed registration.

Held by Beaumont, C. J. (*Mirza, J.*, contra). The immovable property in question was the lease which at the date of the letter did not exist and so the letter could not have possibly created or declared any interest in property. The letter falls not within the operative words of S. 17 (1) (*b*) but within the exception contained in sub S. (2) of sub-para. (*v*). (*Beaumont, C. If by a decree of Court made on a compromise a transaction is had which has the effect of extinguishing the right of a party and declaring or creating a right in favour of another party in any property which is the subject-matter of the suit or proceeding, S. 17 (1) of the Registration Act would not hit that decree In a suit for a declaration of title and for possession on eviction of the defendants, the claim being based on a purchase from a *pro forma* defendant, the parties effected a compromise which provided *inter alia* : "plaintiff gets from defendant (10) (*pro forma*) a sum of Rs. 460 in all and in consideration thereof relinquishes in his favour all his claim arising under the *kobala* executed by defendant (10). The title of defendant (10) to the lands in dispute.....remains unimpaired and the plaintiff's claim thereto will be rejected." The suit was dismissed as a result of the compromise.

It is only necessary that the decree must be substantially based on the compromise so that the terms of the same must be deemed to have been read into the body of the decree. The deed of compromise may be copied out verbatim in the body of decree, or it may be attached to the decree by means of a schedule. If there is a clear reference to the compromise which was before the Court and which must be taken to have been an integral part of the decree in view of the language used, S. 17 (2) (*vi*) would apply and the document was not compulsorily registrable and was admissible in evidence though not registered. The circumstance that the decree is subsequently varied or reversed, might affect is enforceability but not its value as a "method" or proof of the terms of the transaction, which were embodied in it. REGISTRATION ACT (1908), S. 17.

The respondent filed in 1931 a suit against a person for the recovery of a sum of money. On his application certain properties were attached before judgment. Both the application and the suit came on for hearing on the same day. On that day the parties entered into a compromise and a decree was made embodying its terms, by which a charge was created in favour of the respondent for the sum decreed, over the properties sought to be attached. As regards the application, an order was made 'petition is dismissed'. After two years the present petitioner obtained a money decree in Small Cause Court against the same judgment-debtor and attached in execution the properties already mentioned. The respondent preferred a claim under O. 21 R. 58, C. P. Code, claiming valid charge over the properties. This contention having been upheld in the lower Court, questions arose whether it could be held that the properties in question were the subject-matters of the earlier suit of 1931 under S. 17 (2) (*vi*) of the Registration Act.

Held, that the consent decree should be deemed to have been as much a decree in the suit as an order in the petition; the use of the word 'dismissed' conveyed no more than that the petition had been disposed of by the decree made in the suit, and that, consequently, the property in question was the 'subject-matter' of a 'proceeding' within S. 17 (2) (*vi*) and that the consent order was exempt from registration. If the will confers an authority to the widow to adopt a son, the son subsequently adopted by the widow is a "person claiming under the document," even though the adopted son is not named in the document and the document by itself does not confer all the rights of an adopted son. The phrase "claiming under such document" in Ss. 71, 73, 77 and 23-A is intended to cover all the persons specifically enumerated in Ss. 32 and 40 and perhaps to include other persons not falling under the list of persons enumerated but certainly not to cut down the list. (*Ramesam and Cornish, JJ.*) SUDARSANA RAO *v.* SEETHARAMAMMA. **1933 M. W.N. 1148.**

———**S 23 A**—*Construction—"Person not duly empowered"—Meaning of—Includes persons not empowered at all.*

The section applies to all cases where the person presenting the document was not entitled to present it. Whenever the presentation by a person who (not entitled in his own right to present) has not got a proper authority of another to present the document is accepted, it is the case of a person not duly empowered to present. It may be that the section often comes to play when the presentation is by a person who purports to act as agent but without a power of-attorney but that does not mean the section is confined only to such cases. The section is on the face of it intended to cure a technical defect in the registration which though technical is also a vital defect. It applies to all cases where the person presenting the document for registration is one other than a person properly empowered, whether he

was one acting under a defective or imperfective power but not entitled at all to present it. (*Ramesam and Cornish, JJ.*) SUDARSANA RAO *v.* SEETHARAMAMMA. **1933 M.W.N. 1148.**

———**S. 23-A**—*Re registration—Objection to, on the ground of its being out of time—Presumption.*

The presumption of law is that all official acts are properly performed. It is for the Registrar before whom the re-presentation was made under S. 23 A of the Registration Act to satisfy himself that the representation was made within the proper time and if he proceeded to register the document the presumption is that he was so satisfied. (*Ramesam and Cornish, JJ.*) SUDARSANA RAO *v.* SEETHARAMAMMA. **1933 M.W.N. 1148.**

———**S. 23 A**—*Scope—Document registered as will—Will found invalid, but document good as power to adopt—Re-registration as power—Permissibility.*

All that the section requires before it can be applied is that the document which was erroneously registered when it was accepted for registration by the registration officer should be one requiring registration. There is no further condition in the section that the former presentation must have been made on the footing of the correct description of the document and the section is inapplicable if the former presentation was made on the basis of an incorrect description of it. The section does not say "a document requiring registration and presented for registration under its correct description." So where a document was originally registered a will, but as a will it was found to be invalid and valid only as a power to adopt, re-registration of the document as a power can be sought under S. 23 A notwithstanding the fact that it was originally presented for registration only as a will. (*Ramesam and Cornish, JJ.*) SUDARSANA RAO *v.* SEETHARAMAMMA. **1933 M.W.N. 1148.**

———**S. 23 A**—*Scope—Validity of registration disputed in suit—Appellate Court holding registration invalid—Period of four months—Starting point.*

The object of S. 23 A of the Registration Act is to enable parties to get technical defects cured and removed, and when a document is re-registered under the section, it takes effect from the date of the prior registration; and evidence of such re-registration can be produced in appeal or second appeal. When the validity of the registration is disputed in a suit, but the registration is held to be invalid only on appeal, the period of four months starts only from the date of the appellate decree, and if it is re registered within four months from that date, it is valid. ———**S. 28**—*Fictitious property included in deed to give jurisdiction—Validity of registration.*

The inclusion of fictitious property in the deed for the purpose of giving jurisdiction to the Sub Registrar is a fraud on the registry and the effect is that there is no proper registration. ———**S. 28**—*Fraud on Registration law.*

The word "fictitious" used in 41 Cal. 972 (P.C.) is not confined to non-existing properties. It is satisfied if the deed does not "relate" to a specified property for any effective purpose of enjoyment or use. An insignificant item of property included in the sale-deed was of no value, both in respect of the interest taken in it and in respect of its complete inaccessibility; it was incapable either of being utilized or enjoyed by the purchaser; the vendor refused to include in the sale any property to which these disadvantages did not attach in the place where registration was effected.

REGISTRATION ACT (1908), S. 28.

Held, that one of two inferences alone was possible, either that it was never intended by either party that the item should, for any purpose other then that of registration, be subject of sale at all, or that the vendor only included it because he knew that it never could become an effective subject of enjoyment or occupation by the purchaser. The so-called sale was a mere device to evade the Registration Act. 52 All. 793, Reversed. ———**S. 28**—*Fraud on Registration law—Burden of proof—Test.*

As in the case of every other kind of fraud, a party who sets up in defence the plea of fraud on the Registration Law is bound to make it out by clear and cogent evidence. There should be the strongest evidence of collusion between the transferor and the transferee, before the latter can be deprived of the benefit of the transfer by reason of its registration being invalid, because a small item of property not belonging to the transferor is included in it. A mere failure to make out a good title to the property dealt with will not amount to fraud so as to invalidate the instrument. The real question is whether it was intended or not that the document should take effect as regards the particular item. The fact that it is a fictitious item may be evidence of fraud. But when the item does exist, the transaction cannot be invalidated merely because the party has not adduced satisfactory evidence of his title. ———**S. 28**—*Fraud on Registration law—Inclusion of item not intended to be conveyed—Right of executant to avoid deed.*

As a general rule plaintiff cannot plead his own fraud or illegal act as basis of his claim or as a necessary step towards the success of his claim. His position in the matter is not made better the showing that the defendant has joined him in the fraud or illegal act not being pleaded but coming to light in the course of the trial of the suit even the hearing of an appeal. The parties include a particular item of property in a sale not belonging to the vendor and not intended by any of the parties to the deed to pass to the vendee simply with a view to get the deed registered in the particular Office of a Sub-Registrar. Both the vendor and the vendee joined in the fraud. It was who found that the fraud was effected and the vendor got his money and the vendee put him in possession. A suit was brought for recovery of certain items covered by the sale-deed on the ground that the document was not validly registered and could be ignored.

Held, that the plaintiff being himself a party to the fraud on the Registration Department could not be allowed to plead or take advantage of any illegality in the registration of the deed. The inclusion of an item of property of small value in a mortgage deed mainly with the object of getting it registered in the place where that property is situated, the bulk of the property being situate elsewhere, is not sufficient to invalidate the registration as being a fraud on the Registration law. The question really depends on the intention of the properties to transfer or not to transfer that particular item. The question of intention is one of fact, and in the absence of any pleading on the point, evidence of intention cannot be gone into by the Court, because no amount of evidence can be looked into upon a plea which was not put forward. The fact that an item of property not belonging to the mortgagor has been included in the mortgage will not render the registration invalid unless such inclusion was made with a view to commit a fraud on the registration laws and the mortgagees were parties to the fraud. If the properties were non existent, its inclusion would invalidate the mortgage, but where it is existent, should be strong evidence of the mortgagee's collusion. ———**S. 28**—*Fraud on the Registration law—What constitutes—Inclusion of a small item of property to enable registration at a particular place.*

In order to establish fraud, there must be a collusion between parties to practice a fraud upon the register ing officer. As a test of such an intention, it has to be considered whether there was a property that could be conveyed by the executant or as to which a genuine belief existed that he could convey it. Another point that may be considered is whether there was any intention on the part of the parties that it should be conveyed to the executee. The facts that the property is small or that the primary intention was that registration should be in a particular office will not in themselves constitute acts of fraud. When the contention is raised that the inclusion in a registrable document of a particular piece of property was merely for the purpose of giving jurisdiction to the Registrar, the true test whether S. 28 has not been complied with, will be, in cases where the parties intend the document to be a deed of real transfer, did they collude in intending that that piece of property should not pass. 43 M. 436; 1920 M.W.N. 487; 11 A. 36; 48 C. 509 (P.C.); 43 M. 405; 41 C. 972 (P.C.); 46 M. 435; 4 Pat. 394; 46 A. 754, Ref. Where property which does not in fact exist at all is included in a deed to enable registration being effected in a particular place, it is a fictitious inclusion and the registration is invalid, so also where property which exists but to which the grantor has no title is included in the deed, but neither party to the deed intends to include it as a fact as a subject-matter of the deed, the registration is invalid, as the inclusion is made only with a view to effect registration in the particular place fraudulently. But where existing property which is not proved to belong to the grantor is included, and the grantee *bona fide* believes that it belongs to the grantor, the registration is not invalid, and the burden is on the party challenging the validity to prove that the inclusion of the property was intended to be fictitious by both the parties. ———**S. 49**—*Agreement to sell—Unregistered—Personal claim for damages—Admissibility for the purpose of.*

There is nothing in S. 49 when properly construed to compel the Court to take notice of the non-registration of an admitted document unless at any rate such document must, if treated as effective, be the foundation of a judgment affecting immovable property comprised in such document. An agreement for sale of immovable property recited the payment of earnest money and provided that the balance of the purchase-money should be secured by an equitable mortgage of the said property, *i.e.*, by the purchaser depositing the title deeds with the vendor. The purchaser having refused to complete the sale, the property was sold, and the vendor sought to prove in the winding up of the purchaser company for damages for breach of contract.

Held, that the non-registration of the agreement did not preclude the vendor, under S. 49 of the Registration Act, from putting forward a personal claim for damages under the agreement. ———**S. 49**—*Applicability—Delay in presentation—Jurisdiction to register.*

Where a document is presented for registration after four months from date of execution, and the delay is not accounted for, the Registrar has no jurisdiction to register it. ———**S. 49 (a) and (c)**—*Applicability—Writing not necessary—Proof of transaction apart from unregistered document.*

Cls. (*a*) and (*c*) of S. 49 have reference to the fact that certain kinds of transfer of immovable property can only be effected by written instruments (*e.g.*, sale, mortgage other than mortgage by deposit, lease, gift); whereas in other cases (*e.g.*, partition, surrender, release), the transaction is not required to be in writing, but if it is in writing, the instrument is required to be registered. Cl. (*a*), deals with the former case, cl. (*c*) with the latter. In either case, the circumstance which subjects the instrument to the requirement of registration is that it purports or operates to create, declare, assign, limit or extinguish a right, title or interest to or in the immovable property. It is this which makes the registration necessary and if not be registered it is in this that the instrument is to fail of its effect. The right, title or interest is, as a consequence not created, declared, assigned, limited or extinguished, even although no written instrument was necessary. Unless there has been a transaction independent of the written instrument and capable of proof without the evidence thereof, the right, title and interest in question has not been declared, created, assigned, limited or extinguished. The Registration Act cannot be defeated by a contention to the effect that as no written instrument was necessary, the transaction itself is independent of the written instrument which can be regarded simply as evidence thereof. Cl. (*c*) makes the instrument inadmissible as evidence of the transaction. (*Rankin, C.J. and C.C. Ghose, J.*) IMPERIAL BANK OF INDIA *v.* BENGAL NATIONAL BANK LTD. **58 Cal. 136=34 C.W. Assignment.

———**S. 49**—*Assignment—Partnership—Dissolution of—Unregistered assignment of interest by partner—Indivisibility of agreement—Clause relating to payment of debt—Enforcement of—Admissibility of agreement for purpose of.*

On the dissolution of the partnership, the plaintiff and the defendant executed an agreement by which each of them assigned his interest in the partnership property mutually in favour of the other. By the same agreement, the defendant also undertook to pay a debt due from one of the firms to the other. The agreement was not registered and in a suit by the plaintiff to realise the debt, it was held that the agreement, in so far as it affected immovable property of more than Rs. 100 in value, was without registration inadmissible in evidence. If there are two distinct provisions in a contract, the one relating to rights in immoveable property and the other to the payment of money, proof of the latter provision can be given though the document is not registered. But in this case, the various terms were so inextricably mixed up that it can only be regarded as a single and indivisible transaction. ———**Ss. 58 and 59**—*Endorsement under—Signature of Registrar—If attestation of execution of document under T. P. Act.*

If the condition for a valid attestation under the Transfer of Property Act are fulfilled, there is nothing in law to prevent a Sub-Registrar from being treated as an attesting witness even though the signature of the Sub Registrar might have been made *alio intuitu* to satisfy the requirements of the Registration Act. When the Registrar made his endorsement on the back of the document, he was simply carrying out his statutory duties under the Registration Act and was not purporting to attest the document. He made his signature *alio intuitu* and it would be wrong to disregard the real purpose for which his signature appears on the document It may be true that the endorsement made by the Registrar in the course of his duties shows that the Registrar received from the executant a personal acknowledgment of his signature. But the Registration Act did not require him to affix his signature in the presence of the executant and the Registrar could and might have affixed his signature to the endorsement at any time in the course of the same day. So no presumption could possibly be made in favour of the plaintiff that the signature of the Registrar was affixed in the presence of the executant and that the document was duly attested. REGISTRATION ACT (1908), S. 60.

———**Ss. 58 and 59**—*Endorsements under—Signature of registrar—If attestation of execution of document.*

The endorsements required by S. 58, to be made upon the document registered are in reference to admission of execution and the identity of the person, admitting execution and not attestation. And though the registering officer is bound by S. 59 of the Act, to affix the date and his signature to all endorsements made in his presence, he is not bound to do so at the time they were made, and will comply with the section if he does so on the same day at a time when the persons who made the endorsements may not be present. Clearly, therefore, the section does not contemplate that the signature of the registering officer to any endorsement is to be treated as that of an attesting witness in connection with an admission of execution. ———**S. 60**—*Endorsement — Presumption—Document not signed by one executant—Absence of note by Registrar—Effect.*

The endorsement of registration no doubt raises a presumption that the executants or their duly accredited agents had appeared before the Registrar. But if a document is executed by several persons and the same is presented for registration by one who had a registered power of-attorney but the Registrar's endorsement does not state on whose behalf this power-of-attorney was, nor is there a note by the Registrar of the absence of the signature of one of the executants, the omissions are sufficient to rebut the presumption. ——**S. 77**—*Circumstances for consideration—Document executed by pardanashin lady.*

In a suit under S. 77, all that is required to be shown by the plaintiff is as to whether the document was executed by the alleged executant, and whether the requirements of law as to presentation for registration in due time to the proper office and in the manner generally prescribed by the Act had been complied with by the person presenting the document for registration. Where a document is alleged to have been executed by a pardanashin lady, the question whether the document was executed under circumstances which would make it operative as against a pardanashin lady is alien to the enquiry under S. 77. ——**S. 77**—"*Decree*"—*Meaning of—Decree affirmed on appeal—Limitation for presentation for registration of document—Starting point—Original decree or appellate decree.*

The suit contemplated by S. 77 is one for a decree directing the document to be registered .... if it be duly presented for registration within 30 days after the passing of such decree. A registering officer has no jurisdiction, therefore, to register a document which is not presented within 30 days of the date of the decree of the Civil Court. But the word "decree" in S. 77 means a final decree and if an appeal is filed from a decree, the document may be presented for registration within 30 days of the decree of the appellate Court. If the decree of the lower appellate Court is affirmed by the High Court in second appeal, that decree will merge in the decree of the High Court, and it will be open to the High Court to pass the very order which the lower appellate Court was competent to pass and to direct the document to be registered within 30 days of the decree passed by the High Court. S. 34 is subject to S. 77 wherein there is no provision as to the time within which the parties are to appear to admit execution. It is only when urgent necessity or unavoidable accident is alleged and made out that the Registrar can exercise his discretion. When, therefore, neither of those conditions was alleged but the Registrar refused execution on some other erroneous ground, there can be no question of interfering with his discretion in a suit brought under S. 77. ——S. 77—*Omission to file suit under—Suit for specific performance—If barred.*

Where the plaintiff and defendants had entered into and reduced into writing a contract of exchange, but it was not registered and the cause for not having got it registered was entirely due to the laches of the defendant and the plaintiff did his very best to get it registered but failed because the defendant failed to attend before Sub Registrar and Registrar and subsequently removed himself from the jurisdiction of the Indian Registration Authorities and the plaintiff did not follow the procedure prescribed in S. 77 after the Registrar's refusal.

Held, that the Registrar's order of refusal was correct in the circumstances and even, if challenged by a suit under S 77 could not have been set aside, because the Courts could not compel the Registrar to register a document, the registration of which was contrary to the provisions of the statute and consequently all the laches were on the defendant's side and the equities were very strongly in plaintiff's favour and that a suit for specific performance of the exchange to direct the defendant to execute and register a fresh document on the lines of the original deed did lie and could be decreed.

Held, further, that plaintiff could also be decreed possession of the land which he was to be given under the exchange after the execution of the necessary deed. (*Fraser, J.C.*) BASHESHAR NATH *v.* MIAN FEROZ SHAH. **A.I.R. 1935 Pesh 12.**

Held, that the plaintiff claiming to be the real owner was not a representative of the alleged benamidar, that he could not be said to be a person having a direct relation to the document, that he could not present the sale deed for registration under S, 32 and there could be no appeal by him to the Registrar under S. 72 and the defendant having given up the appeal presented by him under S. 72, could not bring a suit under S 77 and the plaintiff had no *locus standi* to bring the suit under S 77 on the footing that the defendant was benamidar, as he is bound by the act of the alleged benamidar under S. 32 (*Guha and Ghose, JJ.*) SELAMATULLA CHAUDHURI *v.* AKTARERNESSA. **58 Cal 681 = I.R. 1931 Cal. 719 = 133 I C 591 = A.I R. 1931 Cal 664.**

Permission of the authorities mentioned in S. 83 of the Registration Act is necessary before an accused can be prosecuted under S 82 of the Act. Archaka.

———*Archaka—Archaka mirasi right—Removal of idol from principal shrine to new shrine—Right of old archakas to mirasi rights in new shrine.*

The *utsava* of a particular deity was kept and worshipped in the shrine of another deity Subsequently it was removed and installed as an object of independent worship in a new shrine. Prior to such removal, that idol was worshipped by the archakas of the principal shrine, but not as an object of independent worship or as a separate source of income. After its removal to the new shrine, the worship was performed by the archakas as paid servants of the Devasthanam and not as in the case of the old shrine, without any fixed pay and by taking the offerings, etc. The offerings, and all other sources of revenue went to the Devasthanam.

Held, that when a principal deity is worshipped in a shrine, other idols placed there and receiving the benefit of that worship are not usually regarded as objects of independent mirasi rights of worship; that the fact that the old archakas performed worship of the deity in the old temple, could at least only give rise to a presumption in their favour of archaka mirasi right in the new shrine, which, however, had been rebutted by evidence as to subsequent conduct, namely, receipt of a fixed salary instead of the offerings and other collections. Where directions of Court are applied for by the executors of a will on the ground that the funds in their hands are not sufficient for the purpose of carrying out the wishes of the testator who directed in his will that a temple should be built out of a portion of the residue after the debts have been paid the Court may vary the directions of the testator by the application of the *cypres* doctrine. That doctrine is only applied where, from lapse of time and change of circumstances it is no longer beneficial to apply the property left by the founder or donor in the exact way in which he has directed it to be applied, but it can only be applied beneficially to similar purposes by different means. In order to establish the debutter nature of a property it is not necessary that in every case a deed of endowment should be forthcoming. The course of dealings by the parties may furnish evidence of dedication in the absence of any deed. But at the same time, very strong evidence must be forthcoming to prove debutter in the absence of a deed. A rent-free grant is not necessarily debutter. An assertion in a mortgage executed by the predecessor of a party that a certain property is partible secular property with which he had power to deal is of evidentiary value as against those claiming (in the character of shebaits) under him of the fact that the property was dealt with as secular property, although the evidentiary value may be very slight. The properties endowed to a Math or Asthal is as a rule held by the Mahant as its owner and the succession to him in such property follows with the succession to the office ; the nature of the ownership is an ownership in trust for the Math or institution itself ; but at the same time it must be borne in mind that though large administrative powers are vested in the reigning Mahant, this trust does exist and must be respected. The supreme head of a Math is a single person though there may in some cases be a chief or presiding Mahant and also other Mahants of lesser grade. (*Mukerji and S.K. Transference of properties held in trust for the Math or institution in a way which deprives some beneficiary intended by the trust and benefits some other beneficiary which the trust never contemplated is clearly outside the powers of the Mahant. Such a diversion is indefensible in principle and cannot be justified. When a Mahant transfers properties dedicated to the worship of deities in one Asthal to another Asthal in deprivation of the former and to be applied to the worship of the deities in the latter, with a reservation that the latter Asthal should pay a fixed annual sum of money to the former, the arrangement being not for a time only, but to operate for all times, the arrangement amounts to a permanent alienation for a fixed amount payable yearly, and it is very much like the granting of a permanent *mokurrari* lease of *debutter* property which is outside the powers of the Mahant. A conveyance or sale of the office of a trustee for consideration is invalid. Though the duties of Sri Pandaram are mostly secular, it involves duties to be performed in a temple and the office-holder who has to perform the duties attached to the office and who has the right of enjoining the properties after meeting the expenses is clearly a trustee and a sale of his office is not valid in law, if made in favour of any person other than the sole immediate heir. 1 M. 235 (P. A trustee or a person in a representative capacity cannot delegate his authority except where the employment of an agent is according to the usual course of business. It is open to a trustee or a shebait to appoint a sub-agent, but such appointment must only be as a means of carrying out his own duties himself and not for the purpose of delegating those duties by means of such appointment. So where the sanction of the trustee is necessary for a lease of debutter properties, a contract to lease entered into by the agent of the trustee without reference to the trustee till after the contract was entered into is not binding and not specifically enforceable. ——S 7 —*Committee appointed under—Powers of—Original scheme of endowment superseded by Committee and Mutwalli appointed by them—Position of Mutwalli—Appointment of Mutwalli for three years and subject to good behaviour—Validity of agreement.*

Under the Act of 1863, the Committee appointed under S. 7 was to have the same powers that the Board of Revenue had under Regulation XIX of 1810, the powers being of supervision and control The power to suspend or remove a Mutwalli for just cause, which was properly incident to the principal duties and responsibilities of the Board of Revenue under Regulation XIX of 1810 was impliedly given to the Committee The trustee, Manager or Superintendent of the religious establishment appointed by the Committee has no possession strictly so called. The property is vested in the Committee and the manager in only an agent or servant of the Committee. The Committee can always under the law take over such custody or management from the manager, provided they act in the interest of the institution. Hajee Mohamed Moshin executed a deed of endowment in 1806. Certain properties were conveyed to two Mutwallis and the income therefrom set apart for pious purposes. The Mutwallis appointed by the founder were given the power to appoint their successors. In 1818, the Board of Revenue by virtue by their powers under Regulation XIX of 1810 dismissed the then Mutwallis for corruption and appointed another as sole Mutwalli From that date, the history of the institution consisted of fresh appointments of Mutwallis by the Government, suits by the dismissed Mutwallis for a declaration of their right to the office for life and to nominate their successor and the Committee being obliged to face protracted litigation on that account. In 1916, therefore, the Committee decided to appoint Mutwallis for a term (of three years) with the conditions of service set out in a registered agreement which *inter alia* provided for the Mutwalli being sent out on three months' notice. The defendant in the present suit was appointed in that manner in 1923 He executed a fresh agreement on the same terms in 1926 and was reappointed but when, a few months later, he was asked to clear out, he refused to do so and so the suit. The defendant contended that he was a Mutwalli under the Mahomedan Law and could not be removed by the Committee and that the agreement executed by him relating to the appointment of a Mutwalli for a limited period was illegal and invalid and not binding on him.

Held, that the powers of the Committee appointed under Act XX of 1863 were not the powers exercisable under the general Mahomedan Law in the matter of appointment of Mutwallis and not the powers exercised by the creator of the endowment itself, but the power vested in the Ruling power, the power exercised by the Board of Revenue under Regulation XIX of 1810 and the powers conferred upon the Committee under the Act of 1863. The Mutwallis appointed under the Regulation had no power to appoint their successors and that was the scheme followed by the Board of Revenue in supersession of the general rule of Mahomedan Law and of the scheme outlined in the original deed of endowment. The Committee had the power vested in them under the law to decide the duration of tenure of a Mutwalli and the conditions of service, and regard being had to the past history of the institution, their decision to appoint a Mutwalli for a term and subject to good behaviour was *bona fide* and in the interests of the institution. (2 The position of a Mutwalli appointed by the Committee is that of a servant of the Committee; he had no free hold in his office. He was not a Mutwalli under the endowment or under the general Mahomedan Law. (3) The onus was on the defendant to show that his dismissal was actuated by improper motives and that onus he had not discharged (4) The appointment by the Committee of the defendant as Mutwalli for a term and subject to certain conditions was within their competence under Act XX of 1863 and so the agreement executed by the Mutwalli with the Committee at the time of his appointment was not *ultra vires* or opposed to public policy. The defendant was therefore validly removed from office and he had no right to it. ———**S. 14**—*Misfeasance and breach of trust—Error of judgment, not sufficient—Alleged diversion of funds of endowment—Proof of detriment to the interests of endowment necessary.*

If in the course of the management of a religious endowment by the Committee appointed under the Act, there has been any error of judgment or any act done which bears the interpretation that there was mismanagement, but the *bona fides* of which could not be questioned and it could not be established by clear and cogent evidence that acts detrimental to the interests of the endowment were done by the Committee, no relief can be granted as contemplated by S. 14 of the Act. In a suit under S. 14 for removal of the defendants from membership of the Religious Endowments Committee for alleged acts of misfeasance, breach of trust and neglect of duty.

Held, (*i*) Three-ninths share of the properties were, according to the original deed of endowment or Towliatnama, to be devoted to religious purposes. Certain properties, known as the Kharij Towliat properties, which escheated to the Government after the death of the founder were, by virtue of an arrangement made by the Government, treated as appanage to the three-ninths share, but the income therefrom was not a portion of the funds specifically dedicated to religious purposes by the founder. Payments out of this Kharij Towliat fund made by the Committee on account of a settlement of dispute with a person who was asserting his right to be a Mutwalli of the Imambarah with the power to nominate his successor, and made by virtue of a previously existing arrangement and sanctioned by the District Judge, cannot be said to be an act of diversion of funds by the Committee. (*ii*) Similarly the payment of a sum of Rs. 500 to compromise a dispute with a Mutwalli who refused to vacate the office and asserted a right to the office for life instead of facing a protracted litigation is not merely *bona fide* but in the best interests of the institution. (*iii*) The three-ninths share of the endowed properties was, it is true, earmarked for pious purposes but there is nothing in Indian statutes or in Mahomedan Law which draws a clear cut distinction between religious or pious purposes on the one hand and charitable purposes on the other. In the absence of proof that payments made by way of charity to poor persons or by way of gratuities

RELIGIOUS ENDOWMENTS ACT (1863), S. 18.

to servants who had put in years of service, that such payments made out of that three-ninths share had the effect of curtailing the expenditure for the pious purposes specifically mentioned in the deed of endowment, they cannot be called an improper diversion of the funds. (*iv*) The failure on the part of the Committee to perform the ceremonies in connection with the Mohurrum on account of serious obstacle placed in their way by a servant dismissed by them, who was bent upon disregarding the directions of the Committee and preventing the new manager appointed by the Committee from discharging his functions, cannot by any means be called a neglect of duty on the part of the Committee. (*v*) Rule 17 of the Rules relating to the management of the Hooghly Imambarah related to the power of the Mutwalli to dismiss or suspend servants of the Imambarah. This rule was amended by the Committee limiting the Mutwalli's power of dismissal to servants drawing less than Rs. 8 a month. Such an amendment made in the presence of the then Mutwalli by the Committee in the exercise of the statutory authority vested in them cannot be called an unjustified interference with the internal management by the Mutwalli. (*vi*) The Mutwalli was only a servant with duties delegated by the Committee. If the Committee appointed a Mutwalli for a limited term of three years with conditions attached to the appointment and if under those conditions there has been a discharge of the Mutwalli, the Committee is within its rights. Even if some of the acts aforesaid amounted to an error of judgment, it was not sufficient for relief under S. 14 of the Act. ———**S. 18**—*Applicability.*

All that is necessary in order to attract the provisions of S. 14 and S. 18 of the Act of 1863 is to show that the endowment is of a nature that the superintendence of it could vest in the Board of Revenue under Regulation XIX of 1810 if it were in force. As the preamble of that Regulation stated that when endowments had been granted in land by an individual for the support of a Hindu temple, such endowments were to be considered as for public purposes to which the Regulation would be applicable, the Act of 1863 would equally be applicable to them. ———*Rules applicable—Exercise of right on highways—Nuisance, what constitutes—Right of Police and Magistrate to regulate traffic.*

The principles governing the rights of parties regarding religious processions on public highways may be summarised as follows: (1) There is a right in every community to take out a religious procession with its appropriate observances along a highway. This is an inherent right and does not depend upon proof of custom or long established practice. Even if such a procession is an innovation, it would be in the exercise of legal rights. The right is not lost by mere abstention or non-exercise of it for a long time. (2) A public highway is primarily for purposes of traffic and every individual is entitled to use it in a reasonable way. But he cannot claim it exclusively for purposes of worship. No right can be claimed to block a public thoroughfare completely and the Police and Magistrates are entitled to issue orders for regulation of traffic or to prevent obstruction of thoroughfares and such orders are not actionable in Civil Courts. (3) Worshippers in a mosque or temple which abuts a highway have no right to compel the processionists to stop their music completely while passing a mosque or temple on the ground that there was continuous worship inside it. (4) If the parties are bound by a contract *inter se* a declaration in breach of such a contract will not be granted by a Civil Court. (5) There is no right to commit a public nuisance on a highway nor is there any absolute right to commit a private nuisance regarding a particular defendant. But all music however bad cannot amount to a nuisance even though it may annoy occupiers of a house on the road. But a noise may become a nuisance. The standard of judging it is according to that of men of ordinary habits and not men of fastidious tastes or of over-sensitive nature whether due to religious sentiment or not. (Case-law discussed.) RENUNCIATION.

———*Suit for declaration to take out—Maintainability in Civil Court—Compromise between communities—When binding.*

When objection is taken to the taking out of a procession or of playing music in the vicinity of a mosque or temple, a civil suit lies for a declaration of the right to do so. Such a suit can be brought either by individual plaintiffs against individual defendants who object or it may be of a representative character, the result of which will bind both the communities which are represented. If it is established that there is any binding contract between the parties to the suit, the plaintiff would not be entitled to a declaration of right which would amount to its breach. Without proof of valid authority express or implied it would not be possible to bind the other members of the communities who were no parties to the written compromise or could not validly give consent. ———*Construction*—"Hasab rasad khewat"—*Meaning of—Partition of* shamilat.

The words "*Hasab rasad khewat,*" when used in a revenue record in relation to a partition of the *shamilat* area, means "according to the revenue assessed on the holding", which is the ordinary sense of the words. But in the case of villages of a particular type, the words are capable of being interpreted as "according to the area". But it is only in exceptional circumstances that the latter interpretation holds good. (*Addison and Din Mahomed, JJ.*) SUNDER *v.* INDER SINGH. **159 I.C. 366=8 R.L. 378 (2)=A.I.R. 1935 Lah. 446.**

———*Entries in—Correctness of—Trustee entered in the column of owners.*

Much significance cannot be attached to the mere fact that in the revenue records the names of the Gaddinashins (trustees of a Mahomedan shrine) have been shown in the column of owners. The fact that the incumbent is only a "trustee" and not an owner in the true sense of the term is not ordinarily of importance for the purposes of the revenue records and it is not unusual to find such entries in the case of persons who are mere custodians or trustees. ———*Entries in—Evidentiary value—Tenancy—Entries regarding*

The revenue entries should be read as a whole. It must also be borne in mind that the usual practice of the revenue authorities is to enter in the tenancy column, all persons who are in actual possession of the land whether they are in fact tenants under the so called landlords or not, until the entry is reversed by fresh mutation. ———*Mutation—Decree of Civil Court—Old entries—Modification.*

The Financial Commissioner will interfere in revision in order that mutation may be effected in accordance with the decree of the Civil Court. It would be a most dangerous doctrine to admit that several years after a mutation order has been made, it is open to a Revenue Officer to substitute for it another and a completely different order merely on the ground that the original order was mistaken. ———*Mutation—Procedure—Possession of party when material.*

The business of a Revenue Officer in mutation is to decide whether a fact has been proved to exist or not; he has no jurisdiction to decide whether it ought to exist. It is the settled practice in mutation procedure that the fact that a transaction is voidable does not prevent mutation where possession has passed. ———*Mutation—Relinquishment of claim in mutation proceedings.*

The statement in mutation proceedings made by the revenue agent representing all the four daughters of the deceased that his clients were the lawful heirs of *I* and were willing that mutation of names in respect of entire property be made by right of inheritance in favour of *A*, one of the four sons of the deceased, does not prove that there was a relinquishment by the daughters of their interest in the property. RIPARIAN RIGHTS.

See also (1) EASEMENT—WATER RIGHTS.
(2) EASEMENTS ACT, S. 7, ILL. (*h*) AND (*j*).

———*Artificial water-course—Basis of rights in.*

Any right to the flow of water from an artificial water-course must be based on some grant, whether in the nature of an easement or otherwise. The basis of every such right must be an agreement expressed or presumed from the user, with the owners of the land through which the stream runs. An artificial water-course might be constructed on the terms that each of the riparian proprietors should have the same rights as the riparian proprietors upon a natural stream should have and no more. *Bailey & Co. v. Clark, Son and Morland,* (1902) 1 Ch. D. 649, Foll. (*Adami and Wort, JJ.*) RAJNITI PRASAD SINGH *v.* TOKH NARAIN PURI. **I.R. 1931 Pat. 318=133 I.C. 46=12 Pat. L. T. 473=A.I.R. 1931 Pat. 332.**

———*Artificial water-course—Channel—Basis of rights in.*

It cannot be laid down as an absolute proposition of law that a riparian owner can claim the right to use the water in an artificial channel just in the same way as the riparian owner can claim to use it with respect to a natural stream. The right can be claimed only under certain circumstances. It is not an absolute right as in the case of the riparian owner having lands abutting a natural stream. Any right of the owner to the flow of the water must rest on prescription or grant from or contract with the owner of the land from which the water is artificially brought. 1925 P.C. 236; 1917 Pat. 65 and 1933 Mad. 10, Ref. (*Madhavan Nair, J.*) GHULAM MOHIDEEN KHAN SAHIB *v.* SECRETARY OF STATE. **157 I.C. 734=8 R.M. 159=1935 M.W.N. 665=41 L.W. 756=A.I.R. 1935 Mad. 700.**

———*Artificial water course—Stream—Riparian rights—If exist.*

There are no riparian rights as such in the case of artificial streams; whatever rights may be claimed by persons through whose lands the stream passes must rest on some arrangement either proved or presumed. (*Varadachariar, J.*) RAMAN NAIR *v.* PARAMESWARAN NAMBUDRI. **153 I.C. 14=7 R.M. 319=40 L.W. 629=1934 M. W.N. 1063=A.I.R. 1934 Mad. 683=67 M. L.J. 558.**

———*Artificial water course—What constitutes—Acquisition of right by adjacent owner—Proof.*

An artificial stream is a stream which flows at its source by operation of men or if it flows at its source by the operation of nature flows in a channel made by men. Water made to flow in an artificial channel from a natural stream is an artificial stream. In the case of an artificial watercourse, any right to the flow of water must rest on some grant or arrangement either proved or presumed, from or with the owner of the lands from which water is artificially brought or on some other legal origin. Thus the artificial course might have been made under such circumstances that the riparian owner had the same rights as in a natural stream. Riparian rights negatived on facts. (*Sundaram Chetty, J.*) NARASIMHULU *v.* BHADRAYYA. **I.R. 1932 Mad. 845=36 L.W. 688=140 I.C. 311=A. I.R. 1933 Mad. 10.**

RIPARIAN RIGHTS.

———*Extent of rights—Natural use.*

A riparian owner is a person who owns land abutting on a stream, and who as such has a certain right to take water from the stream. A riparian owner has the same rights in a tidal and navigable river as he has in a river which is not tidal and navigable. His right to the use of the stream does not depend upon the ownership of the soil of the stream and he can take water, first of all, for domestic use, and then for other uses connected with the land, of which irrigation of the lands which form the property is one. The right is a natural right and not in the strict sense of the term an easement, though in many cases it has been called an easement. In particular it is not capable of being lost *non utends* and the maxim *tantum prescript possessum* has no application. (English cases discussed.) (*Lord Dunedin.*) SECRETARY OF STATE *v.* SUBBARAYUDU. **59 I.A. 56=55 Mad. 268=136 I.C. 413=I. R. 1932 P.C. 109=35 L.W. 238=36 C.W. ———*Government stream—Right of riparian owner—Liability to cess.*

A riparian owner is not liable to pay water cess to Government for using water of a stream belonging to the Government land on one side of which belongs to him and he takes it in respect of a natural, or of an easement, right. (*Lord Dunedin*) SECRETARY OF STATE *v.* SUBBARAYUDU. **59 I.A. 56=55 Mad. 268=136 I.C. 413=I. R. 1932 P.C. 109=35 L.W. 238=36 C.W. ———*Natural water-course—Extent of right.*

A riparian owner has a right to what may be called the ordinary use of the water flowing past his land, for instance, to the reasonable use of the water for his domestic purposes and for his cattle and this without regard to the effect which such use may have, in case of deficiency, upon proprietors lower down the stream and further he has a right to the use of it, provided that he does not thereby interfere with the rights of other proprietors either above or below him. Subject to this condition, he may dam up the stream or divert the water for the purpose of irrigation. 4 C. 633, Foll. (*Adami and Wort, JJ.*) RAJNITI PRASAD SINGH *v.* TOKH NARAIN PURI. **I. R. 1931 Pat. 318=133 I.C. 46=12 P.L.T. 473 =A.I.R. 1931 Pat. 332.**

———*Public navigable river—Test.*

A river is not navigable unless it is navigable throughout the year for ordinary boats used for commercial purposes. In deciding the question of navigability, an investigation into the past history of the channel is not without importance. For if it be found that at one time the channel was connected with two navigable streams at its two ends, it would not be an unreasonable inference to draw to hold that it at that time formed a

part of an entire navigable system. Where a river was navigable at a certain portion and the construction of a bridge higher up was likely to interfere with the navigabiltiy of the river, but it appeared that the river was impassable for ordinary boats during the dry season.

Held, that the river was not a public navigable river. (*Mukerji, J.*) LALIT MOHAN RAY *v.* KALI MOHAN SAHA. **6 I.R. (Cal.) 221=146 I.C. 409=37 C.W.N. 442=A.I.R. 1933 Cal. 615.**

———*Tidal navigable river—Public right of access to the adjacent banks—Nature and extent of.*

The public right to use the waterway would not imply the right to land upon, or to take merchandise on to or over immediately adjacent land in private ownership. Such a right may no doubt be established by custom or prescription but the banks above the "ordinary" high water mark remain private property unaffected by the waterway. The rights of riparian owners on the banks of tidal navigable waters exist *jure naturae,* because the land has by nature the advantage of being washed by the stream but it is essential to the existence of this right that the land should be in contact with the flow of the stream at least at the times of "ordinary" high tides. *Lyon* v. *Fishmonger Co.,* (18/6) 1 A.C. 662, Ref. to. ———*Tidal navigable river—Public right of navigation—Extent of.*

Per *Sir George Lowndes.*—"Under the English Law the bed of a tidal creek which is vested in the Crown and over which all subjects of the Crown have a right of navigation is confined to the space covered by ordinary high tides, that is the mean between the spring and neap tides—or in other words, to that part of the shore which for four days in every week or for the most part of the year is reached and covered by the tides. In India it has been long recognised that the beds or channels of tidal navigable waters are the property of the Government in right of the Crown. . . . This (English) principle is equally applicable to Indian waters . . . The public right of navigation or waterway can only be co-extensive with the right of the Crown or the Government in the bed." ———*Tidal stream navigable for a few days in a month—If and when a public waterway.*

RIWAJ-I-AM.

In order to make good a complaint of obstruction to free access from a tidal channel to his land (in the absence of an easement), the complainant must prove not merely that there is a public waterway over some part of the upper creek but that the waterway comes right up to his land. Where the tidal stream was for most of the time dry except for a trickle of water and only for a few hours on five to ten days in each month, there was enough water to float small logs of wood, it cannot be called a public waterway. ———*Use of water of stream—Right of riparian proprietor.*

Every riparian proprietor has a natural right to use the water of stream which flows past his land equally with other proprietors; to have the water come to him undiminished in flow, quantity and quality, and unaffected in temperature; and to go from him without obstruction. Where the plaintiff's natural right has been interfered with by the acts done by the defendants in raising their dam and sluices and damage had been caused to the working of the plaintiff's machines and the defendants have raised their dam and sluices only recently and have not acquired any prescriptive right to continue to do so, the plaintiff's suit for damages and injunction should be allowed. ———*Rules of Association—Forfeiture clause—Construction.*

One of the rules of a Benevolent Association was: "The monthly deposit shall be paid in advance by every member on or before the 15th day of the month. In default he shall be liable to pay a fine of 10 cents for each such failure, which shall be debited to his account, and if his monthly deposit shall be two months in arrear he shall be notified, and failing payment of same in full after the expiration of 21 days, he shall *ipso facto* cease to be a member and forfeit all privileges as a member." A member paid his monthly deposit for June in due course on or before the 15th June. In July he did not make any payment. In August he paid no deposit, and on the 16th August, in assumed accordance with rule, he was notified that his deposits were in default. On the 8th September he thereupon, according to the Association, automatically ceased to be a member, he died on the 24th September, 1932.

Held, that the rule being of the nature of a forfeiture, it has got to be reasonably clear that the forfeiture operates. On the true construction of the rule it means that in order to work a forfeiture a monthly deposit has to be in arrear for the period of two months; in other words, that the period of two months applied to the period of default for each deposit and not to the number of subscriptions that have to be in arrear. ———*Re-sale—Unreasonable delay—Measure of damages.*

It is a well-settled rule that if the vendor chooses to enforce his right to re-sell he must do so within a reasonable time from the date of the breach and that he should not allow the value of the goods to depreciate by making undue delay in re-selling them. If the goods are re-sold within a reasonable time after the breach of the contract by the purchaser the measure of damages is the difference between the contract price and the price realised on the re-sale with the costs and expenses of the re-sale. But if the re-sale has been unreasonably delayed until the market has fallen, the price realised on re-sale will not afford a true criterion of the damages. The measure of damages in such a case will be the difference between the contract price and the market price on the date of the breach of the contract. (*Shadi Lal, C. By an agreement in writing between plaintiff and the Secretary of State, the plaintiff purchased certain buildings and materials situated at *S* and undertook to remove them within a given period. Subsequently the defendants became the owners by purchase of the land at *S*. Plaintiff brought an action on the original side of the High Court claiming an injunction and damages for the wrongful and tortious act of the defendants in the fact that they prevented him from carrying out his contract to remove the buildings and materials as per his original agreement. The defence was that the buildings and materials in dispute or some of them were the property of the defendants and were not covered by the plaintiff's contract and he was not entitled to take them away.

———**S. 19**—*Passing of property in goods—Test—Dominion held by seller—Effect.*

Although the incidence of risk, is a good test in determining in which of the two parties the property in the goods vests, it is not a conclusive test and the question always is as to intention of the parties, as other circumstances may show that the property in the goods was retained by one party in spite of the fact that they were shipped or booked and thereafter remained at the risk of the other party. Where therefore the dominion over the goods, *i.e.*, the right to dispose of them is retained by the sellers and they do not intend that the goods should be delivered to the purchasers till they pay for the same, the property in goods does not pass to the purchasers and a suit by the sellers for recovery of the price of the goods does not lie.

Per *Jai Lal, J.*—If the contracts had been in the C.I.F. form then ordinarily the property in the goods would have passed to the purchasers on shipment thereof, though in that case also circumstances might have rebutted this presumption. Held, that the parties to the contract intended that the buyer should become the owner of the property on payment of the total price, and that the passing of the property did not depend upon the measurement to be done by the seller. The measurement, if any, was to be made by the buyer in order to satisfy himself that he had got the quantity he had borgained for, and that the price paid by him was really due. Such measurement did not affect the transfer of the property in the goods. ———**S. 5-A**—*Submission to jurisdiction—Transfer of suit by Settlement Officer to District Judge of Sonthal Parganas—Latter transferring it to District Judge of Bhagalpur who transferred it to Subordinate Judge—Defendant not objecting to irregularity of transfer—Effect of.*

A suit which was properly instituted under S. 5 of Regulation III of 1872 before the Settlement Officer of the Sonthal Parganas was transferred by him under S. 5 A to the District Judge of that district. The latter without any authority transferred the suit to the District Judge of Bhagalpur, who in his turn transferred the suit to the Subordinate Judge of that district, in whose jurisdiction a portion of the property was situated. The defendant did not raise any objection to the irregularity of this transfer for a period of about three years and in the meantime took various steps in the suit and thereby submitted herself to the jurisdiction of the Bhagalpur Court where the suit was irregularly pending.

Held, that although the transfer of the suit by the District Judge of Sonthal Parganas to Bhagalpur was irregular, there being no inherent want of jurisdiction in the Subordinate Judge of Bhagalpur and the defendant having submitted herself to the jurisdiction of the Court, she could not be allowed to raise the question of jurisdiction three years after the suit was registered in that Court, (*Khaja Mohammad Noor and Varma JJ.*) THAKURAIN KUSUM KUMARI *v.* BISESWAR LAL MARWARI. **14 Pat. 356=157 I.C. 316=8 R.P 109=16 Pat.L.T. 536=A.I.R. 1935 Pat 439.**

pass a decree even on compromise which allows interest in its contravention. The section has been enacted on the grounds of public policy to protect the people of the Sonthal Parganas from their own improvident acts. ——**S. 6**—*Power of Court to reduce bond rate of interest.*

There is nothing in S. 6 which would entitle the Court to reduce the interest from the bond rate to a lesser sum. What comes within the mischief of the section is, first of all, compound interest ; and, secondly, the total amount of interest going in excess of the sum of the loan itself, that is to say, the principal sum Hence the mortgagee is entitled to bond rate up to days of grace granted by the decree. Interest after the decree or after the days of grace would not be governed by the Regulation, but S 34; C. P. Code, applies and interest at six per cent. can be allowed. (*Wort and Varma. ——**S. 25-A**—*Applicability — Dispute between rival claimants to proprietary rights in same property.*

There is no reason why S. 25-A of Regulation III of 1872 should not be held to apply to cases where the dispute is between two rival claimants, each claiming to be the proprietor of the same property. The section obviously will have no application to disputes between a landlord and a tenant or to cases where one of the parties neither is nor asserts himself to be. a Zemindar even though the other party may be a Zemindar and where there is no dispute as to any proprietary right between them. It will be unduly restricting the scope of the section and defeating the purpose for which it has been enacted to hold that it will not apply unless each party admits the other party to be a Zemindar or proprietor. A suit is clearly maintainable in a Civil Court where both the plaintiffs and the defendant claim to be the proprietors of the same properties. The words S 27 (2) of Sonthal Parganas Settlement Regulation are absolutely prohibitive; and the executing Court has no power to execute a decree directing sale of a raiyati holding. The fact that the judgment-debtor did not raise the objection in the mortgage suit itself does not operate as an estoppel, because there can be no estoppel against the statute. The law prohibits the sale of a raiyati holding, whether the judgmen-debtor objects or not ; it is therefore open to the executing Court to examine the nature of the property directed to be sold under the decree and also to refuse to sell the property which is prohibited by law to be sold. ——**Ss. 29 and 30**—*Construction—"Wholesale cash price" - Meaning of—Alternative basis of assessment—When to be adopted—Lubricating oil—No similar oil in the market.*

Ss. 29 and 30 are sections of a taxing Act not to be pressed against the tax payer beyond their plain intendment and taken as a whole, they seem to disclose on the part of the legislature when describing the price which is to represent the "real value" of the goods to be taxed, a definite purpose to define a price conservative in its very aspect and free in particular from any loading for any post importation charges incurred in relation to the goods. The price is to be a price for goods as they are both at the "time" and "place" of importation. The words "wholesale cash price less trade discount" indicate that only sales to the trade are those in contemplation. An American Company were the manufacturers of a grade of lubricating oil which they imported into India and sold to consumers direct without the intervention of a dealer. The oil was consigned from America upon invoices charging the importing branch with the cost price of the oil f. o. b. New York, plus a small manufacturing profit. The selling price to the consumers was about 70 per cent. above entry price, the selling price being swollen by the retailing profit and charges in respect of matters subsequent to importation. There was no other oil on the market "of the like kind and quality". Except for a small discount to those purchasing their requirements exclusively from the company and a special discount for cash, there was no regular trade discount.

Held, that having regard to their course of business the import duty on the Oils should be determined on the alternative basis of assessment indicated in sub-S. (*b*) of S. 30, as the selling price to consumers could in no sense be called a "wholesale cash price, less trade discount". ——*Compromise between parties—Intention to deprive solicitor's costs—Power of Court to refuse recognition.*

A solicitor's lien for his costs on the fruits of his labour may in some circumstances be defeated by a compromise between the parties. As a general rule the Court will not interfere in a compromise in order to preserve the solicitor's lien, when the compromise is a *bona fide* one. But if the compromise is not *bona fide* but collusive, entered into between the parties specifically for the purpose of depriving the solicitor of his lien, then the Court will usually interfere and protect the solicitor, and in such an event the solicitor may apply for payment of costs by either of the parties to the scheme. The Court will hold there is collusion if the agreement between the parties is made with the knowledge that the result will inevitably be to deprive the solicitor of his costs which he has earned, or if the parties enter into the agreement knowing and intending that the outcome will be to deprive the solicitor of his lien (*Costello and Lord Williams, JJ.*) PREMSUKHDAS SINGHANIA *v.* BURAL AND PYNE. **61 Cal. 1005=154 I.C. 781=7 R.C. 527=38 C.W.N. 1031=A.I.R. 1935 Cal. 168.**

The offence contemplated in S. 21 only deals with the declaration of a profession of want of belief in the Christian, Jewish, Hindu, Mohammadan, Parsi, Buddhist, Sikh or Jain religion at the time when the declaration is made. A person may be born to parents professing one of these religions and may even have been practising the tenets of one of them up to the time of his marriage, but if at the time when he contracts a marriage under the Act, he makes a declaration that he does not profess any of these religions, then it cannot be said against him that, because he was born in the Christian, Jewish, Hindu, Muhammadan, Parsi, Buddhist, Sikh or Jain religion, and had not formally renounced any of these religions before he made his declaration he is guilty of an offence under S. 21 of the Special Marriage Act, read with S. 199, Penal Code. The declaration does not amount to an abjuration for all purposes of the personal law of the declarant, but merely as a statement for purposes of the Act itself. 49 Cal. 1069; 31

S. 24 added to the Special Marriage Act of 1872, by the amending Act of 1923, only applies to persons who marry under the Act subsequent to the amending Act. The words "who marries" in S. 24 clearly shows that the marriage contemplated is one after the date of the coming into force of the newly added S. 24. In other words, S. 24 cannot have any retrospective effect and will not apply to persons who solemnised their marriage under the Special Marriage Act before its amendment in 1923. ——S. 24—*"Who marries"—Meaning — Hindu marrying under old Act—Personal law—If abjured.*

The words "who marries" in S. 24 of the Amended Special Marriage Act (1923) mean "who shall marry hereafter," namely from the date of the enactment which brought that section into existence, and cannot mean "who has married under the Act hereby amended." Therefore a person who has married under the old Act does not cease to be governed by his personal law; and his offspring are governed not by the date of the death of the father which might occur after the new Act but by the date of the marriage which took place under the old Act. ———*Compromise decree—Mode of enforcement.*

On passing an order recording a compromise under O. 23, R. 3, C. P. Code, the Court is to pass a decree not for the specific performance of the original contract but for the specific performance of the new contract to have the suit disposed of in a particular manner. But the analogy should not be carried far. There is one difference: While the Specific Relief Act gives the Court discretion to refuse specific performance of a contract, no such exception has been made in O. 23, R. 3. The specific performance of an agreement to end the suit by a compromise decree is different from specific performance of agreed acts to be performed after such decree, which the Court may or may not be in a position to supervise or enforce. If after a compromise decree is passed the consenting party disobeys the decree the decree holder has his remedy under O. 21, R. 32 and where the contract is not specifically enforceable the party may claim damages. ——— *Title—"To the satisfaction of the purchaser's attorney"—Meaning and effect of.*

The effect of a stipulation by a vendor to make out a marketable title "to the satisfaction of the purchaser's attorneys" is that it is incumbent on him to establish either that the solicitors approved of the title or that there was such a title tendered as made it unreasonable not to approve of it. The term does not give the solicitor arbitrary and absolute power to reject a title however good it may be. He is the sole Judge, provided he acts "reasonably and *bona fide*". For determining if he has acted reasonably, the Court has to examine the title tendered to the solicitor to consider, whether it was such as would induce the Court to hold that its rejection was reasonable or unreasonable On the one hand, the Court cannot lightly disregard the judgment of a solicitor on the question, but on the other hand, the purchaser is not entitled to maintain that his solicitor's judgment is the last word on the subject *Pyrke* v. *Waddingham*, 10 Here 1 and 35 Bom. 110, Ref. ———S 9—*Suit under—Cause of action—Removal of fencing and exercising right of way after orders of Criminal Court.*

Defendants started proceedings under S. 147, Cr. P. Code, claiming a right of way over certain land belonging to the plaintiff. During the pendency of the proceedings plaintiff fenced the land. The proceedings terminated subsequently in favour of the defendant, the Court passing an order in terms of S. 147 (2), prohibiting the plaintiff from interfering with the exercise of his right of way by the defendant over the land. But no mandatory order for removal of the fence was passed. The defendant however, removed the fencing and began to exercise his right of way, whereupon plaintiff instituted a suit under S. 9 of the Specific Relief Act.

Held, that assuming that the act of passing over the land is "dispossession", the acts of the defendant in pulling down the fence and exercising his right of way were acts done "in due course of law" and did not afford the plaintiff a cause of action to file a suit under S. 9, and that the suit was consequently not entertainable.

In a suit under S. 9 of the Specific Relief Act the plaintiff's case was that he was the fixed rate tenant of a certain plot and that within six months of the institution of the suit the defendant had dispossessed him without any right. The defendant's case was that he was the tenant of the plot in question and that the plaintiff was never in possession of it. The parties agreed to abide by the sworn statement of a referee who stated on oath that the plaintiff had been in possesion of the plot in suit within six months of the institution of the suit and added that the parties were co-tenants of the holding of which the plot in suit formed a part. The trial Court held that the suit being a suit between co-tenants for possession the jurisdiction of the Civil Court was barred by S. 230 of the Agra Tenancy Act and accordingly dismissed the suit. In revision,

Held, that the suit as brought was cognizable by the Civil Court as the plaintiff did not admit that the defendant was a co-tenant but brought the suit against him as a pure trespasser and that when he had proved that he had been in possession within six months and had been dispossessed by the defendant he was entitled to a decree and the Court was not called upon to go into the question of title. Except in mercantile and business contracts, time is not of the essence of the contract, but it may be material for the purpose of consideration whether in the circumstances of a particular case, specific performance should be granted. Though time may not be essential, delay even within the time prescribed by law will affect the remedy. Absence of proof of plaintiff's readiness will entitle the court to refuse relief to the plaintiff under S. 22 of the Specific Relief Act. Mere delay is not a ground for refusing relief to the plaintiff if there has been no charge in the *status quo* since the contract; but where the conduct of the plaintiff is such that though it does not amount to abandonment but shows waiver or acquiescence especially when inaction on his part induces the defendant to change his position, the plaintiff ought not to be allowed any relief." 30 Cal. 265; 33 Cal. 633 and *Lindsay Petroleum Co.* v. *Hurd,* 5 P.C. 221, Ref. The plaintiff did not pay anything within the time and subsequently offered a smaller sum which was refused; in December, the defendant had settled the tank with another on more profitable terms. In a suit by the plaintiff for specific performance of the agreement,

Held, that the granting of the relief under S. 22 was discretionary. The scond defendant was the mortgagee of the suit properties with a power of sale. In a public auction held by him, the third defendant bid for Rs. 12,550 and the sale was knocked down to him. Under the terms of the sale, the balance of the purchase money, after deducting the deposit, was payable within 15 days after sale; in default, the deposit was to be forfeited and the sale cancelled. The balance was not paid by the third defendant and the second defendant effected a private sale in favour of the plaintiff for Rs. 9,000 and the sale was approved by the Official Assignee in whom the properties had vested on the insolvency of the owner. Subsequently, however, the second defendant executed a sale-deed in favour of the third defendant for Rs. 12,550 and refused to complete the contract in favour of the plaintiff. In a suit by the plaintiff for specific performance of the contract in his favour,

Held, that time was the essence of the contract in favour of the third defendant and on his default the auction sale was cancelled, that the sale in favour of the plaintiff was a *bona fide* transaction, that the diminution in price was no evidence of unfair advantage gained by the plaintiff and that there was no reason for refusing specific performance to the plaintiff. Held, in a suit by the plaintiff for specific performance of the agreement of 26th November, 1926, (1) that although under S. 54 of the Transfer of Property Act the plaintiff's agreement for sale did not of itself create any interest in or charge on the property, he was entitled under S. 27 (*b*) of the Specific Relief Act, to enforce the agreement against the respondent, the subsequent transferee of the property; (2) that under S. 27 (*b*) of the Specific Relief Act (as read with Ss. 103 and 106 of the Indian Evidence Act) the burden of proof primarily lay on the respondent, the later transferee, to bring himself within the exception in S. 27 (*b*) and to establish (*a*) payment of his money, (*b*) his good faith, and (*c*) absence of notice to him of the original contract; (3) that there being no sufficient evidence either on the question of payment or on the question of the notice, the onus had not been discharged by the respondent; (4) that, consequently, the plaintiff was entitled to enforce specific performance of his agreement against the subsequent transferee. ——**S. 42, proviso**—*Declaratory suit—When maintainable—Right to consequential relief arising during pendency of suit.*

If at the time when a suit is instituted the plaintiff is not able to seek any further relief than a mere declaration of title, he need not in his suit ask for any further relief and his suit will be competent under the substantive portion of S. 42, Specific Relief Act. If, on the other hand, he is at that time able to seek further relief than a mere declaration of title and omits to do so, his suit will be barred under the proviso. The ability of the plaintiff to seek further relief dates to the time when the suit is brought and cannot be utilised against him if that ability comes into existence only after the institution of the suit and during the pendency of the suit. An alienee from a Hindu widow sued for a declaration of his title to certain lands attached under S. 146, Cr. P. Code. The suit was brought on the definite footing of "an absolute title" alleging necessity, and payment of consideration. The lower appellate Court dismissed the suit as the plaintiff failed to prove either the passing of consideration or the existence of legal necessity.

Held, although questions as those of legal necessity and the adequacy and the passing of the consideration cannot be raised by the defendants who were strangers to the reversion, the plaintiff was not entitled to succeed in his suit, brought as it was on the definite footing of "an absolute title" which he had failed to establish nor could he be allowed to change his ground to a title based on prior possession.

Per *Macpherson, J.*—The plaintiff would have failed even if he had come on previous possession (or practically, on appeal against the order under S. 146, Cr. P. ——**S. 54**—*Minor—Injunction against—Obstruction to construction of building—Minor and major defendants—Injunction against minor defendant also—Propriety.*

In an action to restrain several defendants from causing obstruction to the proposed construction of a building by the plaintiff defendant No. 1 acted as guardian of the minor. The acts and misdeeds complained against were alleged to have been done by defendant No 1 and by original defendant No. 2, the father of the minor and there was no evidence that the minor did any act or that the acts committed by original defendants Nos. 1 and 2 were done at the instance of the minor or on his behalf. The defendant No. 1 filed a written statement on behalf of the minor son of defendant No. 2 raising the same contentions as he himself raised but he subsequently gave up his defence. The lower Court thereon granted an injunction against all the defendants including the minor.

Held, an injunction was a a remedy against an individual and should be issued only in respect of acts done by him against whom it is sought to be enforced. So no injunction can be granted against the minor merely because his guardion gave up his defence. The holding of a *mela* by the defendant on his land as a rival attraction to that held by the plaintiff on his own on identical days cannot be held to be unlawful because it may interfere with the plaintiff's *mela* or because it was held with a bad motive. ———**S 54 (c)**—*Injunction or damages—Discretion—Principles regulating exercise of—Difference between English and Indian law—Circumstances material for consideraion.*

In a case where the plaintiff's right of light or air has been proved or admitted to have been infringed, the English Courts have proceeded on the principle that the normal and natural relief that ought to be granted is by way of an injunction and not by awarding damages. The burden lies upon the defendant to satisfy the Court as a matter of equity that in the circumstances of any particular case the Court ought not to issue an injunction

SPECIFIC RELIEF ACT (1877), S. 55.

and on the principle that "he who seeks equity must do equity," the defendant who has acted with a reckless disregard of the plaintiff's rights has been held to be disentitled from invoking the aid of Court to award damages in lieu of injunction. The law in India is, however, different. In England, the plaintiff whose legal right has been invaded is *prima facie* entitled to an injunction. In India the Court has jurisdiction to grant an injunction in its discretion only in cases in which (*inter alia*) "the invasion is such that pecuniary compensation would not afford adequate relief." In considering the question whether an injunction ought to issue, the Courts in India are not concerned with the question if the defendant has acted in a high-handed manner or an unneighbourly spirit but only with the question whether an award of damages would or would not afford adequate relief to the plaintiff for the invasion of his rights. In connection therewith, all the circumstances of the case must be taken into consideration, not only the injury to the plaintiff, but also the amount which has been laid out by the defendant, and the Court ought to be chary of granting an injunction in cases where an injunction would be oppressive and inflict hardship upon the defendant out of all proportion to the injury to the plaintiff. (Case law discussed.) The defendants erected a five storeyed building, in spite of warning, and had admittedly infringed the prescriptive right to light and air entering through the windows in the northern wall of the plaintiffs' three storeyed building.

Held, that award of damages and not injunction was an appropriate remedy, having regard to the facts (*i*) that notwithstanding the erection, the plaintiffs' building remained substantially useful as business premises ; (*ii*) that, though the comfort and convenience in using the rooms facing north have been deleteriously affected, their business had not been in the least affected ; (*iii*) the defendants' building was a magnificent structure erected on steel framework and any re-construction will inflict upon the defendants immense expenditure out of all proportion to the extent of the injury suffered by the plaintiffs by reason of the violation of their rights. Therefore the plaintiff is entitled to the issue of a mandatory injunction ordering the defendant to demolish the portion built on the wall and it cannot be held that the plaintiff has lost his right to get the wall of the defendant, which has been built on the top of his own wall demolished, simply by delaying the institution of the suit for a few months. If, after entering into a contract to sell, the parties in spite of the risk that either party may resile from the contract, refrain from getting an actual deed of conveyance prepared they can successfully evade the payment of higher duty. If the parties choose to be satisfied with a mere contract for sale, without an actual deed of sale, stamp deed payable on a conveyance cannot be demanded. The vendor company entered into an agreement on 26th January, 1921, to sell all their business undertakings and assets including goodwill, freehold hereditaments, etc., with effect from 1st January, 1920 The agreement recited that the purchase shall be completed on such date as shall be mutually arranged. After execution of this document a sale deed was executed by the vendors in respect of the immovable property but no deed of transfer was executed as regards the goodwill, and movable property. The agreement deed was stamped as agreement deed and bore 8 annas stamp only.

Held, that the agreement deed did not amount to a conveyance but was merely a contract to sell although the parties intended that when completed it should take effect from 1st January, 1920. An agreement was executed on a blank paper and signed by the Railway Company and the Burmah Shell Oil Company who was called the licensee. The licensee was to have the temporary use or occupation of a plot of land for constructing and maintaining a petroleum installation; the specifications for the construction were subject, however, to the approval of the Railway. The Oil Company should allow free access at all times to the authorized officers of the Railway and was bound to obey any directions for repair or reconstruction. The rent was payable in advance; local cesses and taxes were to be paid by the Oil Company. The licensee had no power to transfer or sub-let. The agreement could be put an end to by 3 months' notice or in the event of breach of any stipulation, by a week's notice. The agreement further provided that nothing therein contained should be construed to create a tenancy in favour of the Oil Company, that the Railway would have full power to direct from time to time the mode in which the liberties and licenses should be exercised by the Oil Company and that the Oil Company should indemnify the Railway against all claims demands and damages. The question was if the agreement should be stamped as a "lease" or if it was only a license.

Held, that the nomenclature used by the parties was by no means conclusive of the question, that so long as the transaction remained in force and was not terminated, the Oil Company had for the time being exclusive possession and enjoyment of the land, and as such was not a mere license within the scope of S. 52 of the Easements Act, that S. 2 (16) (*b*) of the Stamp Act contemplated as much a composite agreement signed by both the lessor and lessee as an unilateral agreement signed by the lessee only, and that the document was a lease within the definition of that term under S. 2 (16) (*b*) and so chargeable as such under Sch. A document in Gujrati executed in favour of one *V* by his partner *G*, after stating that the accounts between the parties had been examined by an arbitrator, went on to state that a sum of Rs. 1,12,500 had been found to be due to *V*. This amount the executant *G* promised to pay as soon as his movable and immovable properties situated in Calcutta and its suburbs could be sold. In the paragraph which followed, the executant said: "I have lands and estates in Kankurgachi, Belur, Maniktola, Manharpuker and Puri, etc Suits are pending in respect of some of them, as there are disputes in connexion with documents relating thereto. Some of the disputes are settled and the rest will be settled in a short time. And for selling these lands and estates, I have in my possession their title-deeds. When they are sold, I will pay in full anyhow your dues within four years. Till then as a security I pledge to you all these properties and the properties of my share in the company. The documents thereof which I hold are to be deemed to be held on your behalf. After paying your debts I can make any other disposal. I pass the writing to that effect".

Held, whether the word "pledge" was a correct translation of the vernacular word or not, the document had got to be taken as a whole and taking the document as a whole, there could be no doubt that the document did amount to a transfer by way of assurance or mortgage.

Held further, that the mortgage attached to the property which was specified, that is to say which was ascertained or ascertainable on reference to the title-deeds mention of which is to be found in the document; in other words, the mortgage attached to the property which could be ascertained with reasonable certainty and the deed was therefore liable to duty under S. 2 (17). STAMP ACT (1899), S. 2.

S. 2 (22) extends the definition of "promissory note" as given in the Negotiable Instruments Act in certain ways but it does not do away with one essential characteristic of a promissory note that it must contain a promise to pay to some person or persons or to their order or to the bearer of the note. A document was in the following terms: "A sum of Rs. 17,000 has been in Civil Court deposited to your credit to the account of the suit. To day I have withdrawn that amount on furnishing security. We shall repay to you the said sum together with interest thereon at the rate of 6 per cent. per annum from this day as soon as you settle the High Court affairs. If it shall be ordered by the Court that the aforesaid amount should be deposited in Court, we shall deposit only the said amount in Court and pay to you the amount of interest accruing thereon till the date"

The words of S. 36 of the Stamp Act are perfectly general and are not restricted in their application *to such documents only* as can be received in evidence on payment of the stamp duty and penalty. It applies also to instruments which form the very basis of the claim made, and since the section lays down that the admission of the instrument cannot be called in question, it necessarily implies that the instrument must also be acted upon. In a suit on an insufficiently stamped pro note the note was allowed to be filed in evidence, the Court being of opinion that it could be relied on as an acknowledgment of liability, and on the strength of it a decree was passed. The decree having been set aside on appeal,

Held in second appeal, that the pro note once having been admitted in evidence, the original defect ceased to be a hindrance by reason of S. 36, Stamp Act, and that the decree passed on the strength of it was perfectly valid. An insufficiently stamped document was filed and some evidence was taken on it and it was marked as an exhibit for reference, but the endorsement required by O. 13, R. 4 was not made. The next day the opposite party objected to the admissibility of the document and the objection was upheld.

Held, that there was no judicial determination of the question of the admissibility of the document till the objection was raised and the words "admitted in evidence" in S. 36, Stamp Act, must be taken to mean letting in as a part of the evidence as a result of judicial determination of the question whether it can be admitted in evidence or not for want of stamp. Held, that though the lower Court was justified in dismissing the suit on the ground that the prior contract was not proved, it could not reopen the question if the document was properly stamped. The document having once been admitted in evidence it was not open to the appellate Court to say that it would like to interpret the document as a promissory note, but is precluded from doing so because it is not properly stamped. There is no case within the meaning of S. 57 (1) for the term 'case' in S 57 (1) refers only to a case as yet undecided by a competent authority, and the decision to be given by the High Court under sub-S. Held, that the reference was incompetent. The Collector did not state a case to the Board and so S. 56 (2) did not operate to impose any duty on the Board of Revenue with reference to the instrument, and as the Collector did not exercise his powers under S. 33 to impound the instrument, the Board of Revenue had no controlling power over the Collector at that stage. ——**Sch I. Art 1**—*Acknowledgment, if governed by article or proviso—Test*—Bahi *entry recording purchase of goods on credit—Stamp duty.*

The question, whether a particular acknowledgment falls within Art. 1, Stamp Act, or is excepted from its operation by the proviso, will depend on the wording of the document. In considering whether a document is governed by the article or the proviso it is the document as it stands and not the bargain to which it refers, which has been made chargeable to stamp duty. The duty is on the instrument and not on the transaction. If therefore a document is so worded that it expressly, or by necessary implication comes within a particular provision of the Act, it must be stamped accordingly. But the implication must arise from the phraseology used in the document, and not be a matter of legal inference or presumption. An implication of law does not involve liability to duty though it may give rise to certain legal obligations. It does not therefore follow that simply because a particular document is a good "acknowledgment" for the purpose of extending time under S. 19, Limitation Act, or that it may be basis of a suit, that it must necessarily be chargeable to duty as an agreement under the Stamp Act.

Held, an entry in a *bahi* of the seller which was merely a memorandum of a transaction of purchase of goods on credit was neither an acknowledgment of a debt within the meaning of Art. 1 nor an agreement or memorandum of an agreement within the meaning of Art. 5 (*c*) and as such did not require to be stamped. It is a voucher which a purchaser who buys on credit leaves at the shop of the seller. The fact that the entry was made in *bahi* and not on a separate piece of paper made no difference. ——**Sch I, Art. 1 and S. 35**—*Acknowledgment.*

The wording of the Stamp Act must be strictly construed and, unless the document that purports to be an acknowledgment is saved by the proviso to Art. 1, it cannot be admitted in evidence under the proviso to S. 35. For a document to be covered by the proviso to Art. 1, there must either be an express promise to pay as distinguished from the implied promise to pay, which is contained in any unconditional acknowledgment, or there must be a stipulation to pay interest or to deliver goods or other property. In the absence of any such express promise to pay or agreement to pay interest, the acknowledgment is as bare acknowledgment and, al-

though under the general provisions of law it does imply a promise to pay, it is still an acknowledgment which should be stamped with a one anna stamp under Art. 1 and therefore, if unstamped, is inadmissible in evidence under S. 35. ——**Sch. I, Art. 1**—*Acknowledgment containing promise to pay.*

An acknowledgment of debt in order to incur the duty under Art. 1 must be not only an acknowledgment made to supply evidence of such debt, but must also contain no promise to pay the debt or no stipulation to pay interest or to deliver goods or other property. Where therefore a judgment-debtor in his letter asks the creditors to have full faith in him as he intends to reap his crops shortly and faithfully promises to pay the sum within three weeks, the letter is not liable to the stamp duty of one anna. ———**Sch. I, Art. 23**—*Conveyance in consideration of discharge of debt—Mention of less than actual amount due—Balance stated as waived—Stamp duty*

The charging words in Art. 23 "where the amount or value of the consideration for such conveyance as set forth therein" do not mean that Revenue Authorities must have regard only to what the parties to the instrument have elected to state the consideration to be, but that the duty must be assessed upon the amount or value of the consideration for the transfer as disclosed upon an examination of the terms of the instrument as a whole. Where in a conveyance of immovable property, the consideration passing to the transferor for executing the conveyance was therein stated to be a total sum of Rs. 300, made up of Rs. 250 being the total of two items of principal sum and Rs. 50 being the balance of interest arrived at by waiving Rs. 145 14 0, out of Rs. 195-14 0, the total of two items of interest,

Held, that the benefit which would accrue to the transferor as the result of duly executing the conveyance was that he would obtain in substance and effect the cancellation of the whole debt of Rs. 445-14-0 which was due from him to the transferee, and that stamp duty must be paid on that amount, as the agreement to release the balance of the debt formed part of the consideration passing to the transferor for executing the conveyance. The test to determine whether a document is a conveyance is to find out whether the intention of the parties was that the document should be the sole repository and appropriate evidence of the transaction of sale. If it is so, the Court must hold it to be a conveyance. But if it merely recites a past accomplished fact, it is not a conveyance liable to be stamped or registered as such. A deed which merely acknowledges as a fact that a right is vested in a particular person is not a conveyance; it has to be shown that the right was created by the particular deed in question. Where there is nothing in a document to show that title in the property was being conveyed by the vendor to the vendee by it, on the other hand, the document refers to a sale as a completed transaction under which possession had been delivered to the vendee, and the primary object of the execution of the document appears to be to record the fact that out of the total purchase price, a portion had been received by the vendor from the vendee and to safeguard the latter against a fresh demand for that sum, rather than to create title in the vendee as owner of the land, which had been done already by an independent transaction altogether.

It is not permissible to add to or substract from the definition as given in S. 2 (15). Similarly it would be illegal to engraft any exceptions or impose and limitations on Art. 45 beyond those that are clearly set forth in the provisos. Every final order effecting a partition passed by any Civil Court is an instrument of partition and so is every award by an arbitrator directing a partition. Standing by itself therefore either of the two is chargeable with duty of the amount indicated in Art. 45 as the proper duty therefor. If therefore the award had been stamped with proper duty, 12 annas only would have sufficed for the decree, but if it is not so stamped there is no provision of law which can save the decree from stamp duty as prescribed in Art. 45, Sch I. But where a part of the decree is separable from the other portion of decree effecting partition and all the reliefs have been joined together for convenience in one document, such part is not liable to stamp duty and can be proved. Under the will, the testator appointed three persons as executors. His son was disinherited but his grandson, then a child of 4 months, was to be under the protection of his mother and grandmother, appointed guardians of his person. For a period of three years after testator's death, the executors should manage the properties; then they should deliver all the properties to the two guardians who should manage the properties till the end of their lifetime without any power of alienation. After them, the testator's son's descendants should take the properties absolutely and enjoy them from generation to generation. The survivor of the two ladies died in 1926 and the question was if a mortgage executed by the grandson in 1924 was valid.

Held, that the effect of the will was this a life-estate was bequeathed to the widows with an absolute gift over of the remainder to the deslendants of the testators son. The absolute gift of the remainder was to a specified class of persons of whom the grandson was one. Under S. 106 of the Succession Act, the interest of the grandson was a vested interest from the date of the testator's death, even though possession thereof might have been postponed. And the case was not governed by the exception to S. 98. The grandson was therefore competent to execute the mortgage. 57 I.C. 547; 4 C. 304; 28 C. 621 (P.C.); 38 C. 468 (P.C.), Rel on. The question of domicile should not be confused with nationality. The question whether a person abandons his domicile of origin and acquires a new domicile largely depends on residence coupled with an intention on his part to choose the new country where he resides as his permanent home in preference to the country of his birth The onus of proving an abandonment of the domicile of origin and acquisition of a new one is on the person who sets up such a change of domicile. ———**S 10**—*Change of domicile—Conditions—Englishman going to India and residing there for greater part of life intending to devote life to missionary service—Intention—Indian domicile by choice—If acquired.*

To effect a change of domicile there must be an intention to settle in a new country as a permanent home, and if this intention exists and is sufficiently carried into effect certain legal consequences follow from it, whether such consequences were intended or not, and perhaps even though the person in question may have intended the exact country. The real essence of an assumption of a domicile of choice is intention. Where an Englishman comes out to India with the object of doing missionary work in India for the period of his life, and founds a mission whose members devote themselves to work in India throughout their lives, which is undoubtedly his own intention, and further spends the greater part of his life in India, it must be held that he has chosen an Indian domicile and that he is governed by the provisions of the Indian Succession Act. A general residuary gift of personalty in a will sweeps up, and is intended to sweep up, all personal property of which the testator may die possessed which from any cause may happen not to be otherwise effectually dis-posed of; and all such property falls into the general residue unless an intention is apparent in the will that it is not under any circumstances to do so. Where a testatrix after devising certain immovable property and certain personal property to a Bishop bequeathed to her niece certain plots of land and added: "I also give to my niece all my personal property and effects" and the be-quest to the Bishop was void under S. 118 of the Indian Succession Act.

to the residuary legatee. No particular mode of expres-sion is necessary to constitute a residuary legatee. It is sufficient if the intention of the testator be sufficiently expressed in the will that the surplus of his estate after payment of debts and legacies shall be taken by a person there designated. The residuary legatee becomes vested with the surplus or residue of the property left by the testator at his death. A person devised and bequeathed his property by a will in favour of his wife with direc-tions to her to pay certain amount to certain persons and to spend some amount in charities every year and after her death the property was to devolve on his two daughters, and on their death on their existing and future offspring. The testator's daughters and daughters' sons claiming to be residuary legatees applied for grant of letters of administration.

He left a will executed by him in October, 1903 by which after giving certain pecuniary legacies and annuities he devised and bequeathed the whole of his estate to his infant sons. The probate of the will was taken out in August, 1904, and the elder son *A* obtained the letters of administration after attaining majority. *A* died in February, 1930, leaving his widow *I* and a daughter. The younger son *B* who had attained majority obtained representation to the estate of *R* on 30th May, 1930. *I* instituted a suit on 3rd July, 1930, claiming the share which her husband *A* had in the estate contending that in the events that had happened and on a true construction of the will of *R*, she was entitled to the share as heiress of *A*. *I* relied upon the following clause in the will. "Subject to the payments of the legacies and annuities aforesaid (the latter unless otherwise expressly provided being payable during the terms of the natural lives of the annuitants) as well as to the provisions hereinbefore mentioned, I devise and bequeath the whole my estate real or personal of any kind or description

whatsoever and wheresoever situate to my said executors and trustees in trust for such of sons as shall then be dead (such son or sons taking the share which their or his father would have taken hereunder had they or he been then alive) provided the said son or sons' sons shall be orthodox Hindus of good repute equally as tenants-in-common and the said sons or sons of my sons taking equally per stirpes as tenants-in-common, but nevertheless in the event of my sons or sons' sons dying without leaving lineal male issue surviving him, the other of my son or sons or sons living at the time shall be equally entitled to his or their share of the property as he or they would inherit under the Hindu law, but should I die without lineal male descendants, the son or sons to be adopted by my wife shall inherit the whole of my residuary estate but he shall not be put in possession until he attains the age of twenty-one years and should any of my heirs or residuary legatees cease to be orthodox Hindus of good repute he shall forfeit a moiety of his share which shall go to my other qualified heirs according to their respective shares."

Held, that the testator intended that on his death his two sons should as between themselves divide his estate half and half and that if subsequently any of the sons died sonless the surviving son was to get the share of the son dying sonless.

Held also, that the specified uncertain event contemplated in the will, namely, one son dying sonless was necessarily to happen after the death of the testator. *A* and *B* therefore took a vested interest in their share in *R's* estate at his death but such interest was liable to be divested in case either of them died subsequently without leaving the male issue.

Held further, that S. 124 did not apply to the case but S. 131 applied and the clause of defeasance was valid and the gift over in favour of *B* had taken place. It was not a contingent bequest but a bequest of vested interest. *I* therefore did not inherit the share which was in *A*. 23. Cal. 563, Dist (*C. C. ———**Ss. 131 and 124**—*Construction of will—Gift over "in the event of any sons dying without leaving male issue him surviving"—Death issueless, at any time and not merely in testator's lifetime.*

The testator, a Hindu governed by the Dayabhaga Law, executed a will, bequeathing the whole of his residuary estate to his sons in the manner following:—"I devise and bequeath the whole of my estate—in trust for such of my sons as shall be living at my death—and also for the son or sons of such of my sons as shall then be dead (such son or sons taking the share their or his father would have taken hereunder had they or he been then alive) equally as tenants-in-common and the said sons or sons of my sons taking equally *per stirpes* as tenants-in-common, but nevertheless in the event of any sons or sons' sons dying without leaving lineal male issue him surviving the other of my son or sons or son's sons living at the time shall be equally entitled to his or their share of the property as he or they would inherit under the Hindu Law". The testator died in 1904, leaving his widow and two sons, *S* and *A* him surviving. The elder son *S* died in 1930 intestate without any male issue, but leaving him surviving his widow (the plaintiff) as his sole heiress under the Dayabhaga Law and an infant daughter. The plaintiff thereupon brought the present suit against the surviving son *A*, claiming that on a true construction of the will her husband *S* had become absolutely entitled to his equal half share of the

SUCCESSION ACT (1925), S. 131.

residuary estate, and that on his death intestate his half share devolved upon herself as sole heiress.

Held (negativing the plaintiff's contention) that, on a true construction of the will as a whole, S. 131 and not S. 124 of the Indian Succession Act, 1925, was applicable and that the half share of *S*, on his death without male issue, passed under the gift over to the younger son *A* (the defendant). The words "dying without leaving lineal male issue him surviving" are *prima facie* to be construed in their literal significance as referring to death at any time, and not merely in the lifetime of the testator. The question is one entirely of intention and though this rule of interpretation will yield to any sufficient intention to a contrary effect to be found in the language of the will taken as a whole, there was in the will in dispute no indication of a contrary intention sufficient to displace the *prima facie* meaning of the words used in that clause. If an estate is given in terms which confer an absolute estate on the donee and then further interests are given merely after, or on the termination of, that donee's interest, his absolute interest is not cut down and the further interests fail. Where from the fact that the testator constituted the legatees (who were Hindu widows) "maliks" of his property after him with full powers of alienation, his intention was clearly to confer an absolute estate on them, a subsequent clause providing for a gift over is inoperative and ineffective to cut down the absolute estate. ———**S. 138**—*Bequest of absolute estate—Subsequent clause imposing restriction on alienation—Validity of.*

Where in a deed of gift or will an absolute estate of inheritance is created in favour of person, any subsequent clause which purports to restrict that interest is invalid, and the donee or legatee takes an absolute estate as if the deed contained no such restrictive condition. The rule is the same even if the restriction is for a limited period only. A Hindu testator declared in a will that his three sons were his heirs and were absolute owners, in equal shares, of his movable and immovable properties. But in a subsequent clause of the will he tried to restrict their power of alienation and partition in respect of immovable properties until the youngest of them had attained majority.

An application made by the deceased's wife's brother's daughter for Letters of Administration to the estate of the deceased was opposed by a person who was neither a sapinda nor a sakulya, nor a semanodaka of the deceased; but who was related to the deceased through a common ancestor or rather a common link to the deceased.

Held, that though both the parties were not heirs at all still it could not be said that the person had no interest of any description, which would entitle him to appear and watch and if necessary to oppose the application and can therefore be allowed to appear and oppose the application. Where there are a number of rival claimants for the grant of letters of administration, and the claim of one of the rivals is admitted by the other claimants, and the applicant whose claim is admitted is a fit and proper person to be granted letters, letters of administration, would in the normal course, be granted to him, and it is then unnecessary to consider the status of the other rival claimants. But where, as between the rival claimants *inter se*, the claim of none of them is admitted by the others, it is incumbent on the Court to determine the status of the applicant before letters are issued to him. The husband of the deceased is *prima facie* entitled to the grant of letters of administration to the estate of his wife. Under S. 219 (*f*) of the Succession Act, it is not enough for a creditor-applicant for letters of administration to merely allege that the deceased left no relatives or persons connected with him by marriage or consanguinity who were entitled to letters of administration and willing to act, but it is also necessary as in the case of a civil suit, to adduce evidence in support of the allegation in the application. Evidence merely to the effect that the deceased had no wife or children and was not married would not be enough. The applicant must produce evidence that enquiries have been made in the place where the deceased's parents originally lived which would show whether the deceased had any relative still living. ———**S. 263**—*Revocation—Procedure.*

The grant of probate or letters of administration is a decree of a Court and where it has been wrongly granted an application can be made to the same Court which granted it to set aside and a regular suit is not always necessary unless the grant is sought to be revoked ground of the invalidity of the will or on the ground of any dispute as to its genuineness. There may therefore be either an application to revoke the grant or a substantive suit but when the grant is revoked fresh proceedings have to be instituted in order to obtain proper representation to the estate of the deceased and that must be done by a petition under the Act. The party propounding the alleged will may as plaintiff seek to obtain revocation of the grant to the defendant. The defendant may be called upon to prove his title to the letters of administration and then the plaintiff may contest the grant and lead his own evidence in support of the will. The absence of citations to persons interested will not always invalidate the grant. Where the District Judge transferred an application for grant of probate to the Subordinate Judge for disposal and in the Court of the Subordinate Judge a caveat was lodged whereupon the applicant raised the objection that the proceedings having become contentious, the Subordinate Judge had ceased to have jurisdiction to proceed with the case.

Held, that the test in each case must be whether the Subordinate Judge is acting in his capacity as a district delegate or in the capacity of a Subordinate Judge to whom a case has been transferred by an order of the District Judge, that if he is seized of the case in the capacity of a district delegate, his jurisdiction ceases, as soon as the proceedings become contentious but that if he is trying the case as a Subordinate Judge, to whom the case has been transferred by the District Judge, there is no provision either in the Indian Succession Act or in the Oudh Civil Rules confining his jurisdiction to non-contentious cases and that it makes no difference in principle, whether the proceedings at the time of the transfer had already become contentious or whether they become contentious afterwards, and that in the absence of any provision taking away the case from the jurisdiction of the Subordinate Judge, when the proceedings before him become contentious, it must be held that the Subordinate Judge is entitled to deal with the case, whether contentious or non-contentious. An application by the Administrator-General for grant of a probate of the will a caveat was entered by a party whereupon the matter was entered as a contentious suit. The parties concerned other than the Administrator-General came to an arrangement which was embodied in the form of an agreement under which the shares given by the will were to be allotted in a particular manner and the caveat was withdrawn, a decree being passed in the probate proceedings. Subsequently, on the death of a legatee, the person entitled to succeed to him made an application for a direction that the Administrator-General, as the executor of the will should pay to the applicant the share of the legatee in the residue in accordance with the terms of the agreement.

The heirs of a deceased party are not included in the expression "executors and administrators" as used in S. 306. Therefore under that section a cause of action does not survive to or against his heirs as such. ——**S. 306**—*"Personal injuries"—Interpretation of.*

The words "personal injuries" in S. 306 of the Succession Act mean bodily or physical injuries as opposed to injuries to property or reputation, and are plainly *ejusdem generis* with an "assault" and not with "defamation". Accordingly a cause of action which is in respect of injury to the credit and reputation of the plaintiffs caused by the wrongful acts of the deceased defendant does not fall within the exceptions set out in S. 306, but under that section survives against the executors and administrators of his estate. (*Page, C.J. and Ba U. J.*) CASSIM & SONS *v.* SARA BIBI. **13 Rang. 385=160 I.C. 715=8 R.R. 413=A.I.R. 1936 Rang. 17.**

——**S. 306**—*"Personal injury"—Pecuniary loss through deception—If amounts to.*

"Personal injury" in S. 306 is intended to mean injury to the person as distinguished from injury to property. Defamation, malicious prosecution, assault and bodily hurt may all indirectly cause financial loss or financial expenditure, but they are in the main injuries which are personal in that they directly give rise to mental or physical suffering or inconvenience. Hence pecuniary loss caused through deception is not injury of that nature and hence liability for such loss survives after the death of the person liable. SUCCESSION ACT (1925), S. 307.

——**S. 306**—*"Personal injury"—Suit in tort for—Survival of.*

A suit in tort for personal injury does not survive after the death of the person injured. According to S. 306, an action for personal injury not causing the death of the party does not survive. The word "personal" in S. 306 means all personal injuries in the commonly accepted use of the word "personal", and cannot be restricted merely to physical injuries to the person, and on this view the fact that the plaintiff had incurred some pecuniary loss will not cause the right to sue to survive. 44 Mad. 828; 48 All. 630; 4 Pat.L.J. 676 and 47 Bom. 716, Foll.; 53 Cal. 987 and 31 Cal. 993, Diss. from; 49 Mad. 208 and 31 Cal. 406, Ref. ——**S. 306**—*Suit for malicious prosecution—Decree—Death of plaintiff pending appeal—Effect.*

In a suit for malicious prosecution the plaintiff's right which is a mere right to sue for damages for a personal injury changes its character once it is merged in a decree. It then becomes a matter of record which is a right of higher nature. The rights and liabilities arising under a decree awarding damages for malicious prosecution therefore continue when the plaintiff dies during the pendency of an appeal against the decree, so far as the appeal is concerned, but as regards the cross-objections they abate. An executor stands in the position of a trustee for the parties beneficially entitled to the estate. His primary duty is to realise the assets and to administer the estate in the best way possible. The validity of a transaction entered into by the executor depends on the answer to the question whether it was reasonably necessary for the due administration of the estate of the deceased. Having regard to the provisions of S. 36 of the Trusts Act and S. 307 of the Succession Act, the executor has no power to grant a lease for ninety-nine years with an option to the lessee to purchase the reversion in the demised premises or any part thereof at any time during the said period. *Oceanic Steam Navigation Co. v. The object of S. 307 (2) (*ii*) of the Succession Act is to enable the District Judge as the Court of testamentary jurisdiction to see that the permission applied for is necessary in the interest of the administration of the estate. Where a person bequeathes certain property to a society and the estate is without any encumbrance and no other legatee is to be paid, there is nothing to administer and the property in the hand of the administrator should be handed over to the legatee and the administration should end. If the society thinks that it is in the interests of the society that the property should be converted into money and invested in the Government promissory notes, it may institute a suit under S. 92 (C. P. Code) or take such other steps as they might be advised. S. 325 which lays down a rule of priority, does not, however, stand in the way, in an admittedly solvent estate, of the executor paying a legatee before he has discharged the debts of the deceased. The question has to be considered from the standpoint of the solvency or the insolvency of the estate. As a matter of general principle it is the duty, no doubt, of an executor first to ascertain the position of the estate and unless it is clear to him the estate is solvent and there is no risk of creditors being prejudiced, not to pay the legacies before the debts have been discharged. The same principle applies where there has been an administration decree. This rule should not be departed from even if the legatees were to furnish security before drawing the amount. The executor is not a necessary party to such an action. "Distribution" in S. 360 of the Succession Act is not restricted to payment of legacies only; it covers also payments in discharge of the claims of creditors also. Where the plaintiff brought a suit for the recovery of a sum of money deposited by the deceased with the defendant, alleging a will on the strength of which he had obtained a succession certificate and the defendant set up an oral will in his favour, but it was found that both the wills were not proved,

Held, as the defendant had failed to establish the oral will set up by him, he was bound to pay the amount to the holder of the succession certificate, whatever rights the heirs of the deceased might have against the plaintiff. A succession certificate which is valid so long as it is not revoked is a conclusive proof of the right of the holder thereof to recover the amount in respect of which the same has been granted. Hence on a suit brought on the succession certificate, the question of the rights of other parties to recover the amount from the debtor, in other words the question of title to the amount concerned, cannot be raised. Where the trial Court rejected the plea of the defendant that the plaintiff had under-valued his suit and decreed the plaintiff's claim, and the defendant filed an appeal valuing it at the plaintiff's valuation of the suit, it could hardly lie in the mouth of the plaintiff-respondent to say that he deliberately under-valued his claim in the plaint, even though the defendant repeated in his memorandum of appeal that the suit had been under-valued in the plaint. In a suit for a declaration that property is not liable to attachment and sale in execution of a decree, where the value of the property is in excess of the amount claimed in execution of the decree, the determination of the value of the suit for purposes of jurisdiction must rest upon the construction to be placed on the nature of the suit and the character of the relief claimed, if the suit could not be treated as one under O. 21, R. 63, C. P. Code, no objection having been filed by the plaintiff under O. 21, R. 58 before he instituted the suit. Where it is clear from the allegations made in the plaint and the relief sought therein that the sole object of the suit is to get a declaration that the property is not liable to attachment and sale in execution of the defendant's decree, and the judgment-debtor is made a *pro forma* defendant and no relief is claimed against him, the case is, in substance, in no way different from a suit brought under O. 21, R. 63 and the value of the suit for purposes of jurisdiction is not the value of the property but the decretal amount. ———S. 8—*Value of appeal—Value of subject-matter of suit.*

The general rule in appeal is, that when the appeal is against the whole decree, and if the suit has been decreed in full, the value of the appeal is the same as the value of the original plaint. Plaintiff valued her suit for purposes of Court-fee and jurisdiction at certain amount to which the defendant did not object. In appealing against the decision, the defendant valued the appeal for purposes of jurisdiction at the same value as in the plaint, but for purposes of Court-fee he valued the subject-matter at a considerably low amount.

Held, that the defendant had to put a stamp on the value put for jurisdiction. (*Baguley and Ba U, JJ.*) MAUNG PO NYUN *v.* DAW NGWE BWINT. **147 I.C. 791=6 R.R. 179=A.I.R. 1933 Rang. 410 (1).**

———S. 8—*Value of suit—What is—Valuation for appeal—Damages after date of suit—If can be taken into account.*

The value of a suit is its value at the date of its institution and not what the value will become on some subsequent date. Nor does the value of a suit depend upon the competency of a Court to pass a decree for a particular claim. The claim may be absolutely untenable, but if a plaintiff claims relief he has to value it and that value will determine the forum for the institution of the suit or appeal. Plaintiff filed a suit in a Subordinate Court for removal of a dam and for damages caused to him by the dam. He valued the suit at Rs. 300 in respect of the dam and at Rs. 2,300 being the damages or mesne profits for one year, thus making a total of Rs. 2,600, and paid Court-fee on Rs. 2,600. Plaintiff also claimed future damages till removal of dam which he estimated roughly at Rs. 3,000 and stated that the total valuation of the suit was Rs. 5,600. The suit having been dismissed, plaintiff appealed to the High Court. Objection was taken after the hearing of the appeal had proceeded for some time that the appeal lay to the District Court and not to the High Court as the valuation for purposes of jurisdiction and Court-fee was the same, *i.e.*, Rs. 2,600.

Held, that the future damages claimed by the plaintiff could not be added for the purpose of valuation either for Court-fee or for jurisdiction, that the suit was not one of those excepted under S. 8 of the Suits Valuation Act, and consequently the valuation of the suit being only Rs. 2,600 and not Rs. 5,600, no appeal lay to the High Court. ———**S. 10**—*Increase of duty—Liability of purchaser—Burden of proof.*

In order that the increase of duty shall be passed on the purchasers, it must be shown that the goods delivered have paid duty. It is for the vendor, who relies on the terms of Indian Tariff Act, to show that the case comes within the ambit of the section on which he relies, It is not the purchaser's duty to plead that a particular exception to the law of contract did not operate. It is vendor's duty to plead the exception and to substantiate the plea. Whether the vendor purchased silver at an increased price or no in order to enable delivery to the purchaser is immaterial. ———**S. 10**—*Scope—Increase of duty.*

The increase of duty referred to in S. 10 is on any article and not necessarily on any class of article. The amount which the seller is entitled to recover in addition to the contract price is the amount of duty paid by him, which must obviously mean actually paid to Government when the goods are imported. The section cannot be applicable to cases where goods were already in existence in India prior to the increase of duty and on which no enhanced duty whatsoever had been paid to Government. The question whether the vendor is entitled to claim from the purchaser the enhanced duty on the goods is one of interpretation of the written contract. If the contract is clear and has made the purchaser liable to pay in addition to the contractual price the enhanced duty as well, there would be no question as to their liability. But where the contract is silent and merely contains a promise on the part of the vendor to sell goods at a certain rate, its obvious meaning is that he is to supply the goods at that rate irrespective of any duty that might have been paid upon it, or that may have to be paid on other goods. If the circumstances of the transaction show that the intention of the parties was that the goods contracted to be sold were to be imported from abroad, then it would be a necessary inference that the parties intended that the enhanced duty that might come in afterwards would be payable by the purchasers. But, in the absence of any such indication, it cannot be held that every contract of sale in India has to be varied in accordance with enhanced duty when such duty is imposed afresh or is increased on articles of that class. TEA CONTROL ACT (XXIV OF 1933), Ss. 12, 14 and 15—*Construction—Mortgage of right, title and interest of tea company—If transfers right to obtain licenses.*

Export licenses under the Tea Control Act are licenses to export tea in general and not to export the tea which is the produce of particular estates; and the right to obtain licenses to export tea in general, being freely transferable to persons who have no interest in any particular tea estate cannot be said to be comprised in the right, title and interest of the owner of a tea estate. Consequently a mortgage by a tea company of its right, title and interest in certain tea gardens cannot have the effect of transferring or affecting the right which the company obtains under the Act to obtain licenses to export tea upto the amount of their export quota. The rule-making power is expressed very widely; and a rule requiring a recruiter to give a true account of his adult female recruit would be one required to give effect to the provisions of Ch. Where the question was whether the depreciation in the value of property owing to the presence of an aerial line span was not damage to property,

Held, that the damage was not confined to actual damage to property by demolition of a building or damage to crops. The rendering of a site useless for building purposes might or might not be damage to the owner. This would depend on the circumstances existing at the time when the line was laid and could best be determined by considering whether there would have been any loss on the sale of the land from this cause if the land had been sold at that time. The injured person is entitled to damages for personal suffering and for loss of enjoyment of life and also to actual pecuniary loss resulting to and the expenses reasonably incurred by him. Defamation.

——*Defamation—Defamatory meaning — Test of reasonable man—Two different conclusions possible—Procedure.*

In considering the question whether the words complained of are defamatory or in other words, whether they are capable of a defamatory meaning, the test is whether under the circumstances in which the writing is published, reasonable men, to whom the publication is made, would be likely to understand it in a libellous sense. What the Court has to consider is what might be conveyed by the words complained of to a reasonable fair-minded man and not what might be inferred from it by a man of a morbid or suspicious mind. It is unreasonable that where there are a number of good interpretations, the only bad one should be seized upon to give a defamatory sense to the document. (1882) 7 App. Cas. 741; (1910) 2 Ir. ——*Defamation—Damages—Assessment—Newspaper libel of the worst type—Proof of pecuniary loss—Necessity—Right to general and substantial damages.*

Where the words used in defamatory article in a newspaper must clearly injure the plaintiff's reputation, they are actionable *per se*, and the plaintiff is entitled to substantial damages without proof of actual pecuniary loss. A plaintiff who has been painted in the most abominable terms and openly accused of crime, immorality and vice and dishonourable conduct in the discharge of his official duty, is clearly entitled to general damages for which no proof of pecuniary loss is legally necessary. The method of publication of the libel has also to be considered in assessing damages. A newspaper may fall into any hands, and printed matter being generally of a permanent character which people are disposed to believe implicitly. Substantial damages may be awarded in the case of a newspaper libel. TORT—Defamation.

——*Defamation—Joint tort-feasors—Publication to third party—Defamatory meaning of words—Benefit of doubt.*

Where there are a large number of interpretations to be put upon words, it would be unreasonable to select that which would give a defamatory sense. ——*Defamation—Law applicable.*

In default of special legislation, the Indian Courts are to apply the rules of equity and good conscience which include the Common Law. ——*Defamation — Libel — Fictitious story—When libel—Intention—Absence of malice or deliberateness—If protects writer from liability.*

A narrative apparently fictitious may be in fact a libel on living persons. If a writer intends to portray a real person under an imaginary name and chooses for that purpose what he supposes to be a fictitious name, he is nevertheless liable if he happens to choose the name of a real person, though he had no intention whatever of doing so. If the defendant's words have in fact injured the plaintiff's reputation, it is no defence to an action by the plaintiff that the defendant intended to refer to some one else. Want of deliberateness and malice will not protect the defendant; for a man may be liable though he has not a particle of malice against the person defamed. (*Addison, Ag C.J. and Din Mohammad, J.*) MUNSHI RAM *v.* MELA RAM WAFA. **17 Lah. 332=157 I.C. 854=8 R.L. 147=37 P.L.R. 670=A.I.R. 1936 Lah. 23.**

——*Defamation—Newspaper libel—Allegorical story—Proof identification of person defamed—Extraneous evidence—Admissibility.*

Even an allegory may be a libel; but there must be a definite imputation upon a definite person who must be the plaintiff. If even a cursory perusal of a story in a newspaper at once leads an ordinary reasonable reader to connect it with the plaintiff, the identity is fully established, and it is futile for the writer of the article to argue that he did not intend to defame the *real person* (plaintiff) and that he only used a name at random as a mere representative of a class dealt with in the article. The plaintiff in such cases of libel can aver extraneous facts to show that he is the person expressly referred to. The plaintiff need not produce persons enquiring of him

TORT—Defamation.

after the publication of the article. Nor is it necessary that all the world should understand the libel. It is enough if those who know the plaintiff can make out that he is the person meant. Held, (1) that the publication of the interview did not constitute a libel on the plaintiff; (2) there was no question of excessive publication by means of the later letter and foot-note; (3) the Editor was entitled to defend the reporter without importing that the plaintiff was a liar and that is all that he did; (4) that the Editor having acted under the orders of the Directors was not guilty of malice and that the suit should consequently be dismissed. The rule in *Merryweather* v. *Nixon*, 8 T. R. 195 as confined to cases of wilful and conscious wrongdoing is applicable to India. In other words, if an act is unlawful or the doer of it knows it to be unlawful as constituting either a civil wrong or criminal offence he cannot maintain an action for contribution or for indemnity against the liability which results to him therefrom. Secondly an express promise of indemnity to him for the commission of such an act is void. The plaintiff, who was aware of the fact that the first defendant had entered into a contract with his brother for the sale of certain lands to him, 'tempted' him to break the contract by offering a higher price and undertook all the risks of the litigation that may ensure as a result of the breach of contract. It was found that the plaintiff had conspired with the 1st defendant to defraud the 1st defendant's brother. The latter brought a suit for specific performance against the plaintiff and the first defendant and it was decreed. The plaintiff claimed in the present suit contribution from first defendant for his costs incurred in the suit by the brother.

Held, that the plaintiff and the first defendant were joint tort feasors, that the plaintiff was not entitled to contribution, that an express promise to indemnify by the first defendant contained in the contract with the plaintiff was void and could not be given effect to. ———*Malicious arrest—Information given by private individual—Liability for damages.*

In a suit for damages for false imprisonment where the person sued is not the person who actually arrests and imprisons the plaintiff, the question in each case is whether the defendant so acted as to render the plaintiff's arrest the act of the defendant. Generally the Court holds a private individual responsible for an arrest by the police if the individual has either "given the plaintiff into custody", "directed the constable to arrest" or "signed the charge-sheet" with the knowledge that the plaintiff would not otherwise be detained. A private individual should not be held responsible for the supervening arrest on the ground that arrest was likely to follow from information given by him unless, although he has not expressly directed the arrest he has in fact made it impossible for the constable to act otherwise.

Semble.—It is doubtful whether S. 59, Cr. P. Code, is the only defence to a private person who has been responsible for the arrest of another by the police. (*Ameer Ali, J.*) GRAHAM *v.* HENRY GIDNEY. **60 Cal. 955 = 148 I.C. 262 = 6 R.C. 450 = A.I.R. 1933 Cal. 708.**

In a suit for damages for injury caused by the negligent act of the defendant, the negligence which is to preclude a plaintiff from recovering must be such as that he could, by ordinary care have avoided the consequences of the defendant's negligence. Consequently where in a suit brought for damages for injuries caused to the dog of the plaintiff it is found that the dog was standing on the road easing at the time, the lorry approached it and that the defendant did not consider it worth his while to stop the lorry which collided with the bitch of the plaintiff and caused injury, the mere fact that the servant of the plaintiff who had taken the dog out was not at the spot is not sufficient negligence to prevent the plaintiff recovering damages. *Davies* v. *Mann*, (1842) 10 M. & W. 546, Appl.; A.I.R. 1930 Cal. 97; A.I.R. 1925 Cal. 893 and *Radley* v. *London N. A consignee coming to take the delivery of a consignment from the goods shed is not a mere licensee but a person who is obliged by the requirements of the railway company and by the nature of their goods yard to cross railway lines several times; each time he takes delivery of goods, a heavy obligation lies on the railway company to take all reasonable precautions to ensure the safety of the consignee or his agents crossing the lines at the places, which the railway sets apart for that purpose. Where it was necessary for a consignee, in order to take delivery of the consignment to cross the railway lines several times and while crossing the lines, some waggons standing stationary at once began to move and struck the car of the consignee although he tried to swerve and dashing it on the waggon on the next line, reduced it to a total wreck and there was no sign board erected to warn the public nor was any man posted to warn the public and no whistle was blown or warning given.

The principle that a person cannot be held to answer for damages caused by carrying out an operation authorised under statutory powers if the statutory conditions are fulfilled, only applies if the authorised operation is conducted without negligence. The respondent Company ran an electric train service along a highway over which they had a preferential right of way. The appellant was driving on the highway at about 7 P.M. in a sleigh drawn by a pair of horses which took fright, got out of control and ran to and along the rail track. The appellant and his carriage were run from behind by the electric car. The headlight of the car was not functioning properly at the time and so could not distinguish the carriage in time. The jury returned a verdict of negligence in not having a man at the previous station to repair the headlight.

Held, that the verdict of the jury may be construed to mean that the respondents were negligent in allowing the car to proceed with a headlight so dim, that the verdict could not be said to be perverse and that where negligence was found, the defence of statutory authority was of no avail. *Canadian Pacific Ry. ———*Negligence—Electricity used for domestic purposes—Liability of consumer—Rule in* Rylands *v.* Fletcher*—Applicability.*

It is well settled that electricity is an element to which the rule in *Rylands* v. *Fletcher* applies. But the liability that *prima facie* arises upon failure to exercise the care prescribed in the rule, however, is not inevitable, and in certain circumstances can be avoided. It is not every use to which land is put that brings into play that principle. It must be some special use bringing with it increased danger to others, and must not merely be the ordinarily use of the land or such a use as is proper for the general benefit of the community. The use of electric energy for lighting or other domestic purposes is so reasonable and prevalent that to bring electricity upon land or premises for such purposes is to use the land or premises in a natural and not an unnatural way. Although a consumer of electricity for domestic purposes is bound to exercise all reasonable care, he is not responsible for damage not due to his own default, whether that damage be caused by inevitable accident or the wrongful acts of third persons. The rule laid down in *Rylands* v. *Fletcher* is not applicable in such circumstances. (*Page, C. ———*Negligence—Failure to take best step in emergency.*

Good sense and policy of the law impose some limit upon the amount of care, skill and nerve which are required of a person in a position of duty, who has to encounter a sudden emergency. In a moment of extreme peril and difficulty you are not to expect perfect presence of mind, accurate judgment, and promptitude. If man is suddenly put in an extremely difficult position and a wrong order is given by him, it ought not in the circumstances to be attributed to him as a thing done with such want of nerve and skill as to amount to negligence. If in a sudden emergency a man does something which he might, as he knew the circumstances, reasonably think proper, he is not to be held guilty of negligence, because, upon review of the facts, it can be seen that the course he had adopted was not in fact the best. ———*Negligence — Hidden and latent defects in garments—Injury to consumer—Liability of manufacturer.*

A manufacturer of garments is liable in tort for injury caused to the consumer by reason of a hidden and latent defect in the garments due to negligence in manufacture. A manufacturer of garments, which he sells in such a form as to show that he intends them to reach the ultimate consumer in the form in which they left him with no reasonable possibility of intermediate examination, and with the knowledge that the absence of reasonable care in their manufacture will result in an injury to the consumer's life or property, owes a duty to the consumer to take that reasonable care. A consumer who contracts a disease owing to the presence of a deleterious chemical in the pants, due to negligence in manufacture is, therefore, entitled to damages from the manufacturer. It is immaterial that he purchased the pants from certain retailers against whom he has a claim in contract. Equally irrelevant is any question of liability between the retailers and the manufacturer on the contract of sale between them. The tort liability is independent of any question of contract. *Donoghue* v. *Stevenson*, (1932) A. The general rule in cases of injury due to the faulty structure of a building is that the person responsible to the general public for the safe up keep of the building is the occupier rather than the owner. when the owner himself is not in possession. It is for the plaintiffs to show that there are some special circumstances which render the owner liable rather than the lessees. To make the owner liable he must have been aware at the time of leasing out the property that the property was in a condition imminently dangerous to the occupiers of the adjoining property. ———*Negligence—Injury to property — Claim for damages—What plaintiff has to prove.*

In an action for negligence the plaintiff must establish (*a*) that the defendant was under a duty to take care towards the complaining party to avoid the damage complained of, (*b*) that there was a breach of that duty on the part of the defendant, and (*c*) that the breach was the direct and proximate cause of the damage complained of. The onus of proving negligence is on the plaintiff and the mere proof of the happening of an accident is not as a general rule sufficient evidence to support the action. An exception to the general rule, however, occurs whenever the facts established are such that the proper and natural inference arising from them is that the injury complained of was caused by the defendant's negligence. Whenever there is a duty cast upon the defendant to exercise care and the circumstances under which the injury happened are such that with the exercise of the requisite case no risk would have ensued in the ordinary course of events, the burden is shifted to the defendant to disprove his liability. Every accident does not warrant an inference of negligence but there may be accidents of such a nature that negligence is presumed from the mere fact of their having happened.

———*Negligence — Medical man — Liability —Law governing.*

To render a medical man liable, even civilly, for negligence, or want of due care or skill, it is not enough that there has been a less degree of skill than some other medical men might have shown or a less degree of care than even he himself might have bestowed; nor is it enough that he himself acknowledges some degree of want of care; there must have been a want of competent and ordinary care and skill, and to such a decree as to have led to a bad result. Where the Surgeon is registered and injury results from his treatment, the presumption is that he is competent and the treatment correct till the contrary is shown. A medical man does not undertake that his treatment shall be infallible; and therefore he is only held to undertake to perform what can be ordinarily done in similar circumstances. If the medical man has employed the ordinary degree of skill current in his profession, he is entitled to his remuneration, though his treatment has failed of its effect. A mistake in an opinion given when asked for, and after examination, does not render him liable provided the opinion is not negligently given. If in an action for damages for personal injuries sustained in a motor accident, the Counsel for the plaintiff candidly admits that he could not rely on his client's account of the matter, this circumstance of itself would in the ordinary case be enough to justify the dismissal of the suit, for, the burden of proof being upon the plaintiff, if he is unsuccessful in proving the case which both in averment and in evidence he sets out to make, he must inevitably fail. Moreover the plaintiff is not entitled to throw over the case of negligence which he has alleged and spoken to in evidence and then ask the appellate Court to find negligence established on a quite different *species facti*. A railway company is not liable to a trespasser for a mere error of judgment, even amounting to negligence, on the part of its servant which causes damage to the trespasser. *G. T. Ry of Canada* v. *Barnett*, (1911) A. C. 361, Appl. The plaintiff who had been to the goods-yard of the railway, attempted to cross the railway line to get to the Station Master's office, when he was knocked down in broad day light by a construction engine moving very slowly, at three miles an hour. There was no evidence of a permission or license from the company to cross the lines except at the level crossing. The driver sounded the whistle which, however, had no effect on the plaintiff who was then "thinking about his own affairs." The driver then applied the brakes, but a second too late.

Held, that the railway company was not liable for the injury caused to the plaintiff. (*Beaumont, C.J. and Mirza, J.*) ISMAIL HAJI NANA *v.* B. B & C. I. RAILWAY. **I.R. 1932 Bom. 590=140 I.C. 249=34 Bom. L.R. 826=A I R 1932 Bom. 452.**

———*Nuisance—Injury to property — Vibration—Coming to the nuisance—Plea of—Remedy.*

A man is liable if he causes vibrations by an engine or otherwise and thereby injures the property of another. Though the nuisance was in existence previously and the man comes to the nuisance, still he is entitled both to the remedy by way of damages and the remedy by injunction. Whether an injunction should be granted or only damages depends upon circumstances of each case. Where the vibrations caused to the building are such that if the nuisance continues, there is danger of the whole building collapsing, it is clearly a case for injunction and not for damages.

Per *Barlee, A.J.C.*—The land in cities has a special situation value, and there is no reason for allowing people to have the advantage of the proximity of their fellows and to expect the freedom from interference of the country. There is also no logical distinction so far as the plea of coming to the nuisance is concerned, between a nuisance which diminishes personal convenience and one which affects property. Both ordinarily affect the value of the property, for the proximity of an oil engine may not only cause material damage, but may depreciate the letting value of the house. But where the vibrations are caused to the building which is not abnormally ramshackle, the owner is entitled to protection. *Rylands* v. *Fletcher*, 3 H. A suit for injunction or damages is not maintainable by non-occupying owner in respect of a nuisance alleged to be personally injurious only to the occupier. He can however sue if the nuisance is likely to injure the reversion provided the act complained of is permanently injurious and affects the property. The defendants were authorized by a licence from the Madras Government to supply electric light for the City of Madras. The plaintiff who was the owner of certain premises adjoining those of the defendants sued for an injunction and for damages on the ground that owing to noise and vibration caused by the rotaries and electric dynamos worked by the defendants, his property was injuriously affected.

Where a person comes to Court complaining of a private nuisance injuriously affecting him by physically injuring his property and interfering materially with his health, there is a real cause of action and such a cause of action is well recognized in law and is based on the maxim "*sic uteri tuo ut alienum non laedas*" The occupier of a house is liable for allowing the continuance on his premises of any artificial work which causes nuisance to a neighbour. ———*Nuisance—Public nuisance—Bridge obstructing navigation—Statutory authority and conditions—Compliance with—Necessity for—Special damage.*

Statutory conditions must be strictly fulfilled if interference with public rights is to be justified. Where it was found that owing to the construction of the bridge navigation is now confined to the periods of slack water amounting in all to only about two hours of the 24 it must be held that the bridge in its present form substantially interferes with navigation. Unless therefore the Bridge Company can establish statutory authority for erecting such a bridge, they have caused a public nuisance by obstructing the navigable highway, and the shipowners who have suffered special damage in the damage caused to their ship by the nuisance will have a cause of action against them for damages. And if the special Act, which constitutes the Bridge Company and confers upon them the power to construct and maintain the bridge, limits the power by the express condition that the bridge is not to interfere with navigation, this stipulation which is absolute in favour of public rights controls the whole activities of the company. It cannot be held that the Bridge Company has any statutory authority to interfere with navigation. *Canadian Pacific Ry.* v. *City of Toronto*, (1911) A. C. 461, Ref (*Lord Atkin.*) S. S. ———*Nuisance—Public nuisance—Suit for removal—Procession—Right to take along a particular route—Obstruction to—Maintainability—Special damage—If necessary.*

If a plaintiff comes to Court merely on the allegation that the public in general has suffered some damage or is likely to suffer some damage on account of a public nuisance, a suit may not be maintainable, if the plaintiff does not also allege that he himself, as a member of the public, has suffered or is likely to suffer some damage. But where the plaintiff has been himself obstructed and prevented from exercising his right which he has in common with others, there is no authority which has laid down that his suit is not maintainable. Where the suit is not brought on behalf of the entire public of a place but is brought by certain members of one community only to vindicate their right to take out processions along a particular route, the plaintiffs, strictly speaking, put forward not a claim for the removal of what can be called a public nuisance but bring a suit for remedying the infringement of a special right exercisable by their community only and in that view of the matter, the suit would be maintainable. Further, if there is a right to take out a procession along a particular route and the defendant's action causes an obstruction with the result that the processionists are compelled to change the route or are prevented from following the usual route that would amount to special damage. ———*Vicarious liability—Serang of ship—Servant of hirer or ship-owner—Effective control—Liability for his negligence.*

The serang of the ship was not bound to receive and obey the order of the hirer. The hirer had nothing to do with either the selection or the appointment of the serang of the ship or of the crew that manned the launch. The masters were the persons who had selected and appointed the serang as their servant, and whose order the serang was bound to receive and obey. In spite of the hire of the launch, they had never parted with the control over the serang and although the serang was under the direction and control of the hirer as far as the performance of the journeys was concerned, he was not under the latter's direction or control with reference to the mode and manner of navigating the vessel, which he did as a servant of the masters.

Held, that in the absence of anything to show that the masters had parted with the power of controlling the serang with regard to the work on which he was engaged, or that serang was under the direction and control of the hirer as regards the mode and manner of navigating the vessel, the masters were liable for the negligence of the serang. TRADE DISPUTES ACT (VI OF 1929), Ss. 16 and 17—*Scope—Instigation and declaration of prolonged strike in textile industry throughout the whole of India—If offence punishable under S.* 17.

The instigation and declaration of a strike in the textile industry throughout the whole of India does not fall under S. 16 (1) (*b*) and is not therefore punishable under S. 17 of the Act, when there is really no evidence which would justify the Court in holding that a strike in that textile trade, however prolonged, would necessarily or probably cause severe, general and prolonged hardship to the community as opposed to those engaged in the textile trade. ———**S. 16 (1) (a) and (b)**—*Illegal strike—What amounts to.*

The class of strike which is rendered illegal under S. 16 (1) is one which has objects beyond the furtherance of a particular trade dispute, and which is designed or calculated to coerce Government by inflicting severe, general and prolonged hardship upon the community. If a strike has objects beyond the furtherance of a trade dispute, it falls under S. 16 (1) (*a*), although it may have objects in furtherance of a trade dispute within the particular trade as well; and if, having regard to the nature of the strike and the circumstances prevailing at the date of the instigation or other acts specified in S. 17 of the Act, the Court holds that the natural and probable consequences of the strike will be to inflict such severe, general and prolonged hardship upon the community, that either the Government of India or the Local Government may reasonably be affected in consequence thereof to be compelled to take or abstain from taking a particular course of action, the strike also falls under S. 16 (1) (*b*), although those responsible for the strike may not have designed or planned such result. The sub-S. (*a*) and (*b*) of S 16 (1) are connected by the copulative "and", so that a strike rendered illegal is one which falls within the terms of both sub-sections. ———**S 16 (1) (b)**—*Construction—"Community."*

The meaning of the expression "community" in S. 16 (1) (*b*) depends on what Government is referred to. If it is the Government of India, the "community" must mean the general public of British India; and if it is the Local Government, then the "community" would mean the general public in the territory over which the Local Government exercises sway. The word "community", in either case must at any rate, mean the general public as distinct from any section, and particularly as distinct from the persons engaged in the particular trade to which the strike relates. (*Beaumont, C.J. and Wadia, J.*) EMPEROR *v.* ALWE. **60 Bom. 108=160 I.C. 189=8 R B 250=37 Cr L J. 252=37 Bom L.R. 892 =1936 Cr.C. 16=A.I.R. 1936 Bom. 5.**

———**S. 16 (1) (b)**—*Construction—"Designed or calculated.*

The words "designed or calculated" are clearly intended to bear distinct meanings; and under the sub-section, it is enough to prove either design or calculation. The word "designed" is equivalent to planned. The section does not say by whom the design is to be formed; but it must be by the persons responsible for the strike. The Court, has, therefore, to determine under S. 16 (1) (*b*) whether the persons responsible for the strike designed or planned to inflict severe, general and prolonged hardship upon the community and thereby to

compel the Government to take or abstain from taking any particular course of action. Difficulties may, however, arise for all the persons responsible for the strike may not have the same design or plan But it is the duty of the Court to determine, whatever the difficulties may be what the design of those responsible for the strike was at the time when they instigated it or did the other acts specified in S. 17. The word "calculated" on the other hand seems to be directed to probable consequences which may be expected to follow from the strike apart from what was in the minds of those responsible. ———*English law—How far applicable.*

Per *Niamatullah, J.*—There is no statutory law in India on the subject of trade-marks. Cases of alleged infringement of trade marks have to be decided according to rules of justice equity and good conscience. English law on the subject may be applied not because it is applicable as such in India, but because it embodies rules of justice, equity and good conscience. Conditions peculiar to this country may, however, necessitate acceptance of the English law with certain modifications. In England there is now the Trade Marks Act of 1905, under which trade-marks are registered for specified classes of goods. Though the provisions of that enactment are based on decisions given before the Act was passed, the decisions under the Act should be applied with caution, as they are not infrequently based on the terms of the statute rather than on the broad principles of justice, equity and good conscience, which influenced the decisions before the Act. TRADE-MARK.

———*Infringement—Injunction— Actual deception—If to be proved.*

To establish a claim to an injunction in an action for infringement of a trade-mark, the plaintiff must show that the particular mark used on his goods is symbolical only of his manufacture and that they have acquired a wide reputation in the market. It is not necessary to show that the defendant had the intention to deceive or to prove actual instances of deception. In an application for interim injunction pending a suit to restrain the defendant from passing-off goods bearing mark and figure similar to those used by the plaintiffs, the Court is not justified in refusing the injunction merely because, on a close and critical comparison of one with the other, the Court is of opinion that there is no likelihood of deception. An ignorant purchaser probably trusts to his recollection, he has no opportunity for comparison, and if he is likely to take the one for the other, there is a *prima facie* case for an injunction. Where the Court finds that the defendant's article is comparatively new, it would be a greater inconvenience to allow him to flood the market with his goods and possibly infringe the plaintiffs' rights than to restrain the defendant for a short time and compensate him, if so entitled, for the loss sustained by him in consequence. Per *Niamatullah, J.* (*concurring with Iqbal Ahamd, J. and King, J., contra*).—The plaintiff company are the manufacturers and sellers of cigarettes and tobacco known as "Virginia Bird's Eye" smoked in pipes of the European style. The packets and tins containing respectively the cigarettes and the tobacco have the picture of an elephant on them. It is not disputed that the plaintiff company have acquired a right in the trade mark of elephant for their cigarettes and tobacco, having used the same for a considerably long time. The defendant has recently started the manufacture and sale of chewing tobacco The packets and tins in which the defendant sells his tobacoo are quite unlike those in which the plaintiffs sell their articles The only common feature is that the defendant's packets and tins also have the figure of an elephant on the label, though its colour and posture are different in the two. In a suit for injunction,

Held, that the general rule is that the plaintiffs, whose goods have acquired a reputation in the market through a trade-mark or name with which their goods have become associated, have a right to restrain the defendant from using a trade mark or name which is identical with or similar to that of the plaintiffs, and such right extends not only to the particular goods sold by the plaintiffs but also to cognate classes of goods, provided the cumulative effect of the similarity of the mark, the commercial connection between the plaintiff's goods and those of the defendant and surrounding circumstances are such as to lead the unwary customers to mistake the defendant's goods for those of the plaintiffs, but that in the circumstances of the case, while it is not impossible for some ignorant and particularly indiscriminating persons to mistake the defendant's goods for those of the plaintiffs, persons exercising ordinary caution are not likely to assume that the tobacco sold by the defendant was manufactured by the plaintiffs and therefore the trade-mark used by the defendant is not a colourable imitation of the plaintiffs' mark and that the plaintiffs' right in respect of their elephant trade mark applies only to cigarettes and smoking tobaoo and does not extend to chewing tobacco. ——*"Passing off"—Action for—Basis of.*

In England, the registration of trade-mark constitutes proof of title, and an action for infringement is only associated with an infringement of a registered trade-mark. A condition precedent to an action for infringement is registration. In this country we have no such system of registration and the remedy of the aggrieved trade lies in a "passing off" action. The basis of a "passing off" action is a false representation. The plaintiff has to show that the act of the defendant complained of is calculated to lead to the passing off of the defendants' goods for those of the plaintiff, and it does not depend on whether the latter has acquired any right of property in the device under which he sells his goods. ——*Passing off—Action for—Burden of proof.*

In actions for passing off in connection with trade marks, the plaintiff has to prove that his goods were known to the public by some distinct name, mark, badge, get up or appearance, and that the defendant's use or imitation of the same is likely to mislead the public into believing that the defendant's goods are those of the plaintiff. Though the actual length of time during which a trade-mark is used or employed is not an important element to be considered, the user or employment must have been long enough to render it probable that a reputation in the market has been acquired. ——*Passing off—Action for—Defence—Acquiescence—Scope of doctrine—Defendant aware of the legal position.*

It is of the essence of acquiescence, as a defence to an action for passing off, that the party acquiescing should have been aware of the violation of his legal rights and the defendant should either have been ignorant of the plaintiff's rights or deluded by the plaintiff's representation into thinking that his wrongful act was assented to by the plaintiff. Where the defendant was aware of the real legal position and yet deliberately put on the market the spurious goods, there is no room for the doctrine of acquiescence to operate in his favour. ——*Passing off—Action for—Defences to 'Crown' mark—No actual deception or fraudulent intention proved—Right to injunction and nominal damages.*

The plaintiff started a tile factory at Feroke and chose as his trade-mark the figure of a crown impressed on one side of the title and other minor particulars. The defendant started another factory at Cochin and in 1923 began to use a crown mark which closely resembled that of the plaintiff and exported his tiles to the eastern districts where the plaintiff's tiles were well known.

Held, overruling the contentions of the defendant, (*i*) that the crown, though well-known, had with reference to the plaintiff's tiles, become distinctive; (*ii*) that the public having come to associate the crown mark with the goods of the plaintiff, the defendant acted in violation of the law that no one had any right to pass off his

TRADE-MARK.

goods as those of another ; (*iii*) that so long as there was the possibility of deception of the public, the fact that retail dealers would not be deceived or that a fraudulent intention has not been made out did not disentitle the plaintiff getting relief by way of perpetual injunction and recovering nominal damages even though no special damage was proved ; and (*iv*) that the Court at Cochin had jurisdiction to award relief even though the plaintiff's business was outside Cochin. ———*Passing off—Action for — Defence —Delay—Effect.*

Delay is not by itself fatal to an action for passing-off. It can only serve as a basis for an inference of acquiescence which, however, is a question of fact. But where an infringement takes place in Burma of the rights of a firm with its head office at Paris, it is but reasonable that some time should elapse before the local representative can advise the head office about the facts and the latter can instruct him to file a suit. ———*Passing off—Action for—Descriptive name acquiring secondary meaning—Proof—"Madras Curry Powder"—Injunction.*

Whether a name originally descriptive has acquired a secondary meaning as denoting exclusively the plaintiff's goods depends on the facts of each particular case. The plaintiffs sued for an injunction on the ground that they had acquired an exclusive right to the use of the name "Madras Curry Powder." It appeared however that in the place where the article was sold, it was not generally understood that "Madras Curry Powder" was powder exclusively manufactured by the plaintiffs.

Held, that under those circumstances, an injunction could not be issued against persons selling similar goods under similar names. (*Beasley, C. ———*Passing-off—Action for—Essentials of.*

The gist of a passing-off action is deceit; for "passing-off" is one of the ways by which goods of one trader are sold by another in a manner calculated to deceive the purchaser into thinking that they are the goods of the former. There must be a reasonable probability of deception. There can be no such probability when the goods manufactured by the defendant have neither been manufactured nor sold by the plaintiff before. There is no infringement in such a case. (*Wadia, J.*) ANGLO-INDIAN DRUG AND CHEMICAL CO. *v.* SWASTIK OIL MILLS CO., LTD. **59 Bom. 373 = 7 R B 444 = 155 I.C. 641 = 36 Bom.L.R. 1165 = A.I.R. 1935 Bom. 101.**

———*Passing off—Action for—Essentials of—Imitation, a question of fact—Injunction.*

In an action to restrain the defendant from using wrappers resembling those of the plaintiff, there must be evidence of repute. The plaintiff must prove that the imitation is of some marks or other appearances associated in the minds of the customers with the plaintiff's goods. It is not necessary to prove that any one has, in fact, been deceived. It is enough if the defendant's trade mark bears such a close resemblance to that of the plaintiff as to be calculated to mislead incautious purchasers. That is a question of fact. Where the defendant has gone so far as to copy not only the position, size and colour of the plaintiff's hemispheres but to a large extent the distribution of colour and design within them in the wrappers on his beedies (cheap variety of cigarettes), it is an appropriate case for the issue of an injunction. 15 M.L.J. 45 ; *Somerville* v. *Schembri*, (1887) 12 A. ———*Passing-off—Action for—Injunction—Actual deception—If necessary—Probability of deception—Considerations.*

In a passing off action, where the plaintiff is shown to have acquired a reputation or goodwill in respect of certain goods in descriptive names derived from the use over a substantial period of a particular mark, the question to be considered is whether an alleged use by the defendants of their mark reasonably calculated to result in the deception of purchasers into the belief that, if they see or are offered the defendant's mark-cloth, they are seeing or getting the plaintiff's mark cloth; and in considering that question, the Court is entitled to inquire not only whether deception is likely to arise from the initiative of the purchasers themselves, but also whether a temptation is likely to be offered to unscrupulous traders to make use of any available similarity of name. There is no difference, in essence, between a case in which deception has, and one in which it has not yet, occurred. And it is not to the astute and experienced dealers alone that the Court has to look. The Court must consider the ordinary characteristics and the normal sense of discrimination, or the lack of it, not only of those experienced dealers who purchase the goods from one another but also of those small retailers in district towns and villages who purchase from the larger dealers and the "man in the street" who is the ultimate purchaser. The Court can also take into account, in assessing the liability to deceive of a particular mark, the ordinary commercial opportunities for intentional deception by dishonest persons. A trader may deliberately set out to filch his rival's trade by a calculated copy of his trade mark or get-up, or he may, while astute enough to avoid what he conceives to be a cynically deliberate copy, endeavour or even be content, to get as near thereto as is possible consistently with his remaining outside the reach of the Court's jurisdiction; or he may assume an offensive mark or get up by carelessness or even inadvertence. But if it results in a reasonable probability of deception, the Court will protect the owner of the infringed mark in all cases, and grant an injunction. ———*Passing off—Action for—Injunction—Delay—Effect of.*

Mere delay, apart from acquiescence will not disentitle the plaintiff to the grant of an injunction to restrain the defendant from passing off his goods as those of the plaintiff. 13 Rep. Pat. viously associated and who has not abandoned it from continuing to use the same.

Thus where it was shown that the name 'sait beedies' was used by the defendant for his beedies long before the plaintiff came into the market, subsequently the plaintiff borrowed that name and built up a huge trade and reputation but nevertheless at no time had the defendant discontinued his business or the name he had been using, it was held that, under the circumstances, the defendant cannot be said to "pass off" his goods as those of the plaintiff. 11 H L.C. 530, Ref. ———*Passing off—Action for—Nature and scope of—Onus of proof.*

A passing-off action is, in essence, a suit in defence of the plaintiff's right of property in the particular name, make or get-up, he claims and in the goodwill attributed thereto. The plaintiff in every case has to establish that he has indeed acquired for himself or his goods a sufficient reputation, under the mark, or under the name by which, in consequence of the use of that mark, his goods have come to be known, to entitle him to treat it as his own, and to be protected (*Braund, J.*) ABDULLA ALLY MOHAMMAD *v* MOHAMED EBRAHIM & CO. **157 I.C. 902 = 8 R.R 121.**

———*Passing off—Action for—Points for proof by plaintiff.*

In an action for passing off, the plaintiff should in the first instance prove that the goods sold under their label and get-up were goods which had a reputation in the market as being goods manufactured or sold by them, of which the label and get up was distinctive and well-known in the particular market and that the goods sold by the defendants were a colourable imitation of the label and get up of the plaintiff's goods. ———*Passing off—Action for—Probability of deception—Intention—Relevancy—Duty of traders to avoid marks tending to confuse one with another.*

In a passing off action it is necessary to find an intentional copying by the defendant of the plaintiff's mark. The relevance of intention is merely that when dishonest intention is present, the Court's task in detecting a probability of deception becomes less burdensome. There is an onus both of commercial honesty and of legal obligation upon traders who adopt marks to avoid with scrupulous care anything tending to confusion with the mark of another. If they do not take pains when making a new trade-mark to make it quite unlike an existing one, they do so at the peril of making evidence against themselves. No man may sell his goods as the goods of another. (*Braund, J.*) ABDULLA ALLY MOHAMMAD *v.* MOHAMED EBRAHIM & CO. **157 I C. 902 = 8 R R. 121.**

TRADE-MARK.

It is by no means necessary that there should be absolute identity between the articles of the plaintiff and those of the defendant, nor the fact that the two articles when placed side by side appear dissimilar to the European eye is of much consequence. The main test is that notwithstanding the dissimilarities between the two articles, there is contained in the defendant's article such characteristic features as might reasonably lead an unwary purchaser buying the article to believe that he was buying the plaintiff's article. For awarding damages to the plaintiff, the extent of the sale of the defendant's articles is very material. *The Singer Manufacturing Co.* v *Loog* 18 Ch. ———*Property in—Acquisition of*

Property in a word, name or any other trade-mark cannot be acquired until the vendible article is put on the market, for no property can be acquired except through the process of sale, or offering for sale, in the market. Nor can there be property in a trade-mark apart from the goods of which it has become the symbol. ———*Right to—If confined to article bearing particular mark—English law.*

Unlike as in England where a trade-mark is registered not only for a particular article but for a class of goods under which the article falls, in India, the right to use a particular trade-mark is confined to the article to which it is affixed; but a plaintiff may prove, by proper and sufficient evidence, that the trade-mark in question has become so identified and associated with his products that his name would suggest itself to a purchaser on seeing it on any other product like the one which is alleged by the plaintiff to be an "allied" product. But the acquisition of an exclusive right to a trade mark in respect of a particular commercial article cannot confer on the owner thereof a right to prohibit the use by others of such mark in relation to goods of a totally different character. ———*Right to—Protection—Conditions for grant of.*

Protection cannot be granted in respect of a trade-mark unless the plaintiff establishes that the particular mark indicates not merely a certain quality of goods but also that they are the goods of the plaintiff's manufacture. But no claim can be made to a trade-mark in respect of a commodity which is neither manufactured nor sold by the plaintiff at the date of the suit (*Wadia, J.*) ANGLO-INDIAN DRUG AND CHEMICAL CO. *v.* SWASTIK OIL MILLS CO., LTD. **59 Bom. 373 = 7 R. ———*Right to—Suit for declaration—Exclusive right to mark to be made out.*

Every one has the right to use any kind of trade-mark he likes so long as he does not infringe the right of others already acquired. Hence where a plaintiff does not make out a case that the right to the use of a certain trade-mark is the "exclusive right of property" which he has acquired to the exclusion of every one else, a relief to declare that the plaintiff has got the right to use that trade-mark cannot be granted. 6 Rang. 291, Rel. ———*Trade-name—Cases relating to business name and trade mark—Principles applicable—Distinction.*

One of the few distinctions between the principles applicable to cases relating to business names and those relating to trade-marks is that the rule as to anything being common to the trade does not apply to the former class, except when it is claimed that the business name or part of it connotes the plaintiff's goods or work. At the same time, any word descriptive or otherwise, which is common to the trade is not sufficiently distinctive to found a title to an exclusive right thereto, although the man, who is the first who uses a business name entirely consisting of words common to the trade, is entitled to restrain the use of a new name which is likely to deceive the public into a belief that a rival business is his. ———*Trade name—Fraudulent use of—Suit to restrain—Facts to be proved by plaintiff*

In order to justify the Court at a plaintiff's instance prohibiting the defendant firm from using its own name in all or any of its business transactions, it is essential for that plaintiff to establish by proper evidence two facts. He must prove that the words in the names of the firms are so alike that the latter will be taken as the same as or equivalent to the former. He must further prove that his firm name has acquired a secondary meaning, *i.e.*, that the word, when applied to goods, means that the goods are the goods of the plaintiff, and of no one else. ———*Trade name—Name widely and substantially established—If entitled to protection.*

Where, however, the plaintiff's business was affected by trade depression, and the plaintiff cut down his advertising and shifted to cheaper premises, any increase of business is eliminated and something must be deducted for trade depression, change of address and curtailed advertising. ———*Trade name—Passing-off—Action for—Injunction, right to—Form of injunction.*

The plaintiff who was carrying on business for 25 years as "Bombay Dyeing and Cleaning Company" sought to restrain the defendant from carrying on business as "Bombay Art Dyers and Cleaners." The undisputed facts were that the defendant secured the premises, which he knew had been formerly, and then, but recently, occupied by the plaintiff and that he put up signboards like the plaintiff's old signboards in size and shape and that on those signboards—or some of them—the prominent word was 'Bombay".

Held, that apart from the motive of the defendant in selecting the name, the name itself, and the distribution and contents of the notice-boards, made it likely that old customers of the plaintiffs would take the defendant's shop to be the plaintiff's and selecting the premises formerly occupied by the plaintiff certainly made it all the more incumbent on the defendant to distinguish his business from that of the plaintiff and that the plaintiff was entitled to an injunction

Held also, overruling the contention, that the injunction should restrain the use of the word "Bombay" in connection with any business of art dyeing and cleaning, that the injunction should be in the usual form restraining the defendant, his servants and agents from using the name "Bombay Art Dyers and Cleaners", or any other name calculated to induce the belief that the defendant's business was the business of or an agency, branch or department of the plaintiff's business. T. P. ACT (1882).

A mortgagee had obtained a preliminary decree on his mortgage. Government sold the property for arrears of land revenue and there was a surplus remaining after the satisfaction of the land revenue. Mortgagee decree-holder attached the surplus under S. 73. It was contended that after mortgagee had obtained his preliminary decree the mortgage no longer existed; he was no longer a mortgagee, but a decree-holder, and what rights he had were under the mortgage decree, that is to say, under C. P. Code, and not under the T. P. Act.

Held that the mortgage must in some sense be held still to subsist, because the persons having the right of redemption could exercise that right up to the time of the confirmation of the sale of the property in execution of the mortgage decree. A mortgagee decree holder may be described as a mortgagee in a apotheosis, but he still can be thought of as a mortgagee. The word 'mortgagee' in S. 73, T. P. Act should not be interpreted so rigorously as to exclude mortgagee decree holders. (*Baguley and Mackey, JJ.*) U THET *v.* TOWNSHIP OFFICER, KAWA. **160 I.C. 130=8 R.B. 342=A.I.R 1935 Rang 409.**

T. P. ACT (1882), S. 3.

At the foot of the witness clause in a deed of mortgage, the mortgage was signed by one attesting witness only ; below that signature and attestation, there was a receipt clause by the mortgagor admitting receipt of consideration and signed by him, which signature was witnessed by two persons, one of whom had attested his signature to the execution of the document. On the same day, *i.e.*, on the day of execution during the registration of the document, the mortgagor admitted execution, signed the endorsement, he was identified by a witness who too signed below, and finally the Sub-Registrar signed the endorsement ; the Sub Registrar also wrote another endorsement stating that it was registered which too was signed by him.

Held, (1) that the mortgage deed was not validly attested as contemplated by Ss. 3 and 59, T. P. Act, and that the signatures of the witnesses to the receipt clause amounted only to an acknowledgment by them that the mortgagor admitted receipt of the consideration and had signed the deed in that place for that purpose and was not a valid attestation ; (2) that neither the signatures of the Sub-Registrar not that of the identifying witnesses at the registration constituted an attestation within the meaning of S. 59 ; (3) that what took place before the Registering Officer had nothing to do with and could not be looked at for the purpose of proving, attestation of a document requiring registration and that the Registration Act assumed that the document sought to be registered was a document complete in all essentials before it was presented for registration ; and (4) that in such a case, even if the document be over thirty years old, the Court was not entitled to presume that the executant and the attesting witnesses were all present and made their signatures at one and the same time in each other's presence. But a deed of gift which on the face of it is attested only by one witness, whose name alone appears as such, cannot be held to be a validly attested document, when there is no evidence to show that the Registering Officer had signed in the presence of the executant, although the endorsement of the Registrar shows that the executant had admitted execution of the document before the Registrar. ——**S. 3**—*Immovable property—Mortgage of fruit-bearing trees—Formalities if need be complied with.*

Whether or not a mortgage of fruit-bearing trees is a mortgage of immovable property is a question dependent in each case upon the intention of the contracting parties and cannot be settled by an inflexible rule. Where there is a mortgage with possession of fruit-bearing trees with the intention that the mortgagee is to remain in possession during the years of the mortgage and enjoy the fruits and should not cut down the trees so as to convert them to either timber or firewood, it must be held that the trees so mortgaged were either immovable property or at least an interest in immovable property and the mortgage should be effected with the formalities prescribed by S. 59, T. P. Act. (*Sen, J.*) SHIV DAYAL *v.* PUTTU LAL. **54 All. 437 = I.R. 1932 All. 641 = 140 I.C. 491 = A.I.R. 1933 All. 50.**

——**S. 3**—*'Notice'—Constructive notice—Plea of bona fide purchaser—Attestation by purchaser of deed creating charge—Close relation with the family and circumstances.*

In accordance with the terms of a deed of partition between the plaintiff and his brothers, defendants 1 to 3, the plaintiff claimed a charge over the properties of the first defendant in respect of certain debts which he had been obliged to pay on his behalf. The fifth defendant resisted the claim by pleading that he was a *bona fide* purchaser of those properties from the first defendant. That plea was negatived by the Court on the following grounds: (*i*) The fifth defendant was a close relation of the plaintiff's family. (*ii*) He was closely connected with the negotiations and discussion preliminary to the execution of the partition deed (*iii*) He was the first attestor to the partition deed. (*iv*) In pursuance of that partition deed, the fifth defendant's wife had filed a suit for partition against the plaintiff's family in respect of her mother's property. (*v*) In the sale deeds of the various items of the properties in favour of the fifth defendant, specific mention was made of the partition deed to account for the vendor's title.

T. P. ACT (1882), S. 3.

Held, that, under the circumstances, the fifth defendant had notice of the clause in the covenant creating the charge; even if not, his omission to ascertain the contents of the partition deed should be construed as wilful abstention from an enquiry which he ought to have made. The charge in favour of the plaintiff was therefore binding on the fifth defendant 16 M. 301, Ref. It is well known that perpetuity may arise in two ways: (1) by taking away from the owner the power to alienate property; (2) the creation of future remote interests. The former gives rise to the rule forbidding restraints on alienation, which strictly speaking is the rule against perpetuities. The latter gives rise to the rule against remoteness, which is also miscalled rule against perpetuities. Every member of a joint Hindu family and therefore all may, for sufficient consideration, bind themselves to forego their rights for specified period and for a definite purpose by a contract which can be enforced against them personally. But it is not competent for owners of property by any arrangement made in their discretion to alter the ordinary incidents of pro-

perty and to say that the joint property shall remain the joint property of the family in perpetuity without the incident which the law attaches to it, namely, that every independent coparcener is entitled at any time to have his share divided off from the rest. Although there is nothing inherently wrong or objectionable in a contract between persons tying up properties for a limited time for a limited purpose or for the sake of convenience, it is against public policy that property should be settled on special trust for an indefinite period, so as to prevent it being freely dealt with. What cannot be done directly cannot be also done indirectly by the intervention of a trust. A deed by which an arrangement not to divide the properties is entered into will be operative only so long as the executants of the deed choose to remain bound by its terms. But it is certainly inoperative as against persons not parties thereto; and consequently a member of the family who is not a party to it can challenge its validity and ask for partition of the shares which he has in the properties covered by the deed, the properties regaining their original character when the contract ceases to be in force. A deed executed by four brothers who were members of a joint Hindu family, after reciting that the object of the deed was to establish Family Fund for the maintenance of all the members of the family of the executants thereof and that one of them was making over his self-acquired properties and all of them their ancestral properties for the maintenance of all the members of the family of all of them and that other properties which belonged to them or would belong to them in future as their separate properties could not be claimed by any of them or their heirs on the ground of being joint in mess, provided as follows: "We expect that any other person or we brothers or any one of our family shall not at any time do anything contrary to the terms of the deed." Provision was made for residence in some of the properties, and for maintenance of the family out of the income of the other properties. The deed also prohibited transfer by way of gift or sale, and comtemplated the appointment of a manager, laying down detailed instructions for his guidance and also his powers, duties and liabilites. Finally there was a provision as follows: "If any surplus remains after defraying the said expenses, the same will be kept in deposit in the Family Fund in the hands of the manager and with that money, the manager will be competent to purchase any immovable property or Government Promissory Note or any profitable permanent property and the same shall be purchased in the name of the then manager of the Family Fund mentioning him as such and the property thus purchased shall be included in the Family Fund."

Held, on a construction of the deed, (1) that no trust was intended in the sense, that the brothers divested themselves of their ownership in the properties and created a legal title in the manager or any one else, constituting him a trustee either expressly or by implication; (2) though undoubtedly a trust was created in the sense that the properties constituting the Family Fund were declared to be available for the use of persons other than the owners thereof and in a prescribed manner, yet such trust, not being a public charitable trust, but

T.P. ACT (1882), S. 14.

only a private trust was amenable to the rule against perpetuities, it being well settled that what could not be done directly could not also be done indirectly by the intervention of a trust; (3) that the disposition of the corpus of the properties made under the deed offended against the rule against perpetuities by taking away the owner's power of alienation; (4) that the creation of an interest in the surplus in the members of the family amounted to the creation of a future remote interest, and the direction to purchase properties to be thrown into the Family Fund and to partake of the character of the properties originally constituting it also offended against the said rule in two ways, namely, by restraining alienation and by creating future remote interests; and (5) that the object being to settle the properties in trust for the maintenance of the members of the family born and to be born and to create a perpetuity as regards the properties and to limit for an indefinite period the enjoyments of the profits thereof, the rule againt perpetuities came into operation and the deed ceased to be operative and binding on those who were not parties thereto.

Held further, that the arrangement comtemplated could not be done by gift, and what could not be done by gift could not also be done by the intervention of a trust; that the manager who was to keep the corpus intact and spend the income in a particular way could not be regarded as holding the properties adversely in any way to the individual co-sharers, so as to bar by limitation a suit by a coparcener after 12 years. ——**S. 28**—*Applicability—Gift of absolute estate by Hindu widow to daughters—Malik—Later provision that on death of any daughter issueless others should take—Effect of—Construction of gift deed.*

A Hindu widow who was absolute owner of certain property executed a deed of gift in favour of her three daughters, making them absolute: "absolute proprietresses" (*malik mustaqil*) of the said property and putting them in possession as rightful owners and declaring that they have acquired a "full and absolute title with rights of possession, transfer, etc." A subsequent clause of the deed provided that "if any daughter out of the three dies issueless, the surviving daughters shall in equal shares be made absolute proprietress of the property." One of the daughters subsequently died without issue.

Held, S. 28, T. P. Act, applied to the case; that the deed of gift must be construed as a whole; though the first part of the disposition taken by itself undoubtedly conferred full and absolute title to ⅓ share in favour of each of the three, the later clause must be treated as a defeasance clause and that on the death of any daughter without issue, the surviving daughters took the property in equal shares. The gift over was not repugnant to Hindu Law; and therefore the absolute estate originally conferred by the first part in the deed was cut down to a life estate by the defeasance by way of gift over. One *P*, who was the karta of a joint Hindu Dayabhaga family consisting of himself, his brother and his nephews took a mortgage bond in his name from one *R S.* in 1915. In 1919 there was an agreement between *P* and his five co sharers reciting that they had separated in June, 1919, that the properties acquired and the monies lent were *ejmali* properties, and that their future acquisitions would be their respective self acquisitions. In 1925, *P* assigned his rights as mortgagee to plaintiff who brought a suit for sale on the mortgage impleading thereto as defendants, the representatives of the mortgagor, the original mortgagee *P* and his co-sharers and also purchasers of the equity of redemption. The co-sharers of *P* did not put forward any claim to any interest in the mortgage money.

Held, that so far as the co-sharers of *P* were concerned, they would be estopped by reason of the principles embodied in S. 41, Transfer of Property Act, from contending that *P* had only one sixth share in the mortgage money, because by their conduct they had represented to the outside world that *P* was entitled to deal with the entire rights of the mortgagee and they were fully bound by this representation to the outside world. Plaintiff could therefore avail himself of the principle of estoppel against the co-sharers and could get a decree for the entire mortgage money even as against a purchaser of the equity of the redemption, who could not at all be prejudiced, because the co-sharers of *P* were parties to the suit. When a Hindu lady cannot without legal necessity transfer a part of the estate in her possession so as to bind the reversioners, much less can she by orally transferring possession and putting such person in possession destroy the rights of the reversioners in case such person transfers the property. In such a case the transferee from such a person cannot plead estoppel under S. 41 for that section refers to personal estoppels arising out of the conduct of the plaintiffs or persons through whom they are claiming and the mere fact that the Hindu widow's estates is vested in the limited owner for the time being cannot create an estoppel against the reversioners by virtue of the consent obtained from the limited owner. The expression "reasonable care" in S. 41 has been interpreted as meaning such care as an ordinary man of business or a person of ordinary prudence would take, and it is not enough to assert generally that enquiries should be made, or that a prudent man should have made further enquiries, but some specific circumstances should be pointed out as the starting point of an enquiry which might be expected to lead to some result. The party charged must have notice not of a fact or instrument which in truth related to the subject in dispute without his knowing that such is the case, but that he had actual notice that it did so relate. There must be actual notice that the property is in some way affected, and no fraudulent turning away from the knowledge of facts which *res gestae* would suggest to a prudent mind. If mere want of caution, as distinguished from wilful blindness, is all that can be imputed to the purchaser, then the doctrine of constructive notice will not apply. (*Mosely and Dunkley, JJ.*) M. Years after, a claim was brought for 5 annas 4 pies share in the property and a decree was passed under which it was ordered that the claimants would get possession of 5 annas 4 pies share if they paid a certain amount within a certain period The claimants were unable to pay that amount and a compromise was entered into under which the claimants got much less than 5 annas 4 pies share and the mortgagor got more than 10 annas 8 pies share. When the mortgagee obtained a decree and applied for its execution, the mortgagor contended that the mortgagee could proceed only against the share, which, according to the finding of the Court, was owned by him and as the additional share which he possessed had become his in pursuance of the agreement which he had arrived at after the decree, the mortgagee could not proceed against that share.

Held, repelling the contention of the mortgagor, that the mortgagor was estopped from pleading that he was not entitled to mortgage the property which he mortgaged and that he was also estopped from defeating the claim of the mortgagee if any property which he had mortgaged and which he did not actually own at the time of the mortgage had subsequently come into his possession (*Harries and Rachhpal Singh, JJ.*) ABDUL AHAD *v.* BRIJ NARAIN RAI. **153 I.C. 984=7 R.A. 653=1935 A.L.J. 214=1935 A.W.R. 87=A.I.R. 1935 All. 269.**

Where two reversioners, the last male holder's paternal uncle and his son, the plaintiff herein, brought suits to set aside certain alienation by female heirs but, after a decree in their favour, matters were settled and the net result of the settlement was that one-half of the property sold was to be restored to the reversioners, and the other half to be retained by the alienee and when, on the opening of the succession in favour of the plaintiff by the death of the last female heir, the plaintiff filed the present suit for recovering the property,

Held, (1) that under S. 43 of the Transfer of Property Act, the plaintiff's father having sold this property as if it belonged to him and to the plaintiff at a time whem they had admittedly no title thereto, the plaintiff could not now be heard to set up that fact after acquiring the title as reversioner subsequently, and (2) treating the old alienation as still the subject for consideration, the act of the plaintiff's father acting on his own behalf and on behalf of the plaintiff in surrendering whatever rights they had by the decree and in purporting to sell the property to the alienee was as emphatic an affirmation of the transaction as it was possible to imagine. The fact that at that time they were not the actual reversioners but only the presumptive reversioners was not sufficient to deprive that act of its due force and effect. A contract mortgaging a *spes successionis* in the Punjab where the Transfer of Property Act, is not in force, can be enforced as an agreement to convey the estate when it falls into possession. Where a person mortgages a certain land as his own property without purporting to mortgage his reversionary rights therein, the mortgage is not void *ab initio* and in any case the case is fully covered by the principles underlying S. 43 of the T. S. 43 really lays down or enunciates what is known as "feeding the estoppel"; that is to say where a grantor has purported to grant an interest in land, which he did not at the time possess but subsequently acquires, the benefit of the subsequent acquisition goes automatically to the earlier grantee, or, as is usually expressed, "feeds the estoppel." ———**Ss. 43 and 6 (a)**—*Transfer of immovable property by heir apparent—Erroneous representation by transferor that he is full owner—Transferee acting on such representation—Rights of.*

Every attempt should be made to reconcile the provisions of S. 43 of the T. P. Act together with the illustration with the provisions of S. 6. S. 6 (*a*) applies to cases where professedly there is a transfer of a mere *spes successionis*, the parties knowing that the transferor has no more right than that of a mere expectant heir. But where an erroneous representation is made by the transferor to the transferee that he is the full owner of the property transferred and is authorised to transfer it and the property transferred is not a mere chance of succession but immovable property itself, and the transferee acts upon such erroneous representation, then if the transferor happens later, before the contract of transfer comes to an end, to acquire an interest in that property no matter whether by private purchase, gift, legacy or by inheritance or otherwise, the previous transfer can at the option of the transferee operate on the interest which has been subsequently acquired, although it did not exist at the time of the transfer. The illustration to S. 43 is directly applicable to such a case. ———**S. 44**—*Applicability—Conditions—Purchaser of share—Right to mesne profits.*

S. 44, T. P. Act, does not speak of a family dwelling-house nor does it say that the dwelling-house must be occupied either permanently or even occasionally by the undivided family. The word 'dwelling house' does not necessarily cannote a dwelling-house occupied by an undivided family which also owns it. So also the words "belonging to an undivided family" are quite unqualified and do not *per se* all import that the house must be occupied permanently or even temporarily by the undivided family. The only two requisites laid down in the proviso to S. 44 are (1) that the house must be a dwelling house, and (2) that it must belong to an undivided family. It does not matter if the house is occupied by tenants. Hence S. 44, T. P. Act, would apply to the case of the purchaser of a share of one out of a number of dwelling-houses owned by an undivided family, which they have rented out. Where an undivided

Two persons exchanged lands and on application for mutation, owing to the absence of one of the parties, mutation was refused to be effected in his name. Such person believed in good faith to be the owner of the land and erected a building thereon. When mutation was refused, the opposite party who had given the land in exchange executed a sale-deed in favour of the person who had built on it. Thereupon a collateral of the vendor applied for pre-emption.

——**S. 51**—*"Believing in good faith that he is absolutely entitled"—Meaning.*

Per *King, J.*—It is doubtful whether the expression "believing in good faith that he is absoultely entitled thereto" means anything more than believing that he is what is usually termed in India a "full proprietor" with a heritable and transferable estate, as opposed for example, to a person holding a life estate or rent free grantee whose grant is liable to resumption. The phrase does not mean that the person must believe that the property is free from all encumbrances. ——**S. 51**—*Good faith—Negligence—Effect of.*

——**S. 51**—*Right to compensation for improvements—Requisite for—Purchaser from limited owner.*

The principles of equity embodied in S. 51 of the T. P. Act can only be invoked on proof of good faith in effecting the improvements. Such good faith must lie in the belief of his absolute title which in turn amounts to belief in the title of his vendor. The mere fact of payment of consideration to the vendor cannot be the criterion. Where the purchaser resided in the same village in which the original owner of the properties lived and the properties were situated, and he was aware that the person from whom he purchased derived title from a widow with limited interest with no power of disposition, gift or release except, under special circumstances, he should have made enquiries and satisfied himself about the nature of the title of his vendor. Without such enquiry, he is not justified in making improvements or entitled to claim compensation for them. (*Rama Rao and Srinivasa Iyer, JJ.*) BASANNA *v.* PARVATHAMMA. **10 Mys.L.J. 65.**

——**S. 51**—*Scope—Improvements by vendee—Right of purchaser at Court-sale to compensation.*

A person who has been evicted can claim compensation under S. 51 provided he is (1) a transferee, (2) he has made the improvement, (3) he has made such improvement believing in good faith that he was absolutely entitled, and (4) he was evicted. The section does not provide for these various capacities or qualifications being filled or fulfilled by different persons. It is intended to provide for a right to compensation to an individual who fulfils all the conditions laid down. The relief given by the section is not any species of property and such a right is neither heritable nor transferable. There is no general equitable principle entitling the person dispossessed to compensation apart from what has been laid down in S. 51. Hence a purchaser of a property at a Court sale who has been dispossessed cannot claim compensation for improvements effected by the vendor. The evictee himself must be the improver. (Case-law referred.) (*Ameer Ali, J.*) NAGENDRABALA DASEE *v.* PANCHANAN MOURIE. **60 Cal. 1388=150 I.C. 42=6 R.C. 804=A.I.R. 1934 Cal. 290.**

——**S. 51**—*Scope—Person having a better title—Whether can be compelled to sell to the transferee.*

Under S. 51, it is the person who has a better title within the meaning of the section, who has the right to decide whether to pay for the improvements made by the transferee or to sell his own interest to the transferee; and the transferee cannot compel the person having a better title to sell his interest to him. (*Sen and Baipai, JJ.*) MOTI CHAND *v.* BRITISH INDIA CORPORATION, LTD. **I.R. 1932 All. 126 (2)=136 I.C. 78 (2) =1932 A.L.J. 54=A.I.R. 1932 All. 210.**

——**Ss. 51 and 70**—*Scope—Ss. 51 and 70 compared.*

Per *Sulaimain, J.*—The provisions of S. 70 are in no way in conflict with the principle underlying S. 51. Under S. 70 the accession becomes a part of the security and therefore cannot be appropriated by the mortgagor or his representatives. It can be sold along with the mortgaged property and will pass to the purchaser. S. 51 does not entitle a person who has made improvements on another's land in good faith to retain the improvements or accessions or to remove the building materials. Such constructions are deemed to vest in the owner of the land, but he is given a right to claim their value. Duration of lis.

———S. 52—*Duration of* lis.

The doctrine of *lis pendens* does not apply when the decree has already been passed. There are, however, two exceptions. Where there is a mortgage suit, the proceedings in giving effect to the mortgage decree may be taken as a continuation of the proceedings. Secondly, execution proceedings have also been considered to be a continuation of the proceedings during which the doctrine prevails. But if the decree-holder took no active steps to execute his decree for specific performance of an agreement to execute a mortgage for nearly two years, the doctrine of *lis pendens* cannot be brought into operation. 15 Bom.L.R. 809, Ref. (*Tyabji, J.*) LAKSHMAN MAHADEV *v.* RAMCHANDRA. **I.R. 1932 Bom. 524=139 I.C. 610=34 Bom.L.R. 117=A.I.R. 1932 Bom. 301.**

———S. 52—*Duration of* lis—*Decree directing specific performance—Inordinate delay in execution.*

No doubt in a suit for specific performance of an agreement where the Court by its decree directs execution of the deed, the *lis* should be deemed to continue until the decree-holder has had a reasonable time within which to ascertain that the judgment-debtor neglects or refuses to obey the decree and in the event of neglect or refusal, to prepare and deliver to the Court a draft of the necessary document. But where there is an inordinate delay of over two years in execution of the decree which is not satisfactorily explained by the decree-holder there is no active prosecution of the suit or proceeding on the part of the decree holder. 12 B. 217, Ref. (*Subhedar, A.J.C.*) HARLAL *v.* LALA PRASAD. **14 N.L.J. 77=I.R. 1931 Nag. 123=133 I.C. 395=A.I.R. 1931 Nag. 138.**

———(as amended), S. 52—*Duration of* lis—*Effect of the amendment of* 1929 *—Continuance of* lis *in mortgage suits.*

The 'active prosecution' mentioned in S. 52 must be deemed to continue so long as the suit is pending in appeal, since the proceedings in the appellate Court are merely continuation of those in the suit; and in a mortgage suit, the *lis* does not terminate with the preliminary decree but must be deemed to continue at least till the passing of the final decree so that the sale by the mortgagor to a third person pending the proceedings could not in any way affect the rights which the mortgagee obtained under his decree. The amending Act of 1929 has not introduced a new rule of law in the explanation appended to the section but has put the impress of legislature upon certain judicial pronouncements in which it was held that in a mortgage suit the *lis* continued even after the final decree and subsisted during the pendency of execution proceedings. ———**S. 52**—*Mortgage suit—Plaintiff purchasing property in execution of his mortgage decree—Defendant purchasing decree on another mortgage—Auction sale in defendant's favour after decree and before purchase by plaintiff—Suit for possession.*

The plaintiff purchased property in execution of his mortgage decree. The defendant purchased a decree on a mortgage of another property of the mortgagor in favour of a Bank. Before bringing the property mortgaged to sale, the defendant obtained an order amending the decrees passed in the Bank's suit, the result of which was that the property mortgaged to the plaintiff was added to that mortgaged to the Bank. The defendant purchased the property in auction sale after the plaintiff obtained his decree and before the sale in his favour. Plaintiff sued the defendant for possession.

Held, that S. 52 of the T. P. Act stood in the way of the defendant and that assuming that his purchase was like a purchase at a private sale, the purchase was subject to the decree obtained by the plaintiff and was also subject to the result of the execution of that decree and that if the defendant wanted to take advantage of a private sale made by a mortgagor after the decree, it was his duty to intervene in the execution proceedings and to pay the mortgage money and to stop the sale, and that after the sale had taken place, it was not open to the purchaser from the mortgagor, against whom a decree for sale had been passed, to say that he could nullify the purchase under the mortgage decree.

T. P. ACT (1882), S. 52.

Held further, that the property purchased by the plaintiff being not included in the mortgage in favour of the Bank, the plaintiff would never know that the property had been sold in execution of the Bank's decree and it would certainly not be his duty to make the defendant a party to the execution proceedings. Where, during the pendency of a pre-emption suit, the vendor's son brought an action for a declaration that the sale should not affect his right to succeed on the father's death and both the suits were decreed and after the father's death the son sued the vendee to recover the property, *held*, that the title of the pre-emptor was not vitiated by the doctrine of *lis pendens*. In any suit to avoid a transfer on the ground that it has been made with intent to defeat or delay the creditors, it is necessary to find whether the suit was of a representative character or otherwise and this depends upon the nature of the averments made in the plaint, the pleading and the decree that is ultimately passed. Though the pleadings raised the larger issue between the transferor and the body of the creditors, it was not, however, for the benefit of the creditors as a whole. The plaintiff was the sole creditor and he was content with merely a decree in his own favour and did not claim a decree in terms of Form No. 13, Appendix D to Sch. I, C. P. Code.

The partition was attacked as a fraudulent transfer, and the plaintiff relied, in proof of fraud, on the presumption under S. 53 (2).

Held, that, assuming that the partition was a transfer, the consideration was natural love and affection which could not be said to be grossly inadequate, that the award could not be said to be altogether one-sided since the father got residence, maintenance and an allowance under the award, and that therefore no presumption of fraud could be made therefrom. ———S. 53—*Intent to defraud—Proof.*

It is a truth confirmed by all experience that in the great majority of cases fraud is not capable of being established by positive and tangible proofs. It is by its very nature secret in its movements. It is therefore sufficient if the evidence given is such as may lead to the inference that fraud must have been committed. In the generality of cases, circumstantial evidence is the only resource in dealing with questions of fraud. If this is not done the ends of justice would be constantly if not invariably defeated. ———**S. 53-A**—*Applicability—Delivery of possession by third party—Plea of limitation—Whether can be got round.*

At the time *P* was granted sanad of certain land by Collector, *P* was requested to execute a private agreement with *K* to sell him half of the land under certain circumstances, but the obligation to convey the land to *K* under those circumstances was not a condition of the grant. *P* executed such an agreement in favour of *K* and on the happening of those circumstances, *K* requested *P* to convey the land in terms of the agreement and on his failure, instead of suing for specific performance of the agreement, approached the Collector who cancelled the grant in favour of *P* and re-granted the land to *K*. In a suit brought by *P* against *K* for possession, *K* pleaded that *P* had agreed to convey the land to him and as possession was with him, he could not be legally ejected. Further *P* without raising the plea that it was open to him to sue for specific performance of the agreement at the date of suit contended after the period of limitation for claiming specific performance had expired that it was open to him to resist ejectment by proving that he had a subsisting right to enforce the specific performance of the agreement at date of suit.

Held, that *K* did not take possession of the property in part-performance of the agreement to sell the land executed in his favour, but obtained it from the Collector under a grant made by him after he had wrongfully terminated the grant in favour of *K* nor was there any consent or acquiescence on the part of *P* to possession being taken or retained by *K* and consequently the doctrine of part performance did not apply to the case.

Held, further, that even if it was open to *K* to counter-claim for specific performance of agreement, he could have done so, if at the date when he counter-claimed, his suit for such relief was in time and that it was hardly arguable that a person seeking specific performance of an agreement could get round the plea of limitation by obtaining wrongful possession of the land and then pleading the agreement as a defence when his suit is barred by limitation. Held, that as no possession was given to the wife at the time of the execution of the deed or intended to be given to her, no reference to the question of continuing in possession or retaining possession under S. 53-A could arise ; and that it could not prevail as against the rights of a subsequent mortgagee. ——**S. 53-A**—*Doctrine of part performance—Applicability.*

The doctrine of part performance has been recognised in S. 53-A subject to certain limitations, one of them being that there must be some writing from which the form of the contract can be ascertained with reasonable certainty. The compromise was, however, neither registered nor embodied in a decree, the suit being withdrawn and dismissed as compromised.

Held, S. 53-A, T.P. ——**Ss. 53-A, 58 (d) and 59**—*Mortgage—Oral usufructuary mortgage—Suit for redemption—Maintainability—Proper remedy of mortgagor.*

Both in India and in Burma, cultivators, in the teeth of the express terms of S. 59 of T. P. Act, are still wont to obtain loans by delivering their lands to the lenders upon the terms that the lenders may remain in possession until the loan is repaid, and appropriate the fruits of the land towards the repayment of the principal and or of the interest due under the loan. Such transactions are usufructuary mortgages within S. 58 (*d*) and unless the instrument of mortgage in such a case is in writing, and the transaction also falls within S. 53-A, the terms of the mortgage cannot be relied on as a ground of attack or of defence by either the plaintiff or the defendant in a mortgage suit, except in cases in which they are embodied in a duly registered written instrument. Accordingly a suit framed as a suit for redemption of lands which are the subject of an oral usufructuary mortgagee cannot be sustained inasmuch as the plaintiff pleads and relies on the oral mortgage which is required by law to be effected by a registered instrument. The proper course of the mortgagor to take in such a case would be to sue for possession relying on his title. In such a suit, it is not permissible for the defendant to rest his claim to remain in possession on the oral mortgage which could not be proved. The tenant did not get registered pattas from the landlord. In a suit by the landlord claiming rent according to the *kabuliyat* of 1882.

Held, that the doctrine of part performance applied as the tenants were entitled to get a registered patta from the landlord and as they had a subsisting contract in their favour which could be specifically enforced and that the landlord was not entitled to realize rent at the rate mentioned in the *kabuliyat* of 1882. ——**S. 53-A**—*Retrospective effect—Pending proceedings—Plea in defence—Maintainability.*

Under the T. P. Act, as it stood before the amendment, the doctrine of part performance had no place whatever; and even if at the date of the suit by the legal owner the defendant had an enforceable contract of sale in his favour, he cannot rely on that fact as a defence to the claim in ejectment. At best, he could only apply for stay of the ejectment until he obtained specific performance of his contract by suitable proceedings. S. 53-A of the amended Act is not retrospective and does not apply to pending proceedings. S. 16 of the Amending Act of 1929 clearly excluded such operation in respect of suits pending on the date of the coming into force of the Act, *i.e.*, 1st April, 1930. An instrument of assignment of a decree for money is not a sale of "intangible thing" within the meaning of S. 54 of the T.P. Act, and does not therefore require registration. The expression "intangible thing" in S. 54 applies to such incorporeal rights as easement, right to receive rent and profits, etc., and does not cover a simple decree for money. Even if it be held to be wide enough to cover rights created under a decree, the expression must be construed to mean something *ejusdem generis* with the other objects mentioned in the section. ———**S. 54**—*Contract of sale—Liability for interest—Vendee let into possession before payment of purchase-money.*

Under a compromise the defendants were to execute a sale-deed in May, 1917, and the plaintiff to pay the consideration before the Registrar. If the plaintiff was then unable to pay, he was to pay interest at 9 per cent. But the defendants quarrelled among themselves and though the plaintiff was let into possession in May, 1917, the sale-deed could not be executed earlier than January, 1924.

Held, that the contract not having provided for such a contingency, the principle of equity became applicable that where the vendee is in possession, he should pay interest on the purchase-money from the date he got possession till the date of payment. ———**S. 54**—*Contract of sale—Rights under—If a good defence in suit for ejectment.*

S. 54, T. P. Act, expressly enacts that a contract for the sale of immovable property does not of itself create any interest in or charge on such property. There is therefore no room for the application of the English equitable doctrine that a contract for sale of real property makes the purchaser the owner in equity of the estate. Thus under the law applicable before the insertion of S. 53 A, an averment of the existence of a contract of sale, whether with or without an averment of possession following upon the contract, was not relevans defence to an action of ejectment. If the contract it still enforceable the defendant may found upon it to have the action stayed, and by suing for specific permance obtain a title which will protect him from ejectment. But if it is no longer enforceable, its part-performance will not avail him to any effect. If the price is not paid, the seller cannot on that account repudiate the sale and his only remedy is to sue for the price or the balance of the price not paid. ———**S. 54**—*Sale, when complete—Passing of title—Consideration not paid—Effect of.*

There is a distinction between a sale where the consideration is intended to be paid and is not paid and where the consideration is not intended by both parties to be paid at all. In the former case, the title would pass to the purchaser and in the latter case though the vendor was trickad into going through the form of execution and registration of the document, the sale-deed would be void as a colourable transaction. ———**S. 54**—*Sale, when complete—Effect of registration.*

The question as to when title passes on a sale to the vendee depends on the intention of the parties. ———**S. 55 (2)**—*Construction—"Contract to contrary"—Scope—Indemnity against claim by co sharer—Vendee dispossessed by reversioners—Right of vendee to be indemnified.*

"The contract to the contrary" in S. 55 need not be express and may be implied from the terms of the sale-deed, but it is well settled that, in order to exclude the operation of the statutory liability of the vendor a contract, covenant or agreement must so clearly be inconsistent, with the statutory rules as to lead to the inference that it had been made to qualify the generality of the law. In a sale-deed it was provided as follows: "If any partner or co-sharer of ours should arise and make a claim and the whole or a part of the property sold goes out of the possession of the vendee, the vendee would be entitled to recover that amount together with costs and damages from our persons and property of every kind". The vendor had purchased the property from a widow and daughter of the last male-holder. On the death of the widow and the daughter, the reversioners of the last male-holder brought a suit for possession of the property and it was decreed. The vendee thereupon filed a suit against his vendor for the sale-consideration and costs incurred in the litigation with the reversioners.

Held, that the clause in the sale deed was not exhaustive of all the contingencies in which the plaintiff could be entitled to recover the sale price from the vendors, that it was not inconsistent with the statutory rule which provides for the liability of vendors even in other cases and that the plaintiff was entitled for the sale consideration and also the costs incurred in defending the title of his vendors. 50 All. 371 (P.C.), Foll. ———**S. 55**—*Covenant for title—If applies to pre-emption—Sales.*

The Act does not apply to pre-emption sales, so far as the formalities are concerned. But the pre emptor is entitled to enforce the covenants running with the land. ———**S. 55**—*Covenant for title—Breach of—Damages—Value of improvements.*

Where the terms of a conveyance are very wide and there is nothing in those terms which could be interpreted as restricting the full liability for damages in case of breach of covenant, damages for breach of covenant of title should be assessed with reference to the value of the property at the date of eviction and not with reference to its value at the date of sale and such damages include the value of improvements which the vendee may have made. Where a site with a house standing thereon is sold, the vendor would be presumed to have forseen either the improvements of the house sold or the dismantling of it in order to build a new one as a natural and proper use of the site. Consequently, even if the loss is caused to the vendee by reason of interference with the quite enjoyment of the house that loss would be deemed to have naturally arisen in the usual course of things from the breach. Knowledge of the purchaser of the defect of title in his vendor does not affect his right to recover damages. 40 Mad. 338, Foll.; 21 Bom. 175; 20 N.L.R. 55; *Bunny Hopkinston*, 27 Beav. 565; *Rolph* v. *Grough*, L.R. 3 Exch. 44; *Luck* v. *Furze*, L.R. 1 C.P. 441 and 1 Lah. 380, Ref. The sale deed referred to the attachment and contained a covenant that if the vendors did not arrange to pay off the decree debt and to have the attachment raised, they would be liable for any loss caused thereby. Defendant 2 mortgaged those properties to plaintiff in February 1927. Defendants 7 and 8 sold other properties to defendant 9 on 16-1-1925 in order to pay off the decree,

T. P. ACT (1882), S. 55.

and a sum of Rs. 4,500 was reserved with defendant 9 for payment to decree-holder. It was recited in that sale-deed and proved that 1st defendant agreed to accept Rs. 4,500 in full satisfaction of his claim under the decree. Though that amount was paid by defendant 9 to defendant 1, the latter executed his decree for the balance due under the decree, in spite of the agreement to the contrary, got the attached properties to sale and purchased them through his clerk in September 1927. Plaintiff fearing that his security would be impaired deposited the necessary amount into Court under O. 21, R. 89, C. P. Code, and got the sale set aside and brought a suit claiming to recover that amount from 1st defendant or 7th and 8th defendants or 9th defendant.

Held, that defendants 7 and 8, having failed to apply to the Court to enter up satisfaction of the decree under O. 21, R. 2, C. P. Code, which it was open to them to do, must be held liable to plaintiff for damages by force of S. 55 (2) of the T. P. Act. The sale deed recited that the vendor had placed the vendee in possession of the entire property and that part of the property was the subject-matter of a gift in favour of another but that the same had been cancelled. One of the clauses in the sale deed provided as follows: "If God forbid, the whole of the property transferred, or any portion goes out of the possession of the vendee on account of any transfer or encumbrance....the vendee shall have a right to recover his consideration money ...." The vendee was resisted in taking possession of the property to which the deed of gift related. The

A defect to be material must be of such a nature that it might be reasonably supposed, that if the buyer had been aware of it, he might not have entered into the contract at all, because he would be getting something different from what he contracted to buy. A defect in title, as distinct from a defect in the property itself, is a latent defect, because *prima facie* the seller knows his title and the buyer does not. The seller is ordinarily bound to put the buyer in possession of the property sold by him and if he claims to be exonerated from such obligation on the strength of a provision in the sale deed, such stipulation must be sufficiently explicit and free from ambiguity. Where the vendor is not in a position to put the vendee in possession of certain items of the property sold by him by reason of the fact that he has himself lost for all time the right to obtain possession of those items by the operation of limitation, a clause in the sale deed to the effect "*if any defect in title be found with respect to any property, then the vendor will not be liable therefor*," will not be sufficient to exonerate the vendor from his statutory liability under S. 55 (1)(*f*) of the T.P. ——**S. 55**—*Rights of vendor—Purchase money left with vendee with direction to discharge encumbrances—Default of vendee—Remedy of vendor.*

Where property is sold free from encumbrances and yet there are encumbrances outstanding on the property the buyer may retain in his hand sufficient amount to pay off the encumbrances but it is his duty to pay the amount so retained to the prior encumbrancer. The vendee cannot be allowed to retain the amount and neither pay it to the seller nor to the encumbrancer. Where property has been transferred by a vendor to a vendee with a direction to the vendee to pay off a third person and the money left in the hands of the vendee is in substance a part of the purchase money itself, there is a statutory charge created by S. 55, T. P. Act, which is enforceable as such. The money is already due to the vendor and if not paid as directed can be recovered by enforcement of the charge without the vendor being called upon to show that as a consequence of a breach of any covenant he has suffered some other actual damage. If there is a clear undertaking and the vendee has agreed to release the vendor either from his personal liability to another person or release his property from any previous encumbrance, he is bound to fulfil his undertaking. Where a date has been fixed for payment and that date has expired the suit to enforce the covenant they perhaps not strictly be called a suit for specific performance of contract, but it is certainly a suit on the covenant to compel the vendee to release the vendor from his liability which he had undertaken to free him of. The vendor is entitled to enforce the covenant and when there is an immediate apprehension of his suffering irreparable loss he is entitled to call upon the vendee to make good the payment which he had promised to make. The fixing of the date being for the benefit of the seller there is no reason why he should not insist on the covenant even after the expiry of the date; however a suit for damages can lie only when damages has been suffered.

Held, on the facts that the vendor was entitled to a decree for refund of the whole of the amount left in the hands of the vendee together with interest at the rate running on the mortgage debts. He was however not entitled to any decree for damages without proving the extent of the damages actually incurred. The vendor could compel the vendee to pay the amount in order to release the vendor's other properties from liability even though he might not yet have suffered actual loss. (*Sulaiman, C.J. T. P. ACT (1882), S. 55

A mortgagee purchased the property from the mortgagor, knowing that the mortgagor had not paid his vendor the purchase price in full. The property was in possession of the vendor. In a suit for possession by mortgagee purchaser,

Held, that he was entitled to possession only on payment of the balance of the purchase price due by his mortgagor to the vendor, that only a conditional decree should be passed, and that the mortgagor's vendor should not be asked to file a separate suit for a declaration of the vendor's lien under S. 55 (4), T. which is outside the scope of the section, the principles of the English Courts of Chancery will apply, and in order to claim the benefit of the doctrine of marshalling, it must be shown that the purchaser of one of the several properties comprised in the mortgage must be a *bona fide* purchaser for value without notice. The equities which apply to puisne encumbrancer in the marshalling of securities apply also to a *bona fide* purchaser for value without notice, of a portion of property the whole of which was subject to a prior encumbrance. A purchaser who makes no enquiry whatever as to the existence of encumbrances on the property must be deemed to have notice under the Act as it stood before the amendment, although the deed of sale in his favour might contain a recital or representation that there are no other encumbrances on the property. The question if a transaction is a sale with a condition of re purchase or only a mortgage has to be determined on the construction of the document with the help of the surrounding circumstances. *N* sold his property to *V* in 1910. In the sale-deed, there was a clause enabling the vendor and his heirs to have the lands reconveyed within twenty years on payment of the consideration. On the same day *V* leased the lands to *N* by mulgeni lease and in 1913 *V* sold the property to *M* under whom the defendants claimed. The heirs of *N* brought the present suit under S. 15 *D* of the Dekhan Agriculturists' Relief Act to take accounts of the mortgage on the allegation that the transaction was in reality a mortgage by conditional sale.

Held, on a construction of the document and surrounding circumstances, the deed of 1910 evidenced an outright sale with a condition of repurchase and not a mortgage by conditional sale. Some of the tests for finding out if a transaction is a sale or a mortgage are; if there is any relation of creditor and debtor between the parties, if there is any stipulation or provision in the deed for payment of interest, if the price paid is adequate, if the rent reserved by the lease is fair. with whom the possession continues, etc. "The transfer of possession is more consistent with a sale whereas retention of possession by the transferor is an indication of a mortgage." A claim to subrogation can be sustained only when there is an agreement with the debtor that the lender shall be subrogated to the rights of the mortgagee and though such an agreement can be presumed when the money is expressly advanced for the purpose of paying off an incumbrance, the mere fact that the money borrowed by the debtor is used to pay off a prior mortgage does not entitle the lender to the benefit of the discharged security. A mere oral agreement by which a person undertakes to execute a mortgage of the property in favour of the person advancing money for the payment of prior mortgage debt cannot constitute a charge or mortgage within the meaning of Ss. 100 and 58. By making payment, the other person does not acquire an interest or charge on the property or upon the right to redeem the property. The agreement merely created a right in him to obtain a regular deed of mortgage of the property to be executed by the debtor. A transferee of a mortgaged property takes it subject to the mortgage, but does not undertake the personal obligation of the transferor to repay the mortgage debt. In effect the result of purchasing a property subject to a simple mortgage is that the purchaser is liable for the value of the mortgaged property and no further. Therefore although the mortgage charge is enforceable against the property in the hands of the transferee, the latter is under no liability for anything in excess of that value. The case of a usufructuary mortgage, however, differs from the case of a simple mortgage in that there is no personal covenant by the mortgagor to repay the mortgage debt, the object of such a transaction being that the mortgagee shall repay himself out of the profits of the mortgaged property of which he is in possession. There being no personal covenant in such a case there can be no question of a transferee of the mortgaged property being charged with any personal liability. Where therefore the case of a zarpeshgidar was that the defendants having been allotted the mortgaged property by the collectorate partition, it must be presumed, that, in the partition, allowance was made for his existing mortgage, and that as the defendants had dispossessed him, they were bound in equity to repay the mortgage debt.

Held, that the zarpeshgidar not being a simple mortgagee could not and did not seek a personal decree in the sense in which that term was used with reference to a simple mortgage and that the defendants are bound in equity to repay the mortgage debt. ———S 58 (c)—*Mortgage by conditional sale—Requisites—Sale or mortgage—Test.*

In order to bring a case within the definition of conditional mortgage there ought to be a stipulation that on default of the payment of the mortgage money on a certain date the sale shall become absolute. If the condition be there, it necessarily follows that primarily the consideration for the document is "mortgage money," an expression which connotes the existence of a debt as also of a security. It is not the form of the document but the intention of the parties which is the deciding factor, and it rather lies on the party who contends that a document *prima facie* connoting an absolute sale is really a mortgage to prove his contention. Where there is a controversy as to whether the transaction is a sale or a mortgage by conditional sale, the matter has primarily to be determined upon a construction of the document or documents concerned. An absolute sale-deed does not cease to be so merely because the vendor stipulates that he shall have a right to repurchase. If a deed of sale and a contract of repurchase be two separate and independent transactions and not two connected and interdependent parts of one and the same transaction they do not amount to a mortgage by conditional sale and do not satisfy the conditions of S. 58 (*c*). A mortgage executed by *A* in favour of *B* was for a term of 10 years, and was in form a mortgage with possession. Mutation was duly recorded in the Government records on the basis of the mortgage in the names of the mortgagees. There had been previous transaction between the parties of a similar character. *B* sued *A* for possession after ten years in his capacity as mortgagee.

Held, that there was no reason to construe the mortgage as other than a possessory mortgage, as it clearly purported to be, and that the term of the lease having expired, the mortgagee was entitled to possession. An usufructuary mortgagee as such can only continue to enjoy the mortgaged properties till redemption. He has no right to institute a suit for sale of the properties, unless the mortgage deed contains, apart from the words merely indicating the time and the mode of redemption, an express personal covenant to pay the money. But any such covenant should be clear and unconditional in the undertaking to pay. A mortgage deed stated that the possession of the properties was handed over to the mortgagee on *sap ildarwar* (usufructuary mortgage pure and simple). The amount borrowed was Rs. 10,625. A period of 30 years was fixed for redemption. At the end of that period, only a sum of Rs. 4,000 was to remain due and payable. The deed then provided for a lease of the property to the members of the mortgagor's family and that "the mortgagee shall receive (the aforesaid Rs. 4,000 and arrears of rent) and make over the property. If we fail so to pay, you shall not only enjoy the properties but shall also be entitled to appropriate the (entire) income towards the interest due on the principal amount."

The definition of English mortgage as given in S. 58 (*e*) must be read subject to the definition of a mortgage as given in Cl. (*a*) of that section and consequently an English mortgage in India can hardly be regarded as the transfer of the entire estate of the mortgagor to the mortgagee. Some estate (it cannot be correctly called an equitable estate) is left in the mortgagor and only an interest therein is transferred to the mortgagee. So when a party takes an assignment of lease by way of mortgage as security for money lent, he does not, by reason only of his being an English mortgagee, become liable on the covenants for payment of rent to the lessor, apart from any contract by which he might have taken upon himself any such obligation. 54 C. 813, Ref. A mortgagor by a deed of mortgage granted, conveyed and transferred to the mortgagee all the mortgaged properties to hold them for ever subject to redemption, and undertook to pay all costs and charges and expenses which might be incurred by the mortgagee in getting and recovering payment of monies and premises secured. The deed contained a personal covenant to repay the mortgage money on a particular date as also a covenant as to title. Another clause allowed the mortgagor to redeem within the period of one year from the date of the deed on payment of principal and interest and also allowed him to make part payments of the principal money after the period of one year. It was lastly provided that if the mortgagee fulfilled certain conditions he would be allowed a further period of three years over and above the period of five years fixed by the deed. The usual redemption clause provided that the mortgagee would reconvey the properties on repayment by the mortgagor of the mortgage money as well as advances and sums spent by the mortgage for the preservation of the mortgaged properties, Government revenue, rents and all other costs. There was an agreement in the deed by the mortgagor to execute a power-of-attorney to the mortgagee, in pursuance of which he executed a power of-attorney on the date of the mortgage, which authorised the mortgagee to realise in the name and on behalf of the mortgagor all the rents, cesses and interest and other dues due to the mortgagor from a portion of the mortgaged properties, and the sums so collected were to be set-off as against interest any balance going towards the principal, after deducting all the costs, charges and expenses. The mortgagee was not to be held accountable as mortgagee in possession, but only for monies actually received by him. The power-of-attorney further authorised the mortgagee to appoint one or more substitutes to do, execute and perform all or any such matters and things. For a time the mortgagee himself collected the rents and profits under the mortgage bond and power-of-attorney and later on appointed a substitute or agent for the purpose.

Held, (1) that the mortgage was an English mortgage under S. 58 (*c*), T. P. Act and there was nothing inconsistent with that kind of mortgage in the mortgagee taking a power of-attorney for the purpose of ensuring the management of the property and payment of interest or in the fact that the management and collection by the mortgagee should be as agent of the mortgagor and not as mortgagee; (2) that the clause giving the mortgagor certain options as regards part payment and extension of time for payment did not make the mortgage any the less an English mortgage; (3) that the substitute appointed by the mortgagee to collect the rents, etc., was the agent not of the mortgagee but was the agent of the mortgagor himself under S. 194, Contract Act; (4) that the mortgagee having been enabled and authorised to collect the rents, etc., of only a portion of the mortgaged properties, there was no such possession as would make the mortgage a usufructuary mortgage as contemplated by S. 58 (*d*), T.P. Act. So there is no question as to their contracting out of the statutory liability to account as mortgagees in possession, and (5) that the mortgagee was therefore liable to account only for the actual collections made by him and not on the footing of wilful default. ———**S. 58 (e)**—*English mortgage—Transfer by way of—What passes—Mortgagor's power to deal with rents and profits—Agreement between mortgagor and mortgagee in respect—If inconsistent with English mortgage.*

Per *Dhavle, J.*—It cannot be held that in an English mortgage as the entire legal estate passes, thereafter there is nothing on which a power-of-attorney given by the mortgagor to the mortgagee to realize rents on his behalf can operate, and that if the mortgagee chooses to take possession, he must do so on his own account as it is not open to him, by any agreement with the mortgagor to get rid of the liability to account as mortgagee in possession. The English mortgagee, while he has undoubtedly the right to go into possession, is indisputably at liberty to leave the mortgagor in possession so as to avoid the liability of a mortgagee in possession. In spite of the absolute transfer required by S. 58 (*e*), T. P. Act, in an English mortgage, the mortgagor still has an interest in the property which is not limited to the right to redeem but extends to the receipt of the rents and profits of the mortgaged property even as against the mortgagee who does not choose to go into possession; and the regulation of such rights by an agreement between the parties cannot in any way be regarded as inconsistent with the definition of an English mortgage. ———**S. 59**—*Attestation—Rules as to—Identification of witness by Sub-Registrar—Effect.*

Attestation means a certain act with reference to execution of the instrument. The act must be with the intention of attesting the executant's signature, *i.e.*, it must be done with *animo attestandi*. The witnesses are to attest the fact of execution. A person who does not attest the execution at all but has put his signature with a different object and for a different purpose altogether cannot be called an attesting witness. The determination as to whether the signature put by a person on an instrument is to be regarded as an attestation or not depends upon the character and circumstances in which the signature is made. The person concerned should have received an acknowledgment from the executant for the purpose of attesting the execution. A mortgage deed was presented for registration eight days after its execution by a pardanashin lady. The endorsement of the Sub-Registrar showed that the completion of the deed and the receipt of the consideration as given in the mortgage were admitted by the lady from behind the door. The lady was identified by two persons. Below the signatures was a note by the Sub-Registrar to the effect that the thumb-impressions had been duly taken. One of the identifying witnesses stated that the lady did not make any acknowledgment of execution to him.

Held, that the signatures of the Sub-Registrar and of the identifying witnesses on the registration endorsement could not constitute them as attesting witnesses so as to satisfy the requirements of S. 59. They were never asked by the lady to attest the instrument and neither the lady nor they had any intention that they should sign the endorsement as attesting witnesses. Case-law discussed. What the Court has to determine, where there is a writing or memorandum, is whether the document constitutes the bargain between the parties or is merely the record of an already completed transaction. The decision of this question must depend on what was the intention of the parties when the memorandum was written, and that intention is a question of fact. If it was the intention of the parties that the memorandum should constitute the contract between them, then the memorandum must be registered, but if it was merely the record of an already completed transaction, the contract of mortgage can be established independently of the memorandum and it is not rendered invalid by the non-registration of the memorandum. ———**Ss. 59-A and 61**—*Mortgage by Hindu father—Later mortgage by sons—Covenant against redemption without payment of both amounts—Mortgagee's right to consolidate—Redemption of one mortgage alone—Right to.*

Where the father of a Hindu joint family executes a mortgage of family property by way of conditional sale and after his death, his sons, one of them being the manager, execute another mortgage expressly stipulating that they will have no power to redeem the property without payment of the previous mortgage money and the amount of the later in a lump sum, the mortgagee has a right to consolidate the two mortgages and insist on payment of both before redemption. It is immaterial which of the two mortgages is sought to be redeemed. The later deed is a deed of further charge and the stipulation contained in it for simultaneous redemption amounts to a contract for consolidation. The fact that a suit on one of the mortgages could be barred by limitation on the date does not defeat the mortgagee's claim to consolidation, because there is no limitation to a claim pleaded in defence, and because the mortgagee's claim cannot be extinguished so long as his lien by possession exists. The English doctrine that a right of consolidation can only arise when all the mortgages are made by the same mortgagor cannot be applied to India. ———**Ss. 60 and 72**—*Clog on redemption—Provision for payment of* gilandazi *expenses at time of redemption—Liability of mortgagor to pay.*

A "clog" is an impediment and refers to a condition which is manifestly to the advantage of the mortgagee and which unduly fetters the mortgagor's right to redeem the property on payment of what is legitimately due from him. If the parties agree, as part of the contract of mortgage, to certain terms which are fair and advantageous to both parties and are not inconsistent with or repugnant to the contract itself, such a condition cannot necessarily be construed as a clog on the equity of redemption. But if the condition is penal, oppressive or unconscionable, or if the mortgage, taking advantage of his position in relation to the mortgagor, has, by inserting it, unduly fettered the mortgagor's right to get back the property, it would obviously be a clog. The parties to a mortgage-deed, in order to avoid future disputes, dealt with certain items

of expenses including *gilandazi*, to be incurred in future in respect of the mortgaged property and mutually agreed that half the expenses would be borne by the mortgagees and the other half by the mortgagor. It was also definitely provided that if the mortgage was redeemed on the due date, the share of *gilandazi* expenses borne by the mortgagee was to be paid along with the mortgage money.

Held, (1) that the contract was obviously to the advantage of both parties and that the stipulation could not be regarded as a clog on the equity of redemption; (2) that the contract did not necessarily deprive the mortgagees of the rights they had under S. 72 of the T. P. Act, independently of the provision in question. (*Fazl Ali, J.*) BISHESWAR DAYAL *v.* CHEDI SINGH. **156 I.C. 926=8 R.P. 41=16 Pat.L.T. 91=A.I.R. 1935 Pat. 157.**

The postponement of redemption for a long period in a mortgage is not necessarily or *per se* a clog on redemption. What has to be seen is whether the effect of such a covenant is to postpone redemption for an unduly long period without any corresponding advantage to the mortgagor, or whether circumstances are such as to indicate that the stipulation postponing redemption is unreasonable and oppressive and intended to fetter the right to redeem.

Indivisibility of mortgage.

———**S. 60**—*Indivisibility of mortgage—Exceptions to—Assignment of part of equity of redemption to stranger—Release of part of estate by mortgagee—Right of mortgagee to enforce arrears on whole estate—Prejudice to stranger.*

A mortgage for an entire sum is from its very purpose indivisible. It is not competent to a mortgagee to release the share of an individual mortgagor by receiving from him what he may conceive to be his rateable share, and any payment made by an individual mortgagor can only be properly treated as made for the whole body of mortgagors and should be credited in reduction of their joint-debt. This rule has its inception in cases where there has been a severance of interest of the mortgagees or of the mortgagors. Sections 60 and 67 (*d*) of the Transfer of Property Act indicate two such instances. Other exceptions to the rule as to indivisibility of mortgages are cases where the mortgagee recognises a partition of the mortgaged property among the co-mortgagors or where there has been a severance of the interest of the mortgagors with the consent of the mortgagee, as for example, where a part has been previously redeemed.

T. P. ACT, S. 60.

Where the splitting up of the security has been permitted and recognised by the mortgagee subsequent to the creation of a charge in favour of a third party, the general rule will apply, namely, that the rights of persons who have acquired an interest in the mortgaged estate, since the making of the mortgage, of which the mortgagee has notice, cannot be defeated or impaired by any subsequent arrangement to which they are not parties. If the mortgagee, with notice that the equity of redemption in a part of the mortgaged property has been conveyed, releases any part of the mortgaged estate, he must abate a proportionate part of the mortgage debt against such purchaser. 30 C. 755; 15 C.W.N. 800; 1 C.L.J. 337; 2 C.L.J. 202; 33 Cal. 613; 6 C.L.J. 46 and 28 M. 555, Ref. Certain lands were given in usufructuary mortgage for three years to secure an advance of Rs. 800 by the mother of the owner who was a minor in 1886. In 1889, he, being a major, gave a Zarpeshgi of the same lands and other lands to the mortgagee for five years for a consideration of Rs. 466-3-0. Being unable to put the mortgagee in possession of the additional lands, the mortgagor granted in 1890 a permanent lease of the mortgaged lands and some other lands to the sons of the mortgagee for a salami of Rs. 300. Subsequently he executed a Zarpeshgi of all the lands to the mortgagee. The mortgagor died in 1909, and in 1917 the manager of his estate, appointed under the Chota Nagpur Encumbered Estates Act, repaid all the sums due to the mortgagee under the three mortgages of 1886, 1889 and 1890 and thereafter recovered rent from the sons of the mortgagee. In 1927, the mortgagor's son sued for redemption and for an account challenging the lease of 1890 as being a clog on the equity of redemption and therefore void.

Held, that a permanent lease by a mortgagor to a mortgagee was not necessarily or always void as being a clog on the equity of redemption, but that on the contrary, the proviso to S. 60, T. P. Act, contemplated that the equity of redemption might be extinguished without limiting

———S. 66—*Mortgagor's power to lease—Scope of—Mortgage by jenmi of equity of redemption —Subsequent renewal of kanom demise by jenmi —Not binding on mortgagee.*

The power of the mortgagor to lease (before S. 65-A was introduced) was limited by the rule that the mortgagor must not by his act render the security insufficient or do anything that is not necessary for the prudent management and enjoyment of the income while he is entitled to it; and the burden of proving that the security is unimpaired by the lease is on the lessee. The two conditions for the exercise of the right to lease by the mortgagor are that: (1) the mortgagor must be in possession to exercise the right in question; and (2) the lease must be the usual mode of management of the property. The appellants were tenants on kanom demise from a jenmi who mortgaged the equity of redemption to the respondents by simple mortgage. Subsequent to the mortgage, the appellants paid further sums and obtained renewals. The respondents brought a suit on their mortgage, purchased the property in execution and then sued to redeeem the original kanoms. The appellants contended to the renewals were binding on the respondents as kanom was the usual and accustomed mode of enjoyment of the property and that the property and that the mortgagor was competent to grant a lease.

Held, (*i*) that the renewals materially diminished the value of the property; (*ii*) that the subsequent advances were in the nature of subsequent mortgages; (*iii*) that kanom, though common, was not the prudent way of enjoying the property. From every point of view, the mortgagor was not competent to grant the renewals which were, therefore, not binding on the respondents. A mortgage, though in form usufructuary, contained a clause by which the profits were to be applied primarily towards the interest and the balance, if any, towards the principal and if the interest and principal were not paid within five years, the land was to be sold to the mortgagee. The mortgagor on the same day passed a rent note for the property, undertaking to pay rent therefor. Possession continued with the mortgagor who did not, however, pay any rent. In a suit for the mortgage amount after the expiry of five years from the date of mortgage.

Held, that the two rights of the mortgagee, the right to possession and the right to be paid, were independent and that the mortgagee was entitled to sue for the mortgage money under S. 67 even though he may have given up possession. 1 Pat. 350 and 34 Bom.L.R. 462, Ref. ———S. 67—*Applicability—Mortgage for term—Provision that in default of regular payment of interest—Mortgagee to have right to recover whole amount—Default—Mortgage money, if becomes 'due'.*

A mortgage-deed for a term of six years provided that if the mortgagor failed to pay the interest or compound interest for any two periods of six months in full, the mortgagee should have the right to recover the whole amount due without waiting for the full term. The mortgagor failed to pay in full two instalments of interest and the mortgagee sent him a notice demanding payment of the mortgage-money within a month, and filed a suit on the expiry of the one month.

Held, that the suit was not premature as the mortgagee was not bound to wait for the whole term, default having been made in the payment of interest; and that the option given to the mortgagee did not contravene the provisions of S. 67 of the T. ———S. 67—*Applicability —Mortgage for term —Default clause—Acceleration of period for payment—Exercise of option.*

Neither S. 67 nor any other section of the T. P. Act lays down any provision in regard to the time when the mortgage-money is to become due. It is to be determined in each case upon the terms of the contract between the parties. Ordinarily when a mortgage-deed fixes a period for payment the mortgage-money becomes due at the expiration of the stipulated period. But if the mortgage-deed also gives the mortgagee an option to recover his money before the stipulated period there is no reason why the mortgage-money should not be held to have become due as soon as the mortgagee has exercised the option given to him. Where the mortgage-deed provided that if the interest for two instalments be not paid in full the mortgagees will have the option before the expiration of the period fixed to recover the whole of the amount due through Court.

Held, that the mortgagee could exercise the option when the mortgagor committed default. (*Bisheshwar Nath, J.*) RAGHBIR SINGH *v.* KUNWAR RAJENDRA BAHADUR SINGH. **8 Luck. 488 =I.R. 1933 Oudh 233=144 I.C. 279=10 O. W.N. 329=A.I.R. 1933 Oudh 237.**

———S. 67 (d)—*Indivisibility of mortgage—Mahomedan mortgagor—Release of portion of property by mortgagee—Validity.*

It is no doubt the right equally of the mortgagor as well as of the mortgagee to keep a mortgage indivisible but this is by no means an invariable rule of law. It is primarily the interest of the mortgagee to insist that the integrity of the mortgage should not be broken up but it is always open to him to release a portion of the mortgaged property from the mortgage lien and the mortgagors cannot dispute his right so to do provided that no additional burden is cast on any porion of the mortgaged premises. Where the parties are Mahomedans the share of each of the heirs of the original mortgagor is defined by law and the mortgagee can, in such a case give up his morgage lien on the share of any one of the mortgagors by making a proportionate reduction of the mortgage-money and enforce his mortgage for the balance as against the shares of the other heirs who are on the record. 4 P.L.T. 698; 29 C.W.N. 51; 25 C.W.N. 594; 30 Cal. 755, Ref. to. It cannot be disputed that ordinarily a mortgage is indivisible both as regards the mortgagees and the mortgaged security. Where, however, there is severance of interests as between the mortgagees with the consent of the mortgagor, the position is different so far as the frame of the suit is concerned. Accordingly, where the mortgagor states in the deed that he has borrowed specified amounts from each set of the mortgagees and that he has created a common charge in favour of all of them on the property therein specified, it is open to each set of mortgagees to sue for their share of the mortgage-money by sale of the entire mortgaged property, impleading their co-mortgagees as defendants if the latter refuse to join as plaintiffs. Certain mortgaged properties were brought to sale by a prior mortgagee, but the price fetched was not sufficient to pay the whole of the debt. Plaintiff who was a second mortgagee then filed a suit claiming that the mortgagor had failed to pay the amount and that he (plaintiff) had lost his security in consequence of the wrongful act or default of the mortgagor in not paying up the interest or redeeming the prior mortgage. The second mortgage bond (*i.e., plaintiff's*) was an ordinary on-demand bond, which provided *inter alia,* that on three months' notice the mortgagor would pay the amount due and that in default the mortgagee or his nominees would be entitled to sell the property under the T. Held, that though under S. 68 (1) (*b*) ,T. P. Act, the mortgagee may require the mortgagor to give sufficient security for his debt, and on default of the mortgagor to sue for the mortgage-money, yet there was a condition precedent to such a suit, namely, a notice to the mortgagor

By the terms of a deed of mortgage executed by the appellant in favour of the respondent, the mortgagee was to remain in possession of the property, for twelve years, and out of Rs. 30 the estimated profits of the property was to appropriate Rs. 18 towards interest and pay Rs. 12 to the mortgagor. Before the expiration of the twelve years the service inam, which was the subject-matter of the mortgage and was free of assessment, was enfranchised and converted into ryotwari tenure and the ordinary assessment imposed on it.

Held, (i) the enlargement of the inamdar's interest in the property consequent on the enfranchisement was an "accession" to the property. The term "accession" is not to be confined to physical acquisitions or additions to the mortgaged property. It may also be used to denote the acquisition by the person in possession of outstanding interests in the property. 5 C. 198 (P.C.); 33 C. 1212; 25 A. 46; 4 I.C. 357, Ref. to.

If a person purchases property subject to two prior mortgages and the bulk of the price is retained by him for their discharge, his payment of the first mortgage would not entitle him to set up that mortgage as a shield against the claim of the second mortgagee, inasmuch as payment by him is really a payment of the mortgagor. Held, that the undertaking amounts to a personal covenant but the arrangement as regards the event of the acquisition by the Government was one of the terms on which the mortgage was granted and the fact that the mortgagors entered into a personal covenant to pay the amount did not prevent the said amount being taken into consideration in determining the total amount payable by the mortgagors. ———**S. 78**—*Gross neglect—Proximate cause for the advance by subsequent mortgagee—Incorrect description of properties—Failure to inspect title-deed—No postponement of security.*

In order to invite the application of the section, it is necesary to prove that the fraud, misrepresentation or gross neglect of the prior mortgagee was the proximate cause for the advance of money by the subsequent mortgagee. If the fraud or gross neglect is not the proximate and primary cause but only one of various contributory factors that led the subsequent mortgagee to advance money, S. 78 can have no application. Certain property which was gifted to the mortgagor was incorrectly described in the deed of gift. The incorrect description was repeated in a mortgage of 1922 and a later mortgage in favour of plaintiffs, who paid off the previous mortgage. Subsequently, the property was again mortgaged in favour of defendants but correctly described. It was found that while the plaintiffs were guilty of gross negligence in not ascertaining the correct description by reference to the entries in the Khewat, the defendants were guilty of gross negligence in omitting to inspect the original title-deed, *i.e.*, the deed of gift.

Held, that the plaintiff's security was not liable to be postponed to that of the defendants, since, if the latter had inspected the gift deed, they would have been in a position to acquaint themselves with the incumbrance. It cannot, of course, be exercised against the prior mortgagee so as to prejudice his right, but it cannot be said that his rights are prejudiced when he has deliberately released a part of his security which might have been made readily available to him. The equitable doctrine of rateable apportionment is in accordance with the principles of justice and fair dealing and though not the subject of any special statutory provision, is not excluded by any statutory provision and is accordingly applicable in India. It confers a right on the puisne mortgagees against the mortgagor and volunteers claiming under the mortgagor to have the equity of redemption of two or more properties jointly mortgaged to a prior mortgagee rateably apportioned as between the puisne mortgagees. The rule, however, can be invoked only when it does not conflict with the earlier mortgagee's right to elect out of which fund to realise his debt and accordingly cannot be invoked where such election has in fact been exercised in a case where the second mortgagee as to one property is the same person as the first mortgagee of that and another property. *Barnes v. ———**S. 82**—*"Contract to the contrary"—If can be implied—Contribution—When arises—Principles.*

There can be no contribution if the encumbrance is discharged by the very person who is liable for the debt; in such a case he merely pays his own debt as he is bound to do. The right to resist the claim to contribution in such a case is expressly saved by the words "in the absence of a contract to the contrary" in S. 82, T. P. Act. The section deals with the rights of owners *inter se* and therefore the contract to the contrary is a contract between them, that is, those liable to contribute. Where one of two persons owning mortgaged properties receives the whole amount to the exclusion of the other, there arises a contract which need not be express, that the other shall not be liable to contribute. Similarly when each of them receives an equal moiety, a contract must be implied that they shall bear the burden equally. When there is a contract to the contrary, one of the parties cannot deprive the other of the benefit under it; otherwise either party could frustrate the contract by merely assigning his property. Section 82 has solely to do with the distribution of burden on the properties in a case where no other question as to who had the benefit of the money in the beginning or similar complication arises. The question how much money one man owes to another must be first determined with reference to the transaction between them, and after that question is determined, one has next to see on which item it can be made a charge with reference to S. 82. ———**S. 82**—*"Contract to the contrary"—Contract between mortgagor and assignee of the equity of redemption.*

An agreement binding only as between the mortgagors or as between the mortgagor and the assignee of the equity of redemption is not a "contract to the contrary" within the meaning of S. 82. So where the purchaser of a part of the mortgaged property contracted to pay off the mortgage debt and committed default but subsequently paid off the whole decree obtained by the mortgagee, his right to obtain contribution is not affected by his previous contract with the mortgagor with which the mortgagee had nothing to do. 24 M. 85 and 34 C.W.N. 661 (P.C.), Foll. ———**S. 82**—*Contract to contrary—Right to contribution—Condition for.*

The right to obtain contribution presupposes the existence of a joint liability. Where the liability rests on one person only, contribution is wholly out of question. Two properties *A* and *B* were mortgaged to a person, and subsequently *A* was again mortgaged to another and *B* to a third. In a suit, by the subsequent mortgagee of property *A*, decree was obtained and he purchased it for a value much below its market-value and paid off the prior mortgage debt over both the properties *A* and *B* and sued for contribution from the subsequent mortgagee of property *B*.

Held, that the right to contribution depended on the question whether the purchase of property *A* was subject to the entire encumbrance or only subject to a proportionate charge, and that the circumstances, that the purchase value was small, had by itself no effect on the right to contribution but was of evidential value in deciding the question, but in the present case, there was a contract to the contrary which negatived the right of contribution. ———**S. 82**—*"Contract to contrary"—Sale in execution.*

All the elements of contract are as much present when a sale takes place in execution of a decree as in an ordinary sale by two contracting parties. ———S. 82—*"Contract to the contrary"—Whether includes agreement between co-mortgagors.*

From the terms in which S. 82 of the T. P. Act is expressed, there is no justification for concluding that "a contract to the contrary" mentioned therein, is a contract between the mortgagor and the mortgagee. The term is very general and may refer to any contract, including one between the mortgagors. Where the mortgagors agree that one of them would take the whole of the money lent by the mortgagee and would be liable in the first instance to repay it, while the other would stand merely in the position of a surety, and the entire debt is satisfied by sale of the principal debtor's property the latter will have no claim for contribution against the property hypothecated by the surety as such, and the surety is not debarred by S. 92 of the Evidence Act from proving the existence of the agreement in a suit against him for contribution by the principal debtor. *(Niamatullah and Allsop, JJ.)* KHUDAWAND KARIM KHALESAN *v.* NARENDRA NATH. 1935 A.W.R. 1343=1935 A.L.J. 1273=162 I.C. 117=8 R.A. 842=A.I.R. 1936 All. 258.

———Ss. 82 and 59—*Contribution—Right to—Registered mortgage deed—Alleged modification by subsequent verbal arrangement—Inadmissible—Contribution claimed by purchaser of part of the properties comprised in the mortgage.*

A deed of usufructuary mortgage, dated 6th December, 1905, was duly registered, expressed to be for an advance of Rs. 35,000 and in respect of 175 acres of a *raiyati* holding but full effect was never given to it and as the result of a verbal agreement entered into between the parties at about the time of the registration of the deed the mortgagee advanced Rs. 14,000 only and was put into usufructuary possession of 70 acres only out of the 175 acres mentioned in the deed. Subsequently, the appellants, as purchasers of part of the lands comprised in the mortgage, having bought subject to the mortgage and having paid off the mortgage debt of Rs. 14,000, brought a suit claiming contribution from the respondents, who were the owners of the other parts of the land subject to such mortgage'.

Held, that it was essential for the appellants to allege and prove a common mortgage, *i.e.*, a mortgage affecting both their lands and also the lands of the respondents. The appellants relied, for this purpose, on a mortgage alleged to have been to secure Rs. 14,000 (*i.e.*, the aforesaid registered mortgage deed of 6th December, 1905, as modified by a verbal agreement subsequently made).

Held, that in view of the provisions of S. 59, Transfer of Property Act (enacting that when the principal sum secured is Rs. 100 or upwards, a mortgage can be effected only by a registered instrument), the mortgage so relied on could not be proved, and accordingly the appellant's claim for contribution failed. *(Lord Tomlin.)* KAMTA SINGH *v.* CHATURBHUJ SINGH. 61 I.A. 185=13 Pat. 310=1934 M.W.N. 377=36 Bom. A subsequent purchaser of the property, after the sale in his favour, wanted the mortgagees to accept the sum of Rs. 1,000 either in full satisfaction of the amount due on the mortgage or to release the property sold to him out of the mortgaged property. The mortgagees refused to accept the amount.

Held, that the mortgagees were justified in refusing as the transferee had no right to demand either condition and such a conditional tender would not amount to a valid tender. ———**S. 84**—*Valid tender—Condition—Payment into Court—Suit on for the recovery of interest only—Principle applicable.*

No doubt, in a suit upon the mortgage, if the mortgagor desires to plead that interest had ceased to run because of a previous valid tender of the amount due, that plea must be accompanied by payment into Court, otherwise the tender would be ineffectual. But in a suit for the recovery of interest only, the payment of interest into Court would not raise the inference of readiness to pay the whole amount due on the mortgage, nor would the failure to pay this amount into Court raise the contrary inference that the mortgagor was not prepared to pay. In order that a tender shoule operate to stop the running of interest there must, no doubt, be a continued readiness to pay the amount due on the mortgage. ——**S. 92**—*Subrogation—Legal and conventional—Difference between.*

Subrogation is of two kinds legal and conventional. Where a third mortgagee redeems the first mortgage then he will be subrogated to the position of the first mortgagee as against the second mortgagee. This is what is known as legal subrogation. Conventional subrogation is somewhat different and it takes place where the person who pays off the debt has no interest to protect but advances money under an agreement express or implied that he would be subrogated to the rights and remedies of the first incumbrancer. Conventional subrogation can only arise by an agreement either express or implied. The case in which a legal subrogation, as distinct from conventional subrogation is claimed, stands on a different footing. In the case of legal subrogation, the third incumbrancer redeems the first mortgage in order to protect his own interest. Similarly a man who purchases the equity of redemption of the mortgagor and who redeems the first mortgage does so in order to protect his own interest. The case in which a conventional subrogation is sought however is defferent. There a person claiming a right of subrogation has to prove that there was an agreement (*Nanavutty and Rachhpal Singh, JJ.*) MAHOMED RAZA *v* BILQIS JEHAN BEGAM. **9 Luck. 717=6 R O 508=149 I.C. 84=11 O.W.N. 619=A.I.R. 1934 Oudh 213.**

——(**as amended**), **S. 92**—*Scope and effect.*

S. 92 does not state that the mortgagor on redeeming the property subject to a mortgage can in no circumstances, obtain the right of redemption which that mortgagee might have. Ordinarily a mortgagor has a right to redeem a mortgage effected by him. The principle to which the section is intended to give effect is that he who removes another's burden steps into the shoes of the person whose rights constitute the burden. (*Macnair, J. The same principle would apply even if there had been intermediate purchasers of the property before it came into the hands the mortgagor. *Otter v. Lord Vaux*, 6 D. ——**S. 95**—*Co mortgagors—Equity of redemption vesting in several persons—Relationship* inter se.

If the equity of redemption vests in several persons, all of them must be treated as co-mortgagors within the meaning of S. 95 of the T.P. Act. The terms of S. 59-A do not support the argument that if a mortgagor dies leaving several heirs, or if he transfers the equity of redemption in favour of several persons, then the several persons so deriving title from him cannot be regarded as co-mortgagors. No doubt the word 'mortgagor' would include such legal representatives but it does not mean that the relationship between them *inter se* would not be that of co-mortgagors. ——**S. 95**—*Co-mortgagor—Payment of prior mortgage debt—Subrogated right.*

Where there are several mortgages on a property, the owner of part of the property subject to the mortgages may, if he pays off an earlier charge, treat himself as buying it and stand in the same position as his vendor. And S. 95 does not necessitate the extinguishment of the mortgage and the creation of a charge S. 95 does not apply where the co mortgagor pays off an earlier charge and treats himself as buying it in such a case he cannot be considered to redeem the mortgaged property within the meaning of the section. ———**S. 95**—*Effect of amendment.*

S. 95 of the T. P. Act has by Act XX of 1929 been amended in such a way that Ss. 92 and 95, as they now stand, make it clear that the right of the co-mortgagor redeeming is the "same right as the mortgagee whose mortgage he redeems may have against the mortgagor". In effect the decision in *Srimati Rajakumari's* case, 25 C.W.N. 283, is now statute law. The amendment may well be brought to make more clear the priority of the co-mortgagor and to clear away all risk of postponement to a purchaser for value without notice but as a co-mortgagor can when redeeming take formal assignment (or its equivalent in the case of a decree) the chief merit of the amendment is that it provides to the co-mortgagor by the general law, the same security, that proper conveyancing would always have provided and not a form of charge which is different in some of its incidents. Mere mutation of names does not confer any title; so the fact that the co-mortgagor, who after redeeming the entire mortgage, gratuitously allowed mutation to be made in favour of the other co mortgagor who has not paid his share of the mortgage money, does not amount to either estoppel or waiver of his right to enforce the charge which he obtained under S. 95. ———**(Before amendment of 1929), S. 95**—*Co-mortgagor—Redemption by—Right to subrogation—Nature and extent of—Interest—Rate of.*

Certain property was mortgaged by the owner. Subsequently he dedicated part of that property for some endowments and settled part of it on his wife for life, the estate settled on the wife being subject to certain charges. The wife (tenant for life) redeemed the whole property.

Held, that under S. 95, T. P. Act (before its amendment) a charge was created in favour of the life-tenant on the mortgaged property in possession of the trustees of the endowments for their proportionate share of the mortgage-debt. The right of subrogation thus created by the section being a limited right, does not entitle the redeeming co-mortgagor to enforce the terms of the mortgage against the other mortgagors in the same way as the mortgagee could or to claim as a matter of right, interest at the bond rate. The question as to the rate of interest, the amount of which and the date from which it is to be calculated is at the discretion of the Court. ———**S. 95**—*Scope—Nature of co-mortgagor's right.*

S. 95 is intended to declare the right against the mortgaged property which a co-mortgagor acquires by redemption. There is a marked contrast between the language of S 95 which deals with a co-mortgagor and the language of S. 74 (before amendment of 1929) which deals with puisne mortgagee. What S. 95 confers is a charge. The security of the mortgagor for reimbursement of the excess paid beyond his share is not something which is given to reinforce a personal liability resting upon the other mortgagors to contribute, nor is it something which has to be engineered by putting him in the shoes of the mortgagee,

Rankin, C.J. (per obiter).—I should hesitate before assuming that the charge given by S. 95 cannot amount to an interest in specific immovable property. (*Rankin, C.J., C. C. ———(Before amendment of 1929), S. 98—*Anomalous mortgage—Contract to the contrary—Service inam free of assessment—Mortgage of—Enfranchisement and assessment—Liability to pay.*

By the terms of a deed of mortgage of service inam held free of assessment, the respondent was to remain in possession for twelve years, to appropriate half of the profits towards the mortgage and to pay the balance to the mortgagor (the appellant). During the currency of the mortgage, the inam was enfranchised and converted into ryotwari tenure, patta granted to the appellant and assessment imposed on it.

Held (the case being one prior to the amendment of 1929), as the whole rents and profits were not to be appropriated to the mortgage money but part of it was payable to the mortgagor, it was not an usufructuary mortgage but anomalous. The rents and profits having been previously ascertained and their appropriation definitely arranged, any other payment out of them which would vary that method of appropriation was not contemplated by the parties. In other words, there was as regards such other payments, *e.g.*, increase in land revenue a contrary to the contrary. So the assessment of land revenue should properly be paid by the mortgagor who held the patta for the lands and if on his default the mortgagee was obliged to pay instead, he was entitled to recover it from the mortgagor. 25 I.C. 641; 9 M.L.T. 206; 17 M.L.J. 517, Ref. The rights and liabilities of the parties to an anomalous mortgage must be determined by the terms of the contract as evidenced in the mortgage deed. The parties intended that the mortgage should, in the first instance be a simple mortgage and that in the event of non-payment of the principal sum on the date fixed, the mortgage should be converted into a usufractuary mortgage. Further, they intended that while the mortgage was subsisting as a simple mortgage, the mortgagee should have all the powers of a simple mortgage and there was a separate covenant to pay interest yearly.

Held, that the expression "amount secured" though normally means both principal and interest, in this case it meant only principal, and that a suit for interest alone was maintainable. ——**S. 100**—*Charge and mortgage—Distinction between*

A charge is a liability to pay money laid upon a person or estate. Such a liability is created by every mortgage : so that every mortgage includes a charge, but the reverse is not always true. There is no personal covenant to pay in a mere charge and no transfer of any interest in the property but merely an obligation imposed on the property with reference to the payment. It is difficult to conceive of a charge with a personal covenant to pay, which does not amount to a mortgage. If it is a mortgage, it must comply with the formal requirements required by statute you cannot call it a charge to dispense with writing

———**S. 100**—*Charge and mortgage—Distinction between.*

A charge is merely a security for payment of money to be enforced against the property charged. There is no transfer of any interest in the property in favour of the charge-holder as in the case of a mortgage. So from the very nature of it, it cannot, as a general rule, be enforced against a transferee for consideration without notice. But in the case of a mortgage there is a transfer of interest and a transferee of the mortgaged property can only acquire the remaining interest of the mortgagor and is therefore bound by the mortgage. If otherwise the properties falling to the share of one person are made liable for the debts due by other sharers, the other sharers and the properties allotted to their shares shall be liable for any loss caused thereby."

Held, that the clause created a charge in favour of the person for any excess sum paid by him over and above his share of the debt, on the properties of other sharers in proportion to the sums which they should have paid, but defaulted to pay. ———**Ss. 100 and 58**—*Charge and mortgage—Distinction between.*

A charge is not exactly identical with a mortgage, and although a similar remedy is available, a suit for the enforcement of a charge is not necessarily the same as a suit for sale on the basis of a mortgage-deed. One obvious distinction is that a mortgage is for a fixed term whereas a charge may be in perpetuity. In the case of a mortgage it can be ultimately redeemed, whereas a charge in perpetuity cannot be redeemed at all. There is therefore no question of redeeming a charge but only paying up the arrears of the amount charged due and preventing the sale of the property in execution of decree (*Sulaiman, C.J. and King, J.*) MATLUB HASAN *v.* MT. Where a coal mining lease provided for the periodical payment of the royalty and that "the machineries, the engine and the boilers, etc. (in the leasehold property) will all along remain under first charge for the said royalty,"

Held, that it created a fixed and not a floating charge. Mere variability of the amount or the subject of the charge was not by itself sufficient to make it a floating charge. The movables could not be disposed of by the lessee with ordinary course of business and so the outstanding feature of a floating charge is absent. At the same time, by specially indicating this property the parties evidently intended it to be primary remedy and the judgment-debtor was entitled to act on this belief with regard to the rest of his property. It therefore might be prejudicial to him if the decree-holder were allowed to desert his charge completely and suddenly pounce upon the other property. Five branches of a family executed a deed of mortgage to plaintiff in respect of their shares in the family property. All the five branches leased the properties to the 1st defendant under muchilikas and later on, three of the branches, *i.e.*, 1st, 4th and 5th branches executed in the 1st defendant's favour an agreement agreeing to sell their shares to him. Subsequent to that all the 5 branches sold their shares to the plaintiff (mortgagee), but continued in physical possession of the properties as plaintiff's tenants under muchilika. 1st defendant thereafter sued for specific performance of the agreement in his favour, making the plaintiff also a party to that suit and obtained a decree in his favour, but a formal decree for possession was not passed in his favour, as he was in possession as a tenant. The sale-deed in favour of the plaintiff thereby became inoperative so far as the shares of branches of 1, 4 and 5 were concerned. In a suit by plaintiff for possession by partition of the shares of branches of 2 and 3 and for relief against the other shares on the basis of his mortgage,

Held, though the plaintiff could not fall back on his mortgage in respect of the shares of the 2nd and 3rd branches, by reason of the sale in his favour, he was entitled to fall back on his mortgage so far as the shares of the 1st, 4th and 5th branches were concerned and was entitled to a usual mortgage decree for three-fifths of the mortgage amount as against those shares. ———**S. 101**—*Construction—Prior mortgagee in possession by right of foreclosure—Suit by subsequent mortgagee for foreclosure—If bound to redeem first mortgagee in possession—"Otherwise than subject thereto"—Meaning.*

A subsequent mortgagee seeking forclosure under his mortgage is bound to redeem a prior mortgage who has already foreclosed and is in possession of the property, before he can take possession. There is no difference in principle between a mortgage who has obtained possession under a sale in execution of the mortgage decree and one who has obtained possession by foreclosure of his mortgage. S. 101, T. P. Act, allows a subsequent mortgagee two alternatives, either to redeem the prior mortgage or to take the property subject to that mortgage; and the words, "otherwise than subject thereto," in the concluding part of the section, refer to the 2nd eventuality contemplated by the section, namely, that of the puisne mortgagee trying to sell the property and not of his seeking foreclosure. A subsequent mortgagee who has obtained a decree for sale can avail himself of either of two alternatives. But a subsequent mortgagee seeking foreclosure cannot foreclose and get possession subject to the charge of the prior mortgagee already in possession. In such a case the subsequent mortgagee has no option but to redeem the prior mortgage. ——**S. 101**—*Puisne mortgagee discharging prior mortgage decree—Purchaser from mortgagor—Suit for possession by—Right to use mortgage as shield, though barred.*

When a mortgagee has obtained a decree on his mort gage, no second claim would lie on the mortgage against the mortgagor or his successors in interest; to that extent the rights under the mortgage are extinguished by the merger. But that does not mean that the rights under the mortgage are necessarily extinguished. When a lower security merges in a higher the rights under the former may sometimes revive for certain limited purposes if the later becomes ineffectual. Where therefore a mortgagee finds property over which he has charge and against which he has obtained a preliminary decree being sold as if it belonged to another man and purchases the property at the sale and also proceeds against his mortgagor to the stage of a final decree and obtains possession and in effect satisfied the mortgage decree, the mortgage security is not wholly extinguished. ———**S. 101**—*Mortgagee purchasing mortgaged properties—Presumption—Discharge of mortgage—Intention to the contrary—No pleading or proof of*

In execution of a money decree, defendants 5 and 6 brought the property of the judgment-debtors to sale in 1919. A mortgage of the property in favour of the plaintiff dated 1913, was mentioned in the execution petition. The plaintiff put in a claim petition in which he stated that the mortgage had been discharged by a sale-deed executed in his favour in 1919 by which he became the absolute owner of the property. The claim was dismissed as too late and the property was purchased by the decree holder. The plaintiff did not bring a suit under O. 21, R. 63 within one year to establish his right and so the order on the claim petition became final. In a suit brought by the decree-holder purchaser for mesne profits, the plaintiff resisted the claim on the strength of the sale-deed and again failed. The plaintiff thereupon brought the present suit to recover the money due under the mortgage bond of 1913. It was argued on his behalf that (*i*) as the property was purchased by the decree-holder subject to the mortgage, he was estopped from questioning the plaintiff's right as mortgagee; and (*ii*) the sale deed having become ineffectual and inoperative as a result of the order dismissing his claim, his original mortgage revived.

Held, that the plaintiff was not entitled to succeed: (*i*) The Court did not sell the property subject to the encumbrance, but only notice of encumbrance was given in the proclamation and so the purchaser was not precluded from questioning the validity of the mortgage. (*ii*) The effect of the execution of a sale deed of the mortgaged properties in favour of the mortgagee must be taken to be the extinguishment of the earlier mortgage in his favour unless there was an express or implied intention to keep the encumbrance alive. No such intention had been pleaded in the case; on the other hand the plaintiff had preferred to rely on his sale-deed both in the claim and in the suit for mesne profits. The Courts in equity have no doubt allowed a party, when one remedy has failed, to take whatever other remedy lies ready to hand, but a party cannot be allowed to revive a dead remedy merely because that best suits his convenience. The essential characteristic of a lease is that the subject is one which is occupied and enjoyed and the corpus of which does not, in the nature of things and by reason of the user, disappear. ——**S. 107**—*Lease or agreement to let—Test—Oral agreement for renewal each year—Validity.*

Whether an oral agreement between the parties must be construed as a lease, or amounts merely to an agreement to let is a question of the intention of the parties. If the intention of the parties was not to create immediately the relation of landlord and tenant between them, or that something more had to be done before the relation commenced, it is to be presumed that their agreement was intended to operate only as an agreement to let and not as a lease. Where therefore parties enter into a verbal agreement that on the expiry of the present lease the same be renewed for a further period of three years, the lease to be renewed each year as formerly in accordance with the Waste Land Grant Rules, the only construction which the agreement will bear is that the relationship of landlord and tenant should come into existence under it only on the signing of a new lease at the expiry of the existing lease, and further that the relationship should come to an end at

the end of each successive year and should be renewed annually on the signing of a fresh yearly lease. Such an agreement is valid, although not reduced to writing, and can be enforced. ———**S. 107**—*Permanent lease—Verbal agreement—Need for registration—Part performance.*

In June 1913 the defendant entered into possession of a plot of land under a verbal agreement by the plaintiff for the grant to him of a permanent lease, and thereafter he erected certain structures on the land at a cost of nearly Rs. 12,000. The plaintiff was aware of the construction and as the Courts in India found he must have realised that the defendant would not have constructed the buiding unless he was assured of the possession of a permanent right in it. The defendant in December 1918 had notice that performance of the verbal agreement of 1913 was definitely refused by the plaintiff. In April, 1923, the plaintiff after duly serving a notice to quit sued to eject the defendant upon the allegation that he was merely a monthly tenant.

Held, that in view of the povisions of S. 107 of the T.P. Act, in the absence of a registered instrument, the verbal agreement alone could not create a permanent lease in favour of the defendant and that the English equitable doctrine of part performance could not be applied so as to modify or override the mandatory provisions of the Act, so as to nullify the statutory requirement of a registered instrument. 42 C. 801 (P.C.) and 39 M. 509, Expl. The covenant contained in S. 108 (*c*), T. P. Act, corresponds to what is known as the *absolute* covenant in the English law and not to the qualified covenant which will be available only in the event of dispossession by the grantor or these claiming under him ; the former is available even in respect of dispossession by a person claiming by title paramount. The statutory covenant under S. 108 (*c*) is an express covenant for quiet enjoyment available for the whole term of the lease independent of the termination of the interests of the lessor, and not merely an implied covenant limited to the duration of the lessor's own interest though the term may not come to an end within that time. In the case of a lease for 15 years granted by a Hindu widow in respect of properties inherited by her as heir to her deceased son for a stated consideration, the lease will be binding only so long as the widow herself is alive. On her death, it ceases to be binding and the reversioners are entitled to possession of the properties, although the term of the lease has not expired. The lessee under the lessor will, however, be entitled under S. 108 (*c*), T. P Act, to recover compensation in respect of the unexpired portion of the consideration paid by him from out of the private assets of the lessor-widow in the hands of her legal representative, when he is dispossessed before the expiry of the term of the lease. The defendants, who were permanent lessees of certain lands from 1885, partitioned the property describing themselves as the owners of the land and also passed several mortgages and sale deeds in favour of strangers, in which they described themselves as owners. No rent had been paid since 1907 when there was an order of the Collector changing the khata of the lands in the names of the defendants. They had, however, never communicated to the landlord their desire to renounce the relationship of landlord and tenant. It was also found that the heirs of the landlord were unaware of the dealings by the tenants.

Held, that a denial by the tenant of his landlord's title must, in order to work a forfeiture of the tenancy, be brought home to the knowledge of the landlord and as the landlord had no knowledge in this case, the conduct of the tenants did not bring about a forfeiture of the tenancy. 35 A. 145; 41 M. 629; 42 M. 589; 43 M. 480, Ref. The amendment of Cl. By reason of the alteration in a case where a lessee breaks an express condition which provides that on breach thereof the lessor may re-enter or where a lessee renounces this character as such by setting up a claim in a third person or by claiming title in himself it will be necessary for the lessor to indicate definitely his intention to take advantage of the forfeiture which has been incurred by giving notice to that effect to the lessee and under the section as it now stands it is necessary that such step shall be taken before the right to institute a suit can arise. Premises in Calcutta were let to a tenant for a term of three years from 1st day of April, 1918. The tenant held over after expiry of the term. On the 24th September, 1932 the landlord caused a notice to be sent to the tenant requiring him to quit the premises by the last day of October, 1932.

Held, that the lease for term originally fixed expired at midnight on the 1st April, 1921, that thereafter the tenant held over as a monthly tenant, each month of the renewed tenancy expiring at midnight on the 1st day of the succeeding month; and consequently the notice to quit expiring with the last day of a month was a bad notice and insufficient to determine the tenancy.

A Court has power to extend the principles of S. 114 of the T. P. Act to agricultural leases which are not the subject of any local Act. The terms of a lease with a sub tenant are matters between him and his landlord and are not regulated by the C. P. Tenancy Act. They are governed by the ordinary laws of contract subject to the exceptions provided in S. 38 of the C. P. Tenancy Act. The principles of equity can therefore be applied in such cases. S. 39, C. P. Tenancy Act, no doubt states that

a decree for arrears of rent may be executed by ejectment, but ejectment is not an inevitable consequence; nor does S. 39 exclude the consideration of granting relief against penal clauses. Where a lessee admits that a forfeiture under the lease for non-payment of the rent had occurred and seeks relief from the forfeiture under S. 114, the Court is given a discretionery power which it may or may not exercise in favour of the tenant. In such a case the question turns on the meaning of the words "rent in arrear". The expression is not equivalent to the rent claimed by the suit but includes all that is due to the lessor up to the date when the application for ejectment is heard and order for relief against forfeiture made on condition of the lessee paying the entire arrears of rent with interest and on payment of costs. *Peachy's case*; (1724) 1 Stra, 477; *Howard* v. *Fanshawe*, (1895) 2 Ch. 581, Rel. on. ———S. 130—*Applicability—Lease by mortgagor—Lessee to pay revenue or be liable in damages—Default by lessee—Assignment of rights to mortgagee—Suit by mortgagee against lessee—Maintainability.*

A mortgagor leased the mortgaged properties and the lessee agreed to pay the Government dues or be responsible to lessor in damages. Lessee defaulted and the mortgagee who purchased the properties in auction sale under a previous mortgagee's decree paid the dues. The mortgagor had also assigned his rights against the lessee to the purchaser mortgagee. In a suit by mortgagee against lessee for the amount of dues paid, it was pleaded that the assignment was invalid under S. (6) (*e*).

Held, that S. 6 (*e*) had no application to the facts of the present case. What was assigned was not a mere right to sue but a claim for a definite sum of money which the lessee was bound by his contract with the lessor to repay him. This would be an actionable claim to which S. 130, T. P. Act, would apply. The failure of the lessee to fulfil this obligation did not give rise to a claim of damages but to a claim for reimbursement of the precise sum which the landlord had disbursed to meet the obligation and this right having been assigned by a formal deed the claim for payment must be decreed. A subscriber's right to receive the amounts subscribed by him to a chit fund is certainly an actionable claim, and when he executes a hypothecation bond in respect of the instalments paid by him it must be deemed to effectively transfer to the mortgagee his claim thereto. No further act on the part of the subscriber is necessary to complete the title of the hyphothecatee to recover the amount from the stake-holder under S. 130, T. P. Act. The issue of a notice to the stake-holder is not a condition precedent to the completion of the assignment or to vest the title in the assignee. A subsequent hypothecatee from the subscriber who issues a notice to the stake-holder of his claim before the first hypothecatee gives a notice will not give the former priority over the prior hypothecatee, although it is otherwise under the English law. ———S. 130—*Debt secured on immovable property—Debt, apart from security, if transferable.*

A debt is distinct from the security. A debt secured upon immovable property does not become identified with it; it exists as movable property. The debt can be transferred without the security. The effect of the definition of "actionable claim" introduced by the Amending Act of 1900 is only to restrict the statutory rights on transfer such as the right to sue in the transferee's name, etc., to such transfers as are transfers of actionable claims as defined. The respondent bank had executed two debentures in favour of the appellant, creating a floating charge on its whole undertaking, properties, assets and interests, present and future, as security for a loan. When on suspension of payment by the respondent bank, the charge became fixed, the principal assets of the bank consisted of loans due from customers, secured by title deeds of immovable property deposited with the bank. The question was if the appellant, who was bound by an admission of counsel and decree based thereupon that the debentures not being registered under the Registration Act, did not affect the immovable property comprised in the title deeds, could nevertheless claim any interest in the loans due to the bank and secured upon immovable property.

Held, that the debts though secured upon immovable property, was movable assets of the respondent bank, over which the debentures created a charge and the appellant was entitled, under S. 134 of the Transfer of Property Act, to the benefit of all sums received in reduction of the debts whether from the realisation of the security or otherwise. R got a decree declaring that certain properties were trust properties. Subsequently he mortgaged those properties to *D* as if they were his private property. After *R*'s death, his successor *S* instituted a suit to set aside the mortgage in favour of *D*. In such a suit, *D* is not barred, by reason of the original decree in favour of *R*, from contending that the properties were the private properties of *R* and not subject to any trust. That decree is, at the highest, only a piece of evidence in considering whether any trust existed. (*Beasley, C.J. Trustees expose themselves to great peril in allowing their own relatives to intervene in any matter connected with the execution of the trust; for the suspicion which the circumstance is calculated to excite is one which it would require a very strong case to remove. Therefore in the case of sale by a trustee or an executor to his wife, the Court will seek to be certain, by vigilant scrutiny of the true nature of such a transaction, because one can readily see that the close relationship between husband and wife may, unless the nature of the transaction is explained, give rise to the not unnatural inference that the husband was truly the party intervening in the case, and that not without benefit to himself. *Burrell* v. *Burrell*, (1915) S.C. 333, Foll. ———*Breach of trust—Earlier services of trustee—Effect on subsequent misappropriation.*

While trustee's meritorious services to the trust at an earlier stage might well justify him in asking that proceedings against him should be prosecuted with discretion rather than with zeal, these services cannot be allowed to justify his subsequent misappropriation of trust funds and conversion of trust property to his own use. It was found that a trustee had been guilty of serious breaches of trust, that he had not spent in charity all the trust funds which came to his hands and that some of those he had applied to his own use; that while he himself found the moneys necessary to prosecute certain litigation, he had represented in his accounts that he had borrowed these moneys at high rates of interest from outside lenders, so that in the name of expenditure which he had never made he might retain for himself a rate of interest which could not be claimed by a trustee in respect of advances made by himself.

Held, such conduct on the part of the trustee, however meritorious in earlier days his acts in relation to the trust might have been, could not be overlooked. In order to be relieved from personal liability for any breach of trust, the trustee must establish that he acted honestly and reasonably, and ought fairly to be excused for the breach of trust. Where a trustee never considered the question of his dealings with the trust funds in the light of his duty as a trustee, or paused to consider whether it was prudent for him as a trustee to lend on the personal security of the borrowers, he is not entitled to any relief from personal liability for the loss occasioned to the estate by the loans on personal security. ———*Breach of trust—Trustee—Rights and duties—School committee leaving moneys in charge of secretary for extension of buildings—Rights and duties of secretary—Applying money to his own purpose.*

Where the committee of management of a school leaves certain moneys in charge of its secretary for the purpose of carrying out certain alterations and additions to the school buildings, the secretary is entitled and empowered to apply them, as in his discretion is proper, for any of the purposes named by him and accepted by the committee. As to the resulting balances, it is his duty to keep the moneys standing to the credit of one or other of the accounts authorised and sanctioned by the committee, until they are required for any of the purposes aforesaid. With reference to these balances, he is under no further obligation, unless and until their application is otherwise directed by the committee. ———*Breach of trust—Trustee—Liability for breach of trust—Right of beneficiary for accounts—Wilful default—Accounts on basis of—Pleadings as to—Procedure.*

If a trustee employs trust funds for improper purposes or negligently fails to recover trust funds or to employ trust property to the best advantage, he renders himself liable to damages. He is also liable for breach of the duty of furnishing accounts and giving information. But as a matter of procedure, breaches of trust, both positive and negative, must, when accounts are claimed on the footing of wilful default, be pleaded at the outset, unless the trustee has refused to show the trust account. If a trustee refuses to show accounts, a beneficiary has a clear right to sue for an account, and to be allowed to formulate his charges of 'wilful default' and breaches of trust after inspection. But, where a beneficiary has had an opportunity of seeing the trust accounts, he must formulate his charges at the outset, or at any rate before the issues are framed; where the plaintiff fails to do so, he cannot be allowed at the trial to allege or rely on breaches of trusts not pleaded at the outset. Generally speaking, if a trust is of a charitable or public nature, the Advocate-General or the Collector that is the Officer corresponding to the Attorney-General in England—is the only person who can apply to the Court to enforce the trust. In the case of a private trust it is the beneficiary interested who can apply. When the will contains provisions as to the funeral of the testator or the disposal of his body in the performance of which no person has any direct interest, there is no one who can insist on those provisions being carried out. It is not the law that a person who claims to be the nearest relative of the testator has in that capacity a *locus standi* to apply to the Court to enforce the provisions of the will in which no one is directly interested. When a plaintiff who sues a trustee incurs a liability as to costs, the rule is that it is in the first instance a personal liability unless he obtains an order from the Court that the costs are to come out of the estate. Where a trustee has recovered costs and is afterwards ordered to refund the same in restitution, he is personally liable, and the same can be recovered in restitution by his arrest and attachment of his property. Subsequently the then trustees of the synogogue conveyed the property by a registered deed in the name of two persons by way of trust, upon the terms set therein. A new set of trustees of the synogogue brought the present action claiming that the property belonged to the synogogue.

Held, (*i*) when a fund is raised for a charitable purpose in the name of certain persons, such persons must be deemed to have implied authority for and on behalf of the donors to declare the trusts to which the fund is to be subject and the trusts so declared will be presumed to be those intended by the donors or contributors; (*ii*) so the transfer of the property to the two specified trustees to hold it on certain terms of the trust was valid. *Attorney General* v. *Mathison*, (1907) 2 Ch. An application was filed before the District Judge for the filling of certain vacancies occurring among the appointment committee and trustees of the Bengalee Sunni Mosque of Bassein. In the scheme as originally framed it is directed that of the six trustees, "three should be Bengalees and the remaining three should be from among the other communities of the worshippers at the Mosque".

Held, that whether a Mahomedan of mixed blood retains his position in the Bengalee Mahomedan community or whether he definitely throws in his lot with the Mahomedans of Burma and classifies himself as a Zerbadi or Burma Muslim is a matter of evidence in each case and it depends on the social unit to which he has attached himself and in which he is received on equal terms by the other members and that when a descendant of an Indian male parent identifies himself with Burma to the extent that Burmese is his family tongue and possibly he adopts Burmese clothes and manners of living, he must be regarded as having definitely left the Indian community and joined the community of the Burma Muslims, but when, on the other hand, he keeps some Indian tongue as his family tongue, and retains the use of Indian clothes and remains in the same social circle with Indians of pure blood, he would then very properly be said to belong to the Indian Mahomedan community, or as the case might be, the Bengalee Mahomedan community, and so on. ———*Validity of—Requirements.*

The general rule is that a trust to be effective must be communicated to the *cestui que trust* or that he should at least know about it. The question as to whether there has been an irrevocable trust or not, must be a question of fact in almost every case. Where a certain fund was set apart in the books for the purpose of charity and it was so continued for over 60 years but there was no evidence that the owners of the fund intended to part with the ownership or control of it and its existence was not communicated to the general trustees of the temple and there was no document creating the trust except the entry in the account book and this fund was treated as an asset in partition.

Held, that no irrevocable trust fund was created. (*Beasley, C.J. and Butler, J.*) ARUNACHALAM CHETTIAR *v.* OFFICIAL ASSIGNEE, MADRAS. **1934 M.W.N. 979=155 I.C. 772=7 R.M. 605=A.I.R. 1935 Mad. 60.**

If a trust is to be valid and enforceable according to law, certain material matters must be ascertainable. In the first place it is material to ascertain the author or authors of the alleged trust. Next the intention to create a trust must be indicated by words or acts with reasonable certainty. The purpose of the trust, the trust property, and the beneficiaries must be indicated and in such a way that the trust could be administered by the Court if the occasion arose. Where the properties which are the subject-matter of an alleged trust were acquired by means of offerings made to a spiritual head by the followers of a certain faith and the trust deed executed by the spiritual head along with certain others provides that the trustees are to act in accordance with the directions of the spiritual head for the time being and that his mandates should be paramount and absolute in all matters referred to therein.

In 1800, the Nawab of Surat was, under a treaty entered into with the British Government, granted a political pension. The last of the Nawabs died in 1842 without male issue. He left only a daughter who had two daughters. The pension was however continued in favour of the two grand-daughters, the daughter having died in the meanwhile. One of the two grand-daughters died in 1887 and that event gave rise to rival claims. Instead of paying the whole of it to the surviving grand-daughter, the Government took half of it, and after paying a portion of it to some of the descendants of the deceased, directed that the balance of the accumulated fund should be "paid into a trust fund and invested as a nucleus of Provident Fund for the benefit of the children on lapse of the pension." The fund was held by the Accountant-General, no trustees being appointed. In a suit for administration and distribution of the fund in question,

Held, that the fund was not constituted a "trust fund," and that the use of the words "trust" and "trust fund" did not have the effect of creating a trust by declaration or giving it a technical jural character; and that the Accountant General who held the fund was not a "trustee" but the agent or cashier of the Government under whose orders he acted. This agreement was adopted by the company after its incorporation and the trustee was discharged from all liability thereunder. *X* was the managing director and in substance the proprietor of the company. Under the settlement, *Y* was entitled to 'a vested right in the income, contingent rights in the corpus" of the settled property. No registered instrument of transfer was executed by *X* in favour of the company in respect of this property. Held, that on the facts *X* did not indicate with reasonable certainty by any words or acts an intention to create a trust as required by S. 6 of the Trusts Act and further the interest of *Y* under the settlement was a beneficial interest which could not be a subject-matter of trust under S. 8. ———**S. 11**—*Powers of Court—Scope of—Will conferring contingent interest on grand-daughter—No provision for expenses of her marriage—Payment by trustee for such expenses, if can be sanctioned.*

Where the Court is called upon to authorise the trustees to do an act or incur an expenditure, which the trustee himself has no power to do, the particular contingency not having been anticipated or provided for by the testator and the consent of the beneficiaries cannot be obtained by reason of their being minors, it is open to the Court to ascertain the paramount intention expressed in the will and to consider if the act to be done by the trustees can properly be read as subordinate to such intention and sanction, on behalf of all the parties interested and if beneficial to them, the act being done by the trustees. So where a deed of trust executed by the testator disclosed a paramount intention to benefit his grand daughter who had a contingent interest in it; the Court may allow the trustee to expend a reasonable amount for the expenses of her consummation ceremony, though the deed made no provision for any intermediate payment except by way of maintenance. But expenses of litigation incurred by the widow who had only a life interest under the will cannot be allowed. ———**S. 19**—*Suit for breach of trust—Accounts—Veracity.*

In a suit for the breach of trust against the trustees where the plea is that the trustees have not maintained proper accounts or furnished them to the beneficiaries, it is not sufficient to show that the account was not regularly and correctly kept from day to day, but was mostly written up for the purpose of being produced in Court. What is more important is the question whether the account as far as it goes can be shown to be untrue in the sense that the actual receipts are not entered or the expenditure entered is fictitious or excessive. Thus the faults in the mode of account keeping are to be distinguished from the faults involving dishonestly or misconduct. Where a trustee is authorized by the terms of the trust to invest the trust moneys in his own business and directed to pay interest thereon and the moneys are so utilised, the trust is not entitled to follow up the money into the assets of the trustee after he becomes an insolvent. All that the trust is entitled to in such a case is to rank as an ordinary creditor of the trustee. The consequence of the liberty so conferred upon the trustee is to convert the object of the trust from a particular sum of money into a personal obligation to pay on the part of the trustee. Subject to this modification, the trust still subsists. But the claim of the trust on the trustee rests on his personal obligation and can stand on no higher footing than that of the other ordinary creditors. 33 Mad. 154, Foll.; 59 M.L.J. 718, Not Foll.

Quaere.—If the doctrine of tracing applies at all to cases of authorized conversion. Tracing is a claim *in rem*—not *in personam*. This distinction affords an index to the necessary limits of the doctrine of tracing. It may be in most cases sufficient for the *cestui que trust* to show that the trust moneys have found their way into the assets of the trustee and the trade assets of the trustee have, no doubt, been for purposes of the doctrine, treated as a single entity, with an identity enduring throughout every phase and transformation and taking its latest form in whatever may ultimately remain of those assets at the time of the insolvency. But the very nature of the doctrine of tracing makes it a rebuttable presumption and it must be open to the competing

(52 Mad. 919; 59 M.L.J. 718 and English case law referred to.) It is immaterial for this purpose if the trustee received the trust moneys by a settlement of accounts—and not *in specie*. The trustees of a trust fund appointed one of themselves, a firm in Calcutta, to manage the affairs of the fund, the firm acting through its agent in Calcutta. Funds were received by the firm on behalf of the trust and placed to the credit of the trust in the account books and credited with interest, the money being clearly utilized by the firm in its own business with the approval of the other trustees. The firm became insolvent.

Held, (1) that the relationship between the trust and the firm was not one of creditor and debtor; (2) that the right of the beneficiary to follow the trust money did not depend upon the act of the trustee being wrongful one; (3) that trust money invested in the business could be traced within the meaning of S. 63, Trusts Act, to the eventual assets of the business; (4) that the doctrine of tracing was not affected by the fact that moneys were invested in their own business with the authority of the other trustees. The only effect of such authority was to save the trustee from what would otherwise be a breach of trust; (5) that the moneys must be taken to have remained as part of the assets of the insolvent's business and to have been there from the date of the insolvency; and (6) the beneficiary, *i.e*, the trust, was entitled at all times to a charge upon such assets in the hands of the firm. The Government granted a lease of certain sheri lands in 1883 to defendants 1 and 2, co-sharers, for a period of three years. In 1897 defendant No. 1 granted to D1 a lease for ten years. In 1899, D2 mortgaged it to plaintiff. In 1901, in execution of a decree against D2, the plaintiff purchased the share of D2 and took symbolical possession. On the expiry of the lease in favour of D1, the plaintiff called on him to deliver possession of the moiety but the defendant refused and continued in possession. The plaintiff thereupon brought a suit to recover possession of the moiety and for arrears of rent. Pending the suit, the thirty years' lease by Government expired and in 1914 the Government gave the suit lands to D1 and granted him occupancy rights. The suit by the plaintiff was dismissed on the ground that in view of the Government grant of 1914 a fresh suit was necessary. The plaintiff thereupon brought the present suit.

Held, that (*i*) the relationship between the parties from the date of the expiry of the lease in 1907 was that of co-sharers and so no question of adverse possession arose; (*ii*) a co-sharer of an estate as D1 was, was a person who would be subjected to a trust, if the other conditions in S. 90 were fulfilled; (*iii*) D1 had obtained occupancy rights from the Government by suppressing the fact that the rights of D2 in a moiety were still subsisting; (*iv*) as D1 did not have the beneficial interest in half of the properties, he must be held to hold the same for the benefit of the plaintiff having such interest. A lessee is a qualified owner of the property inasmuch as he exercises the power of the landlord during the continuance of his lease and can give his consent to transfers, and therefore if he gains any advantage in derogation of the interest of the superior landlord, he holds that advantage for the benefit of the latter. Even though the Trusts Act was enforced in the province of Bihar and Orissa in 1913 only and the acquisitions of the occupancy right were before the Act came into force, the principle enacted in the section applies to cases before 1913 as it is based upon the principle of justice and equity that no man can take advantage of his position to the detriment of the interest of another, and if he does, so he will hold such advantage in trust for the latter. Held, that the case was governed by S. 90 of the Trusts Act, that the assignment in so far as it conveyed the share of *B* being void and ineffectual, *C* was liable to refund the amount on the principle of money had and received and that *C* being assimilated to the position of a co-owner with *B*, the latter had a cause of action against *C*. 41 M. 923 Dist.; 37 M. 381; 32 C. 527; 30 M. 459, Foll.; 39 M. 62, Ref. ———**S 17**—*"Claim for money" meaning—Claim for settlement of accounts and profits under S. 227, Agra Tenancy Act—If claim for money.*

The words "claim for money" include all claims, which if successful, would give rise to a pecuniary liability against the ward or his property. A claim for a specific movable property or for recovery of an immovable property would not come within those words. A.

U. P. COURT OF WARDS ACT (1912), S. 17.

claim for money need not be for an ascertained sum. For, even where it is for an ascertained sum, it does not follow that that sum would necessarily be decreed by the Court, if litigation should be necessary. All that the words appear to mean is that the Collector should know that a particular man (the claimant) thinks that he should be paid by the ward or from his property. Therefore, a claim for settlement of accounts and profits under S. 227, Tenancy Act, is a "claim for money" within the meaning of S. 17, Court of Wards Act. (*Sula man, C. The omission to give notice in response to notification under S. 17 has the effect of extinguishing the claim altogether whereas the omission to give notice as required by S. 54 of the Act does not amount to an extinction of the claim itself but merely makes the suit not maintainable with the result that the suit would have to be dismissed for want of due notice and creditor would be entitled to serve a notice on the Collector and then file a fresh suit. The notice under S. 17 is in order to keep alive the claim and to prevent it from being deemed to be discharged, whereas the notice under S. 54 is to inform the Collector of the proposed suit and give time to prepare his defendence and to make offer if so advised. His claim was disallowed; hence the suit. He claimed to be entitled to produce a certified copy of the bond as secondary evidence of it, as he had lost the original.

Held, that the story of the loss of the document was untrue and so he was not entitled to produce secondary evidence of it; that the case fell within S. 22 and that he had failed to show any good cause for the non-production of the bond; and that as the notices issued by him based his claim only on the bond and not to any loan independent of it, he could not, under S. 18, be allowed to rest his claim on the original consideration. There is no provision in the U. P. By S. 146 of the Act, the soil of the road no doubt vests in the Board, but the right of the public to use the road for the purpose of passing and repassing is untrammelled by the provisions of that section. Every owner or driver of a car or lorry that is registered under the Motor Vehicles Act, and who has the necessary license or permit required by that Act, has a right to use all public roads, whether vested in the Board or not, as a highway and the Board is not authorised to jeopardize this right of the public by creating monopolies in favour of particular individuals. ——**S. 174 (2) (q)**—*Grant of exclusive right to an individual to ply lorries on hire on particular roads—Power of District Board.*

S. 174 (2) (*q*) of the District Boards Act does not authorise the Board to grant to an individual the exclusive right to ply lorries on hire on particular roads in the district. Under that provision, the Board has by a bye law the right to prohibit *generally* any description of traffic, provided the prohibition appears to the Board to be necessary. The prohibition however cannot be partial. Either the Board can totally prohibit traffic of a particular description or it cannot. The word "regulation" in sub-Cl. (*q*) is used in the sense of making provision for the time at which and the manner and order in which a particular description of traffic, which is not prohibited, can be carried on, on the roads, and is certainly not used in the sense of authorising the Board to make a bye-law that as the indirect effect of a partial prohibition of a particular description of traffic. The provisions regarding searches of houses and the precaution necessary to be taken before any search is held have been framed with a view to protect the interests of the accused. The chaukidar, it is true, is not one of the persons authorised to make a search under S. 53. But where the accused himself did not consider the intrusion of the chaukidar into his house as tantamount to criminal trespass, his entry was not apparently against the wishes of the owner of the house nor was it with the intention to intimidate, annoy or insult the owner in possession of the house and the accused himself admitted his having been distilling illicit liquor,

Held, that any alleged illegality committed by the chaukidar in entering the house of the accused had no casual connection with the question of the guilt or innocence of the accused and the judgment of acquittal could not therefore be sustained. S. 244-B of the Land Records Manual must be read with R. 2 of the same Manual. To become a patwari a man must be nominated by the lambardars or at any rate the process of nomination must be gone through. In the event of the heir of the patwari being nominated but being unqualified or, owing to failure of nomination, in the event of the Collector desiring to nominate the heir of the late patwari when he is not qualified, the law permits conditional appointment of such heir and gives such heir preferential admission to the patwari school to enable him to qualify himself. The word "heir" in Rule 2 is left intentionally vague because it is not every patwari who has sons. It is intended to be liberally interpreted as meaning the person who succeeds to the patwari's property and undertakes his domestic liabilities, such as maintenance of his widow and so on. In the face, therefore, of sons no one else would rank as the heir of the patwari. (*Drake Brockman, S. M. and Knox, J M.*) ALI KAUSAR *v.* KHEM SINGH. **1935 R.D. 330=1935 O.W.N 702.**

———**S. 23**—*Patwari—Disciplinary action against—Jurisdiction of Commissioner—Discretion of Collector.*

The Collector, under the Land Revenue Act, is primarily responsible for the maintenance of the land records and the discipline of patwaris. The Commissioner must leave such matters to the Collector. The Zamindars have of course a right to complain to the Sub-Divisional Officer or to the Collector or to any other Revenue Authority regarding the conduct of a patwari, and a complaint from persons who have the right to nominate to the post will naturally receive special consideration. But it is the Collector who makes the appointment, and it is the Collector who has the responsibility of inflicting suitable punishment when it is called for. Neither the public nor the Zamindars are parties to disciplinary action against the patwari and they have, therefore, no *locus standi* to file an appeal. ———**S. 24**—*Appointment of patwari—Rival candidates—If both disqualified.*

In the appointment of a patwari, it is not the law that if there is a contest between two rival candidates, both of them should be regarded as disqualified since if either is appointed, he is likely to take vengeance on the lambardars who nominated his opponent. It would obviously be unfair to disqualify a suitable candidate with no previous connection with the circle merely because his opponent may have influenced certain lambardars to oppose him. The law gives the right of nomination of a patwari to the lambardars, and to the whole body of proprietors if there are no lambardars; if these lambardars disagree, local custom has to be followed. The law does not specifically say what is to be done if neither or none of the nominations are in accordance with local custom. But such a case would apparently fall under S. 24 (6) and the Collector would notify his refusal to appoint either of nominees, wait for 15 days and then appoint his own man. There would be nothing to prevent him appointing one of the nominees. (*Drake Brockman, S. M.*) HARBAN SINGH *v.* MOHAMMAD MUSTAFA HAIDER. **1935 O.W.N. 1194 = 1935 R.D. 509.**

Under S. 24 (1) of the U. P. Land Revenue Act, only the lambardars have the right to nominate a patwari to be appointed. The plot proprietors have no right to be heard. A custom to the contrary, if any does exist, is not valid because law overrides it (*Oppenheim, S.M. and Drake Brockman, J.M.*) JAINTI PERSHAD *v.* JAGMOHAN LAL. **18 R.D. 608 = 15 L.R. 709 (Rev.).**

———**S. 24**—*Appointment of patwari—Law as to—Powers of Collector—Local custom—Value of—Wishes of lambardars.*

Under S. 24 of the U. P. Land Revenue Act, the wishes of the lambardars are to be considered in appointing a patwari of the circle. In cases of disagreement as regards nominees, the Collector is bound in the first place to appoint the person nominated in accordance with the local custom under S. 24 (2); and it is only when no such custom can be ascertained that the Collector can appoint any one, whether he has been nominated or not. Heirs of the old patwaries are also considered if they are nominated, and they can be appointed provisionally and may be given time to pass the requisite patwari examination; the Collector, however, is not bound to do so. The appointment rests with the Collector and only on very strong grounds will his appointment be interfered with by superior authority. The fact that a rival candidate happens to be the heir of the old patwari, is not. when there is no local custom laying down that the office should be more or less hereditary, sufficient reason for interference with the Collector's appointment of another qualified candidate. ———**S. 24**—*Appointment of patwari—Procedure.*

Under S. 24, the lambardars have the right to nominate a person to be a patwari of the circle and subject to opportunity being given them to nominate in accordance with sub-S. (5) and subject to an opportunity being given them to make a nomination in accordance with local custom, if they have neglected to observe it or to nominate a fit person or if their nominee is not a fit person, the nominee or nominees nominated in accordance with local custom must be appointed. If there is disagreement as to the nominee, local custom has to be ascertained and the person nominated in accordance therewith appointed, but such appointment is again subject to the provisions of sub-Ss. (5) and (6). Under sub-S. (6)the Collector has again to give an opportunity to the lambardars, if none of the nominations follow local custom, to make nominations in accordance therewith, or if the nomination has been made in accordance with local custom but the person nominated is not fit. There is no necessity for the Collector to call upon the lambardars to nominate anybody. It is only necessary for him to notify his refusal to them and if they do not nominate anybody within 15 days from that date, he is competent to appoint anybody. (*Drake Brockman, S. ——**Ss. 33 and 39**—*Correction of papers—Dispute between descendants of brothers as to whether they were co-tenants—Revenue Court, if can decide.*

In a case where the descendants of one *X* applied for correction of papers on the ground that they alone were the tenants of the holding in suit and that the names of the descendants of *Y*, *X's* brother, had been wrongly recorded as co tenants.

Held, that the dispute was one that could be decided by the Revenue Court under the Land Revenue Act. (*Knox, J.M.*) RAM LAKHAN SINGH *v.* SARJU PRASAD SINGH. **1935 R.D. 124 (2)=1935 O.W.N. 308.**

——**S. 33**—*"Errors"—Meaning of—Correction—Power of Court.*

The powers of Court under S. 33 are not confined to the correction of clericial errors only. Where, owing to the Tahsildar's neglect of duty and inaccuracy on the part of the Registrar Kanungo, the name of the respondent was recorded against one-fourth of the joint property instead one-half to which she was indubitably entitled and the mistake was promptly brought to the notice of the officials concerned, the Court has jurisdiction to make the necessary correction. ——**S. 33**—*Mistake in* khewat—*Correction—Entry by Court in mutation proceedings—Entry if can be corrected.*

Where on account of an alleged mistake in the *khewat* an entry made by order of Court in mutation proceedings was sought to be corrected.

Held, that it was not the Collector's duty to ensure the accuracy of the records by deciding complicated questions of proprietary right which should have been decided when the entry in the annual register sought to be corrected was made and that the application for correction was not maintainable. (*Drake Brockman, J. M.*) MAHOMED HASHIB ULLAH SHEIKH *v.* MUNNU PANDEY. **14 L R 364 (Rev.)=17 R.D. 508.**

——**S. 33**—*Scope.*

The only errors that can be corrected under S. 33 are errors proved to have been made in the record of rights or in any annual register previously prepared. (*Drake Brockman, S.M.*) DEOKI NANDAN PRASAD *v.* PATESHWARI PRASAD. **11 O.W.N. 164=15 L.R. 122 (Rev.)=18 R.D. 52.**

——**Ss. 33 and 34**—*Scope—Applicability—Mosque with platforms—Decree of Civil Court awarding platforms to deity and profits to co sharers of village—Application for mutation on behalf of deity—Maintainability—Procedure.*

When there has been a decision by a Civil Court that certain platforms appurtenant to a mosque were part of the mosque property but that the proceeds or profits derived therefrom were to go to the co-sharers of the village in which the mosque stood, an application under S. 34, U. P. Land Revenue Act, on behalf of the deity for mutation in respect of the platform property is maintainable, but not as regards the mosque land. In regard to the latter, it is the duty of the mutation officer to proceed under S. 33 of the Act. The entries in annual registers made under S. 33 (3), Land Revenue Act, shall be presumed to be true until the contrary is proved. Only the decisions in disputed cases falling under Ss. 40, 41 and 42 constitute conclusive evidence in respect of the subject matter of the dispute in proceedings in the Revenue Courts. ——**S. 34**—*Mutation proceedings — Transfer by member of joint family—Power of other members to question.*

In mutation proceedings it is not open to the other members of the family of the transferring co sharer to object to the competence of the transferor. It is not the law that a person, duly recorded in the *khewat*, is incapable of transferring his share without the consent of the other members of his family. (*Oppenheim, S. based on such right of succession. It may be actual, or formal, or constructive. Where he has not been put in possession by any Court or competent authority, there is neither formal nor constructive possession. Forcible possession which he enforces because he thinks he has right and title is not such possession as will justify the Revenue Court in ordering mutation. (*Drake Brockman, S.M.*) BHANPARTAP SINGH *v.* BIRAN KUAR. **1935 R.D. 438.**

——**Ss. 34, 35 and 44**—*Scope—Mutation proceedings—Order of tahsildar—Finality.*

Where the mutation proceedings do not show that any question relating to *sir* lands was considered, the person interested in the *sir* land not having been summoned at all, the order in such proceedings does not bar a subsequent proceeding in respect of the *sir* lands. (*Oppenheim, S. M. and Drake Brockman, J. M.*) SHANKER SINGH *v.* RAM PIAREY. **18 R.D. 530=15 L.R. 636 (Rev.).**

——**S. 34**—*Scope—Past profits—Assignment of—Report of transfer—If necessary.*

Where profits are transferred to a person after they have accrued due, the transferee gets no right either in the *mahal* or in any share of it or in the profits of it in respect of the year in which the transfer is made or in respect of any future year. It is not a transfer of the right to the profits in a mahal. Consequently no report is necessary in order to entitle the transferee to sue for the profits transferred. S. 34 of the U. P. Land Revenue Act does not bar such a suit. (*Allsop, J.*) ASHFAQ ALI KHAN *v.* INAYAT BEG. **155 I C. 1103 = 1935 A.W.R. 750=1935 R.D. 300=7 R.A. 1026= 1935 A.L.J. 815=A.I.R 1935 All. 704.**

——**S. 34**—*Scope—Sale of holding and transfer of possession admitted—Mutation.*

S. 34 contemplates different treatment for transfers by mortgage and transfers by sale. In the case of a sale there is no reason for refusing mutation when the vendor admits the sale deed and the passing of possession. (*Oppenheim, S.M. and Walton, J.*) MT. ——**S. 34 (5)**—*Object of.*

The intention of S. 34, U. P. ——**S. 36**—*Court entering rent according to agreement between parties—If amounts to fixing of rent by it.*

In a suit for arrears of rent for an agricultural holding, the facts were that the defendants who were Zamindars mortgaged their proprietary rights and became ex-proprietary tenants of a certain area of *sir* (*i.e.*) the area in suit. An application was apparently made by the mortgagee to the Revenue Court to fix the rent according to an agreement evidenced by a kabuliat executed by the defendants. The Court wrote an order saying that the nature of the tenancy should be changed and the rent should be entered in accordance with the kabuliat. The argument of the defendants was that they were not bound to pay any rent at all for the ex-proprietary holding because no rent had been fixed by the Revenue Court under S. 36 of the Land Revenue Act.

Held, that the Revenue Court did fix the rent to which the parties had agreed and that there is nothing in the form of the order which would lead to the conclusion that the Court failed to do its duty or to go into the question of what rent be fixed. (*Allsop, J.*) GHAFOOR *v* ABDULLAH KHAN. **157 I.C. 521=8 R.A. 201=1935 R D 361=1935 A.W.R. 815=1935 O.W.N. 794=A.I R. 1935 All. 923.**

The rent of an ex proprietary tenant must be fixed by Court and the parties cannot contract themselves out of the law. Where a person sold his proprietary rights and subsequently executed a deed relinquishing his ex-proprietary rights mentioning that he had given up his possession but no sanction had been obtained as required by S. 15 of the Agra Tenancy Act.

A person who sells proprietary rights while *sir* lands are in the possession of the mortgagees, must in equity pay off the mortgage-money, if he claims the benefit of ex-proprietary rights and not leave it to the purchaser to pay off the mortgage. Without payment of the mortgage money ex proprietary right cannot arise. The purchaser should either get his quota of *Sir* without the encumbrances of ex-proprietary rights or the seller should get the advantage of ex-proprietary rights subject to payment of the mortgage money. The proprietor of a plot of *sir* land mortgaged it usufructuarily, but executed a *kabuliat* to the mortgagee agreeing to continue in possession as *thekadar* and to pay rent to the mortgagee. The mortgagee having sued for arrears of rent,

Held, that the defendant ex-proprietor could not escape liability for payment of rent to the mortgagee in terms of the *kabuliyat* executed by him. The fact that the *kabuliyat* is inadmissible in evidence for want of registration, does not bar the Court from decreeing the claim by way of damages for use and occupation, the amount of damages being the rent agreed under the *kabuliyat*. ——**S. 40**—*Application to expunge names of recorded tenants—Rejection on finding of possession with tenant —If bars ejectment suit under S. 86, Agra Tenancy Act.*

An application by a landlord merely for expunging the names of the recorded tenants on the ground that the latter do not pay rent, that they are not tenants and that the land was uncultivated and in his own possession is not one for recording the tenants as non-occupancy tenants; nor does it raise the question of their status. Under the U.P. Land Revenue Act, the Revenue Courts have only to come to a finding as regards possession, and if it is with the recorded tenants the application has to be thrown out. Such a decision, will not, however, operate as *res judicata* so as to bar a subsequent suit by the landlord to eject the tenants under S. 86, Agra Tenancy Act. ———**S. 40**—*Mutation cases—Duty of Revenue Courts—Possession how far a criterion.*

The duty of Revenue Courts in mutation cases is simple. Possession first; if there are doubts about possession then a summary enquiry as to the person best entitled to succeed should be taken up. The word 'summary' was not incorporated in the Act without an object and it should not be lost sight of. Where the Court finds that the mortgagee is in possession the criterion of possession cannot be applied. (*Keane, S.M.*) DULHIN GHURA KUAR *v.* KAULESHWAR LAL. **15 R.D. 273.**

———**S. 40**—*Mutation cases—Duty of Revenue Courts.*

It is not the province of a Revenue Court in dealing with proceedings under the Act to go into complicated questions of the right of persons to alienate interests in land. It is sufficient for the persons who claims the entry of his name to show that he has possession and that possession is based on a reasonably clear and *prima facie* sustainable title. (*Drake Brockman, S.M.*) SUBEDAR *v.* CHET RAM. **14 L.R. 766 (Rev.).**

———**S. 40**—*Mutation—Death of—Manager of dedicated property—Record of name of successor—Basis—Enquiry into title.*

A mutation officer is not concerned to record the names of *mutwallis* trustees, etc., in the *khewat* as such. The *khewat* must contain, in the case of dedicated property, the name of the person who in fact manages the the property and is liable for the payment of land revenue; and when such manager dies, his successor must be recorded. But in so doing, his position should be described in a non-committal manner which should in no way raise a question of title. It is not the business of a Revenue Court to investigate a question of title. The dispute must be decided on the basis of possession or on a summary enquiry into title; and the name of the person *prima facie* best entitled to manage the property should be recorded. Where the partition officer leaves a plot undivided, merely recording the shares of the proprietors in it, there is no case for demarcation of boundaries. The plot can only be divided by a partition. Until physical partition is effected, the plot remains the common holding of all parties. The words "actual possession in S. 41, U. P. Land Revenue Act, rule out the consideration of constructive or judicial possession, as distinguished from physical possession. The section only provides for the laying down of a boundary the exact position of which has become obscure; it is not intended for the laying down of a boundary which never existed. —— **S. 111 (1)**—*Effect of—Doctrine of constructive* res judicata—*Applicability of.*

Per *Hasan, C. J*—S. 111, sub-S. (1) of the Act does not create a bar of jurisdiction against the Court of Revenue to try questions of proprietary title, where such questions have previously been determined by a Court of competent jurisdiction. It is intended to give the effect of *res judicata* to a judgment of a Court of competent jurisdiction on a question of proprietary title determined by that Court. To such a case, the rule of constructive *res judicata* also may be extended.

Per *Bisheshwar Nath, J.* (with whom *Raza, J.*, concurred).—In order, however, that the bar of *res judicata* may prevail, it is essential that there must be a previous decree or order having the force of a decree. There is no room for incorporating in S. 111, the doctrine of constructive *res judicata* as contained in Explanation 4 to S. 11 of the C. P. Code and the bar of *res judicata* contained in S. 111 cannot be applied to a case where no objection was raised and no decision arrived at, on the ground that such an objection might and ought to have been raised in the earlier proceeding. —— **S. 116**—*Costs of partition proceedings—Liability of other co-sharers to reimburse applicant—Mode of realisation.*

S. 116 does not say that the costs shall be realised from the applicant but shall be levied from the parties, which implies that while an applicant may be ordered to pay up in the first instance, the other parties are liable to pay their share. It is the duty of the partition officer, though he may levy the estimated costs of the partition from the applicant in the first instance, to reimburse him to the extent, that is payable by the other co-sharers by realising their shares from them. It is presumed, especially when there is an agreement to that effect in the partition proceeding, that the other participants will pay their share of the costs without demur, but where they do not do so, it is the duty of the partition officer with or without application by the applicant to realise the amount from the defaulting participants. Such costs are recoverable as if they were "an arrear of revenue" which means that they are recoverable by the various processes and in the manner set forth in Chapter VIII of the Land Revenue Act. There is no period of limitation governing proceedings for the recovery of such costs. The costs of partition proceedings have to be borne by the parties thereto in the manner laid down in the proceedings to which they have agreed. U. P. LAND REV. ACT (1901), S. 118.

A heap of manure or a cattle trough is not a "dwelling-house or other building," within the meaning of S. 118 and, therefore, a co-sharer to whose share is allotted a plot of land over which another co-sharer has made such troughs or heaps of manure, is entitled to actual possession of the plot. A co sharer who erects a building and plants trees on common land on the eve of an application for partition by another co-sharer with a view to secure that land for himself, such land having a special potential urban value, should not be allowed to have his own way. ——**S. 118**—*Partition—Sites of buildings belonging to other co-sharers, allotted to a co-sharer—No ground rent fixed—Co-sharer, if can apply subsequently for assessment of ground rent.*

Where at a partition the sites of buildings belonging to other co sharers are allotted to a co-sharer, and no ground rent is fixed in the course of the partition proceedings, it is open to the co-sharer to subsequently ask the Revenue Authorities to assess the ground rent. It is the duty of the owners of the buildings to apply to the Partition Officer for fixing ground rent on the sites occupied by them, and it would be most inequitable if they are to derive any benefit, for the neglect of their duty at the time of the partition. Held, that there has been irregularity and carelessness in the conduct of this partition, and one or the other party must suffer, and that on the whole, when a claim has been made and definitely allowed, it would be more inequitable to disallow it now, than to give to the other side a small area which is burdened by ex-proprietary right. The Collector is responsible, under S. 130, for distributing the revenue according to the rules, and the parties to the partition have no authority to decide, by contract *inter se*, how much revenue should be assessed on a particular share. Their contract may or may not be enforceable, but the Collector is bound, and would be bound, even in the absence of an appeal against the order of the Partition Officer, to see that the revenue is properly distributed according to the rules. To value only one share would lead to a faulty distribution. The whole share of all the parties should be valued on the principles accepted by the Settlement Officer, and only then would a fair distribution be possible. ——S. 233 (k)—*Application for partition—Mahal divided into four pattis—Entry in name of brothers and sister—Claim for larger share—Civil suit, if maintainable.*

Two co-sharers of a village made an application to the Revenue Court for separation of their shares by partition. The result of the partition was to divide the mahal into four pattis. One of these pattis was allotted to two brothers *A* and *B* and their sister *C* jointly, the two brothers being recorded as owning 14 shares and the sister *C* being recorded as owning one share only. Subsequently *C* brought a civil suit against *A* and *B* claiming a larger share than what was recorded in her name as a result of the partition proceedings,

Held, that as in the partition proceedings, there was no conflict of interest between *A*, *B* and *C* and as for the purpose of effecting the partition, it was unnecessary to determine the shares of the parties *inter se*, *C's* suit was not barred by *res judicata*.

Held, further, that *C's* suit was not barred by S. 233 (*k*) because the question of title, though it might have been raised under S. 111 did not affect the partition. (*Banerji and King, JJ.*) MD. ——S. 233 (k)—*Jurisdiction of Civil Court—Suit for partition of houses in village* abadi.

A suit for a partition of houses in a village *abadi* is cognisable by the Civil Court. All that the Civil Court does in such a suit, is to divide the houses between the parties, and to grant along with the portion of the house given to a party, the right to occupy the site. It will thus become a matter for a subsequent partition of the *abadi* in the Revenve Courts as to whom that particular site is allotted. The bar created by S. 233 (*k*) is not so absolute as to prevent a party from going behind an order of the Revenue Court even on the ground of fraud, or collusion or on the ground of the negligence of the guardian of the minor. When an original decree of a Civil Court can be set aside by a minor on the ground of the gross negligence of his guardian, there is no valid reason why a Revenue Court's order in a partition proceeding cannot be set aside on the same ground. When the order of the Revenue Court for the final partition can be vacated, it would no longer stand as an obstacle in the way of the plaintiffs claiming recovery of possession. When the order under S. 112 itself falls to the ground, S. 233 (*k*) would have no application. That section could be

———**S. 233 (k)**—*Purchaser of half share of one of two sisters applying for partition—Objection by other sister disallowed and partition effected—Suit by her on sister's death for possession on ground of survivorship—If barred.*

A purchaser of a half share of the sister of the plaintiff instituted a suit for partition in the Revenue Court. In the course of that suit, the plaintiff objected on the ground that her sister was not entitled to alienate the property. The Court directed her to institute a suit tn the Civil Court and as she failed to do, her objection was disallowed and the partition was effected. Sometime later, the sister died and the plaintiff instituted a suit in order to obtain possession of the deceased sister's half share in the property on the allegation that it had come to her by right of survivorship.

Held, that the most that could be held in respect of the decision of the Revenue Court was that it might be *res judicata*, that the plaintiff was not entitled to recover the share of her sister during the latter's lifetime, and that the decision could not prevent the plaintiff from recovering the share after her sister's death. The plaintiffs and defendant No. 69 were co sharers of lands in a village. In 1929 when the lambardars of the five mahals obtained decrees for assessment of rent against the plaintiffs and defendant No. 69, the plaintiffs brought the present suit for a declaration that they were the superior proprietors and not the under-proprietors of the land in suit.

Held (*per curiam*), that the suit was not maintainable.

Where a street vests in and belongs to the public authority, the owner of the land over which the public street runs is not completely deprived of all his rights to everything below the street and to the air space above it. The effect of such vesting is that owner's rights to every thing below the street and to the air space above it is limited. The owner for example is not entitled to interfere with the Municipality in the discharge of its duties in maintaining and keeping open a street. It is equally certain that neither the Municipality nor the occupiers of houses abutting on a public street are entitled to appropriate any mineral which may be beneath the street, the ownership of which remains with the proprietor. The proprietor is also entitled to certain rights to the air space above the street but what constitutes an infringement by Municipality or by members of the public of the rights of the proprietors to the said space above a street is a question of degree. The Municipality are clearly in their capacity as custodians of the public interest entitled to take reasonable steps for the convenience and comfort of the public who use the public street. The owners and occupiers of the houses or shops which abut on the public street are entitled to take reasonable steps for their own convenience and comfort and for the convenience and comfort of the members of the public visiting their houses and their shop. The erection of a shelter at a reasonable height from the ground to protect the shops and houses and afford shelter to members of the public frequenting the shops and houses is a reasonable step which the owners and occupiers are entitled to take and which it is within the competence of the Municipality to sanction. It is therefore not intended by the legislature that apart from the special penalty imposed for the non-payment of the octroi dues, the right to recover which has been created by the Act itself, there should be a further and an additional right to recover the same by suit. It is an essential ingredient of an offence under S. 155 that there should be importation of goods which are liable to the payment of octroi. The mere fact that the accused in a prosecution under S. 155, U.P. It is open to the Criminal Court to enquire into the question whether the goods are really liable to the payment of octroi, though the accused has not appealed. S. 164 would more appropriately apply to the cases where the goods are detained by the Municipal authorities or where octroi duty has been paid which the importer thinks is in excess of what he was bound to pay. The words "introducing or attempting to introduce within the octroi limits" occurring in S. 155 obviously imply the introduction of dutiable articles from a place outside the Municipal limits into the Municipal limits. Where there is an intervening space between two parts of a Municipal area and goods are taken from one such part to another, it cannot be said that such goods are being introduced within the octroi limits. It is not open either to the Board or to the appellate authority to disallow a proposal to erect a building on the ground that it is hideous in its appearance and would therefore injuriously affect the value of a neighbour's property. ——**S. 298**—*Bye-laws framed under—Terms "overcrowding", and "sanitation"—Meaning.*

Bennet, J.—The bye-law being framed by a Hill Municipality, the term "overcrowding" as used in it, cannot mean overcrowding in the sense in which it is used in densely populated cities. The term "overcrowding" means that houses should be at such distance from each other, that one house is not injuriously affected by another house. "Sanitation" is also a wide term. It is mistake to consider sanitation as equivalent to a drainage system. Sanitation means the science of health and hence the health of the inhabitants is a question that may be considered under the term "sanitation." There is no limitation that these bye-laws to be framed by a Municipality under S. 298 must only deal with buildings which abut on a road. The bye laws on other matters such as sanitation can as well be framed. If there are such bye-laws, they regulate the discretion of the Board and the District Magistrate on questions as to how and when the rules under the bye-laws should be relaxed, otherwise their discretion is not limited. Bennet, J.—For relaxing bye law 23 framed by the Municipal Board anything which would come under the three heads, *viz.*, sanitation, prevention of disease and overcrowding of houses, is a matter which should be nonsidered by the District Magistrate in an appeal. But it is open to the appellant to show that the relaxation of the bye-law would adversely affect his premises in regard to any of the three heads and if he succeeds in showing this, then it will be for the District Magistrate to consider whether under those circumstances the bye-law should be relaxed or not. ——**S. 298 F**—*Bye-laws framed under—Sale of milk and* dahi—*Shop used force—Licence for—Rule imposing fees—Validity of.*

A statutory power conferred upon a Municipal Council to make bye laws for regulating and governing a trade does not, in the absence of an express power of prohibition, authorise the making it unlawful to carry on a lawful trade in a lawful manner. The wide powers conferred by S. 130 of the Act of 1900 to control and regulate places for the sale of articles of food and drink have been considerably curtailed by S. 241 and S. 298-F. The former relates to a market or shop for the sale of animals, meat, fish, fruit or vegetables; the latter only confers power on the Board to provide for the establishment, regulation and inspection of markets and slaughter houses. Cl. F does not either speak of a prohibition or of levying of a licence and the words "regulate places" cannot be said to include the power to charge a fee for licence. The power to grant licences is contained in S. 298 (2) *F* (*a*) and (*b*) but that is confined to sale of animals, first, fruit and vegetables, milk and *dhai* cream are not articles which, under the scheme of the Act, a licence is required for. So a rule purporting to be framed under S. 298 (2) *F* (*d*) and imposing a licence fee on a shop used for the sale of milk and *dahi* is *ultra vires*. S. 298 (2) H(c) contemplates the making of a bye-law imposing an obligation of taking out licences on proprietors or drivers of vehicles plying for hire and there is no inconsistency between demanding a tax for the use of a motor car for private purposes and demanding a further licence fee for its use when plying for hire. It is reasonable that the Municipal Board should recover by means of licence fees the expenses incidental to the business of licensing. But it was not the intention of the legislature that Municipalities should raise revenue for general purposes under the guise of imposing licensing fees. (*Sulaiman, C. ———S. 307—*Prosecution under—Legality of notice under S. 186—Criminal Court, if can consider.*

Per *King, C. If he has, then the answer to the question is in the negative. If he has not, then the trying Magistrate may decide (if the question is raised) whether the notice is a notice which has been given by the Board under S. 186 or a nullity. If he finds that the notice was given by the Board under S. 186 then he is precluded by S. 321 from trying its legality, validity or reasonableness. The obvious interpretation of S. 321 is that an order made by a Municipal Board under S. 186 can be questioned only by means of an appeal to the District Magistrate. (*King, C. A Municipal Board issued a notice on receipt of the application of *K* inviting objections by persons who may be affected by the permission which *K* had asked for from the Board to erect a temple on the site indicated by him in his application. The objectors filed their petition of objections in response to this invitation. These objections were founded on an alleged right of their own in the piece of land on which *K* proposed to build a temple. The objections were overruled by the Municipal Board and in consequence sanction was granted under S. 180 to build the temple. The objectors appealed to the District Magistrate.

Held, that the appeal of the objectors before the learned District Magistrate was a competent appeal as the objectors were party to the proceeding and "aggrieved" within the meaning of S. 318. ——— **S. 319**—*Reference—Duty of High Court—Defects—Procedure.*

Under S. 319, all that the High Court is required to do is to see a statement of facts made by the District Magistrate himself and to express its opinion on a point of law arising out of the statement. It is not the duty of the High Court to investigate the facts. The District Magistrate is the appellate authority and the High Court may be required to state its opinion on a point of law for his benefit. The point of law should also be formulated by the District Magistrate. Consequently where, for the facts, the High Court is asked not to confine itself to the reference made by the District Magistrate, but is referred to certain other extraneous documents and further, exact point of law is not formulated in terms, the reference is defective and must be returned. ——— **S. 321**—*Decision of Municipal Boards—Finality.*

Bennet, J.—The Municipalities Act is an Act for local Self-Government. The principal of Local Self-Government is that the inhabitants and not experts should decide their own local affairs. Hence the decisions of the Municipal Board and the appellate authority, though the Board is composed of members without legal training and not being experts, are conclusive under S. 321. ——— **S. 321**—*Decision of Municipal Board—Finality—Civil suit when maintainable.*

The Municipal Board is not given any authority to encroach on the rights of the inhabitant except for the purpose of the benefit to the public in general. The decisions of the Board of the appellate authority (Collector or the Commissioner as the case may be) is no doubt final under S. 321. It is impossible to believe that a decision on a question of private rights could have been given finality where the decision is arrived at without hearing evidence or where the decision is arrived at by a body of men not specially trained in law respecting private rights. It not open either to the Board or to the appellate authority to disallow a proposal to erect a building on the ground that it is hideous in its appearance and would therefore injuriously affect the value of a neighbour's property. In such matters the parties should be left to seek their own remedy in Civil Court. ———S. 4—*Object and Scope of.*

If the purchaser demands pure wheat flour and the seller professes to sell pure wheat flour, which turns out on analysis to have even a negligible mixture of barley flour, warranty of quality expressly given is clearly broken and the seller is guilty of an offence under S. 4; but if the seller warns him that a negligible percentage of barley flour is mixed with or may be found to be mixed with it, as is generally the case, it would seem that the seller cannot be held to be guilty, under the first part, if a mixture of barley flour is detected to an extent which is negligible and which does not prejudice the purchaser. The object of this part of the section is to prevent deception or misrepresentation. Cases contemplated by Cl. B stand on a slightly different footing. In such cases the seller is assumed to have given an implied warranty to the effect that the article of food which is offered or exhibited for sale is, in fact, what it purports to be. So where he offers to sell wheat flour, which is generally understood to mean what flour with a negligible admixture of barley, and it is in evidence that wheat flour, however pure, must contain mixture of barley flour to an extent which can only be traced by an analyst and cannot be detected by an ordinary consumer, however fastidious he may be, the evidence falls short of the requirements of S. 4. In a proceeding for acquiring a bazaar under the Land Acquisition Act for Improvement Trust, it was found that the income of the property was of a fluctuating character and it was necessary to employ a costly staff for making realizations from day to day from the various stall-keepers in the bazaar and that considerable vigilance was required on the part of the collection staff to prevent evasion of payments and close supervision was also necessary in order to prevent embezzlements by the staff entrusted with the realisation of these dues.

Held, taking into consideration the use to which the land was put at the time of the acquisition, it is difficult to think that any buyer would be prepared to purchase the property on the basis of the gross collections without making any allowance for the expenditure necessary for making the collections, and that while it is not possible to lay down any general method of valuation as it is necessary to take the circumstances of each property into consideration in determining the suitable basis of compensation, yet the circumstances of the property in dispute are such that it is impossible to say that it is wrong to award compensation on the basis of the net profits. USURIOUS LOANS ACT (1918), S. 3.

———**S. 3**—*Scope—Mortgage—Default clause—Stipulation for simple and compound interest—Unconscionable nature*

S. 3 confers ample jurisdiction upon the Court to go behind the terms of a contract when the Court has reason to believe that the interest is excessive and that the transaction was as between the parties thereto substantially unfair. The mere fact that the principal sum claimed enormously exceeds the amount originally advanced is no ground for holding the transaction to be unconscionable. A clause, however, providing for simple interest and compound interest on the entire sum advanced to the debtor in the event of the latter failing to deliver about one-fourth of the mortgaged property appears, on the face of it, an unconscionable stipulation. ———**S. 3 (1)**—*Words "whether heard ex parte or not" and "Court has reason to believe"—Meaning.*

The words "whether heard *ex parte* or not" and the "Court has reason to believe" indicate that the intention of the legislature was to enable the Court to take up the question of its own motion, whether it has been raised by the defence or not. ——— **S. 3 (2) (a), (b) and (c)**—*High rate—Inference—Circumstances to be considered.*

Clauses (*a*), (*b*) and (*c*), sub S. (2) indicate with sufficient particularity the inquiries to be made in order to find out in any given case whether the rate of interest stipulated for is excessive or not; the points to be noted are to be determined by taking into account such matters as the financial conditions of the debtor, the nature of the security etc., the risk incurred by the creditor; the extra amounts not paid but incorporated into the principal as expenses, etc., in the case of compound interest the periods of the rests; and lastly the total advantage that may be reasonably expected to accrue to the respective parties from the transaction. ———**S. 3 (2) (d)**—*Interest at 25 per cent. compound —Transaction between landlord and tenant—If unfair.*

Interest at 25 per cent. per annum compound with yearly rests by itself is not excessive and would not, under Cl. (*d*), sub-S. (2) justify a conclusion that the transaction was substantially unfair. Further the fact that the amount consisted of arrears of rent and selami, if those items were justly due, and the fact that tenant entered into the stipulation with his landlord, are hardly sufficient to form the foundation for a reasonable belief that the transaction was substantially unfair. ———**S. 3 (2) (d)**—*Unfair bargain—Test—Point of time.*

A bargain which is fair in its inception cannot be come unfair by the happening of subsequent events, nor can interest which was reasonable in the beginning become excessive at a later date. ———**S. 3 (2) (d)**—"*Unfair transaction*"—*Circumstances to be considered.*

For a transaction to be regarded as unfair within the meaning of sub S. (*d*), Cl 2 S 3, Usurious Loans Act, it is not necessary that Court should be able to ascribe some moral blameworthiness to the creditor in the sense that he has tricked the debtor into entering into that bargain, though the terms of sub-Cl. (*d*) show that taking undue advantage of the position of the debtor is one category of cases falling under that clause. But it is also open to the Court to come to the conclusion that the transaction is substantially unfair by taking into account the circumstances materially affecting the parties at the time of the loan. On a consideration of the facts in the case,

Held, that the circumstances of the case justified the exercise of the jurisdiction conferred by the Usurious Loans Act; that the debtor was hardly competent to come to a proper conclusion as to the prudence or otherwise of borrowing on the terms agreed merely for the purpose of effecting improvements in his village, that the terms of the mortgage were meant to provide that, up to the date of payment, the debt should carry compound interest at 18 per cent. per annum with six monthly rests; and that the ends of justice will be met by directing that compound interest at 18 per cent per annum should be calculated with annual rests. (*Varadachariar and Burn, JJ.*) NAGESWARA AIYAR *v.* RAMANATHAN CHETTIAR. **157 I.C. 232=8 R.M. 118=1935 M.W.N 408=A.I R. 1935 Mad. 468**

The mere fact that parties are money lenders and that the interest is 2 per cent. per mensem simple and in default 3 per cent. does not bring the case within the explanation to S. 3 (2) (*d*). Where the purchaser sues the vendor in damages for breach of a contract of sale readiness and willingness to carry out his part of the obligation is a condition precedent to the plaintiff's claim being decreed. The onus may easily be discharged by the plaintiff in the absence of evidence to the contrary adduced by the defendant and a tender of money is not necessary in the case of an obligation to pay money. Evidence of inability to discharge the obligation adduced by the defendant may however render it necessary for the plaintiff to satisfy the Court that he was at the material moment in a position to discharge his obligation; otherwise he cannot succeed in his claim for damages. Held, that the clause amounted to an undertaking by the purchaser to give the vendor the first offer whenever he chose to sell it, that it was supported by consideration that there was in fact no offer in this case that the only effect of the undertaking was that in the event of a breach by the purchaser the vendor could sue for damages but not for specific performance and that it had not the effect of invalidating an alienation by way of mortgage made by the purchaser. 1925 M W.N. 609 and 46 M. 30, Ref. to. The plaintiff executed a sale-deed of certain property in favour of the defendants. That sale deed contained a covenant that the defendant would pay a portion of the sale price to a mortgagee of other property. The defendants did not pay and the mortgagee obtained an order under O. 34, R 6 and realised a portion of the amount due from the plaintiff. In a suit by the plaintiff, the defendants pleaded that they had not paid because the plaintiff did not carry out his part of the sale-deed where it was provided that actual possession of certain plots should be given to the defendants.

Held, that although the defendants might have other remedies by way of a suit for ejectment or a suit for damages, the existence of other remedies did not preclude them from pleading the breach of contract by the plaintiff as a defence and that the suit was liable to be dismissed unless the plaintiff was able to show that the damage which the defendants sustained from failure to deliver possession was a smaller sum than the amount paid by the plaintiff to his mortgagee (*Bennet, J.*) ABDUL WAHID KHAN *v.* SHER MOHAMMAD KHAN. **154 I C. 305 (2) = 7 R A. 731 = 1935 R D 75 = 1935 A.W.R 199 = 1935 A.L J. 255 = A I R. 1935 All 463.**

——*Delivery of goods—Seller to deliver at some mill—Failure of mill to deliver—Purchaser, if should inform seller.*

Under the contract in suit, it was not the duty of the purchasers to give notice to the sellers when they would take delivery, but that it was the right of the sellers to select the time at their option when they would give delivery. The seller arranged to give delivery at some mill but there was a failure to give delivery fully. The seller was aware of this but took no steps to arrange for delivery at some other mill.

Held, that the seller could not blame the purchaser for the trouble into which they have fallen merely because the purchaser did not inform seller about failure of mill to give delivery. One of the proprietors of a village brought a suit against the remaining proprietors for a declaration that he was the full owner of a plot of land which he had reclaimed from the *shamilat deh* and which had ever since its reclamation been under his cultivating possession. ———*Entries in—Presumption—Evidence in rebuttal—Sufficiency of entry restricting reayas' right to transfer residence—Construction of—Shops not included therein.*

In a suit by the proprietor of a village for recovery of possession of sites of two shops improperly alienated by the defendant, his reayas, the plaintiff alleged that it was an agricultural village and relied on the general custom in all agricultural villages supported by entries in the wajib-ul-arz to the effect that the reayas had no right to transfer their residential houses.

Held, (*i*) that the burden was on the plaintiff to prove it was an agricultural village and he had failed to discharge it; (*ii*) that the question whether the presumption attaching to the entries in the wajib-ul-arz has been rebutted by the evidence to the contrary was one of fact, that the conclusion of the Court below that in the present instance it had been rebutted by 30 sale-deeds and mortgage deeds executed by occupiers of houses in the suit village, three execution sale of reaya's houses and a wakf of his house by a reaya, could not be impugned in second appeal; and (*iii*) that even the entry in the wajib-ul-arz related only to dwelling-houses occupied by reayas and did not refer to shops situated in the business centre of the town which were governed by different considerations. ———*Submersion of land by water—Customary storage of water by Government—Right to restrain Government from submersion.*

The Government has a right to maintain the *status quo* the long-established customary method of storing water in its tanks. The whole system of tank irrigation and the right of wet raiyats to water for irrigation in India has no counterpart in England and in English Common Law. The law on such matters here is determined by custom and customary right. Submersion of lands on the foreshore of a tank when it is at its full tank level is no uncommon occurrence and is a feature of the recognised irrigation system. Where such submergence is a matter of the customary conditions of the locality when a tank is at its full tank level and is not the result of a direct and proved interference with these customary conditions, no cause of action for any of the wet raiyats does arise and no suit can be brought to restrain Government and other wet raiyats for a declaration that they have no right to submerge the lands of the plaintiff on the foreshore of the tank and for an injunction to restrain them from doing so. 7 M.H.C.R. 37 and 27 Mad. 409, Dist.; 28 Mad. 72; A.I.R. 1927 Mad. 144 and 24 Mad. 202, Ref. Codicil.

———*Codicil—Reference to subsequent codicil.*

Where the language used in the body of a will threw some doubt on the nature of the estate conferred by the testator on his wife, but the codicil stated in explicit terms that he had by the will declared his wife to be "permanent owner" of the estate like himself, and he himself was admittedly the absolute owner of his property.

Held, that this was the testator's own interpretation of the language used by him in his will, and this interpretation must be treated as authoritative and that the testator intended to bestow an absolute estate of inheritance upon the lady. In construing the provisions of a will, the Court may ascertain the dominant intention of the testator; for that purpose it is legitimate to look to other provisions of the settlement, in order to see what is the vocabulary of the testator and how he expresses himself with regard to other matters. An Oudh Taluqdar, by his will, bequeathed certain villages to his son, S. R., in the following terms: "Other villages and shares in villages entered in List IV given at the foot of this deed shall pass to the said S. R. and after him to his eldest son under the rules of succession laid down in Act I of 1868."

———*Construction—Absolute estate—Meaning of words*—'Rasnashin' *and* 'Janashin'—*Power to appoint—Effect of.*

Rasnashin and *Janashin* are words of Persian language, meaning 'successor' and *locum tenans*. Both these expressions are intended to connote the same status and not two different characters, one of an adoptee and the other of an appointee. The word "*muqarrar karen*" is wholly inappropriate to the act of adoption under the Hindu Law. It is singularly appropriate to denote a power of appointment. So if a testator has conferred on his wife a power to appoint a successor in those terms, it is only to emphasise the absolute estate conferred on her. It does not mean a mere permission to make an adoption as a Hindu widow. (*Wazir Hasan, C. J. and Raza, J.*) RAMESHAR BAKHSH SINGH *v.* BALRAJ KUAR. **9 O.W.N. 660=I.R. 1933 Oudh 39=141 I. ———*Construction—Absolute interest—Restriction on alienation* inter vivos.

Where the only restriction imposed on the widow's right to deal with the immoveable property bequeathed to her is a restriction on her power of sale or disposition in her lifetime, and nothing is said as to what is to happen if the property remains unsold and there is nothing which expressly restricts her power to dispose of the property by will if not sold in her lifetime, it may be legitimately inferred that the testator intended to take away the widow's unrestricted right of alienation *inter vivos*, but it is difficult to infer anything more from these provisions. The devise is a devise of an absolute interest but with a limited restriction on alienation *inter vivos* annexed to it. In the event of alienation *inter vivos* only is the widow's absolute interest cut down and if she retains the property throughout her life she is at the date of her death the absolute owner of it. Further, the provisions depriving the widow of her absolute interest in the property in the event of her selling it are repugnant to the devise or bequest itself and must be disregarded. Though the use of the word 'malik' imports an absolute estate, it is not a term of art and its real significance should be considered in the light of the setting in which it occurs. ———*Construction—Bequest by implication—Erroneous recital of intended legacy—Effect of—Bequest—When implied.*

Where a testator, in one part of his will, has recited that he had given a legacy to a certain person, but it does not appear that any such legacy has been given, the Court would take the recital as conclusive evidence of an intention to give by the will, and, fastening upon it, would give to the erroneous recital the effect of an actual gift. But where the recital amounts only to a declaration that he supposes that a party has

an interest independent of the will, such recital is no evidence of an intention to give by the will and cannot be treated as a gift by implication. The distinction between the two cases is marked and obvious. ———*Construction—Bequest by implication—Recital of testator's erroneous impression—No gift by implication.*

Cl. (3) of the will ran as follows: "On my demise my wife shall become full (absolute) owner of my entire moveable properties according to law. Consequently there is no necessity for any will in respect of the same also. The copyright in my books is reckoned among moveable properties". The question was whether, on a proper construction of the will, there was a testamentary disposition of the copyright in the books in favour of his wife.

Held, that there were no words of gift in cl. (3). If a testator has, in one part of his will recited that he had given a legacy to a certain person but it has not appeared that any legacy was given, the Court has taken the recital as conclusive evidence of an intention to give by the will and given to the erroneous recital the effect of an actual gift. Where, however, the testator says that only which amounts to a declaration that he supposes that a party who is referred to has an interest independent of the will, such a recital is no evidence of an intention to give by the will and cannot be treated as a gift by implication. The present case falls under the latter class. The testator might have supposed that his wife would get an absolute title to the moveable properties under the law and that may be erroneous but since he has actually made no gift, express or implied, the copyright in the books formed part of the undisposed of residue. 1 Hare 537; Jarman on Wills, 7th Ed., pp. 597 and 603, Ref. ———*Construction—Limited estate—Use of word 'malik'—Effect—Life estate to wife with contingent estate in favour of daughters—Intention of testator—Rule of repugnancy—Applicability.*

The testator by his will provided as follows: "After my death my wife shall be owner (malik) of my estate and after the death of my wife, my daughters shall be the owners (malik) and they shall have the power of all sorts of transfer, gift, etc. Wherefore I have executed this will in the above noted condition so that it may serve as an authority and be of use at the time of need." The will was scribed by a lawyer and was duly attested.

Held, (1) that the word "unto" which the vernacular equivalent of the word "they" governs the person to whom reference has been made immediately before, namely the daughters and not the wife who had been referred to in the first clause. The word "and" used after the word "estate" takes the effect of a full stop and the

second clause should be read as a sentence by itself providing that after the death of the wife his daughters should be owners with full powers of transfer;

(2) that the word 'malik' in the context in which it has been used with reference to the wife means only the owner of a life-estate and not an absolute estate;

(3) that the proper method of giving effect to the intention of the testator was to give effect to both parts of the will and not to give effect to the rule that the ultimate disposition in favour of daughters was invalid on the ground of repugnancy; and

(4) that consequently the will conferred on the wife not only a life estate with a vested remainder in favour of the daughters. (*Razâ and Beshesh-war Nath, JJ.*) SWAMI DAYAL *v.* RAMADHAR. **6 Luck. 715=I.R. 1931 Oudh 401=134 I.C. 865=8 O.W.N. 566=A.I.R. 1931 Oudh 358.**

When the meaning of an instrument is doubtful, it is a very good mode of getting at his meaning to see what he himself thought he had done.

The testator, after describing all his properties, said that "in respect of all this property I make a will according to the conditions below in favour of my wife." There were certain earlier clauses in the will, however, which lent colour to the view that only a restricted interest was contemplated. About eleven years later, the testator had executed an *ekrarnama* in the nature of a codicil in which he said that by the earlier will he had constituted his wife "*malik mustaqil*" (permanent owner) and "that she has and will have the same *ikhtiarat malikana*" (proprietor's powers) as he himself had.

Held, the subsequent exposition by the testator of his intention and his explanation in the codicil of the nature of the device contained in the earlier will should be preferred and that the wife took an absolute estate. ———*Construction—Rules of—All parts to be reconciled.*

In interpreting a will it is the duty of the Court to find out the intention of the testator. That intention is to be gathered from the language used by the testator, because it is the words used in the instrument, by which he has conveyed the expression of his wishes. The meaning to be attached to the words may however be affected by surrounding circumstances and, when this is the case, those circumstances should be taken into consideration. The meaning of any clause in a will is to be collected from the entire instrument; and all the parts of a will are to be construed with reference to each other and so as, if possible, to form one consistent whole. Where it is not possible to reconcile all the parts, the latter must prevail. (*Sir Shadi Lal.*) RAMESHWAR BAKHSH *v.* BALRAJ KUAR. **1935 A.L.J. 1133=1935 O.W.N. 989=157 I. The material portion of a will addressed to the testator's wife ran as follows: "On my death all my moveable and immoveable properties you should keep in your possession and enjoyment and at the time of your death deliver possession thereof to my daughter Seshamma. During the time you are in possession of the estate you should not make a gift or sale thereof. Held, that the intention of the testator was to bequeath the estate to his daughter and her children after the expiration of the life estate which he intended his wife to enjoy.

The fact that the will was not registered or that it did not contain any express provision for the widow in the event of the testator leaving a son natural or adopted during his lifetime, or that the will was not registered will not lead to any inference adverse to its genuineness, as these circumstances are not unusual. Mahomedan will.

See also OUDH TALUQDAR, *infra.*

———*Mahomedan will—Absolute estate to wife—Intention of testator.*

Where there are no words in a will indicating the bequest of a restricted interest, the devisees are entitled to the whole interest of the testator, although the will does not use expressions of known legal import, such as *malik* (owner) or *naslan bad naslan* (generation after generation) or does not expressly confer power of alienation. The creation of a life estate does not seem to be consistent with Mahomedan usage and there ought to be a very clear proof of such an unusual transaction. Where the testator describes all his three legatees as "my heirs" and as his heirs, they exhaust the whole of his estate both in taluqdari and non-taluqdari property. That is a strong indication of his intention to confer an absolute estate. Where the subject-matter of the devise is "the remaining property, movable and immovable of any kind which is owned and possessed by me" the bequest is absolute. Where according to the terms of the will the legatees

The onus of establishing an oral will is always a very heavy one. It must be proved with the utmost precision and with every circumstance of time and place. Unless it is shown that the declarant, feeling he would not survive to make a written will, made a fresh declaration of his testamentary wishes with the intention of making an oral will, it cannot be inferred from the mere expression of the declarant's wishes that there was the necessary *animus testandi* or intention that the oral declaration should itself operate as a testamentary disposition of the declarant's property. 12 M.I.A. 1 at p. 28, Ref. WILL—Oudh Taluqdar.

Oudh Taluqdar.

———*Oudh Taluqdar—Mahomedan Taluqdar—Will by—Power to adopt conferred on wives in succession—Conditions as to qualifications of boy and time-limit—Effect—Meaning of* sharayat-e-bala.

A will of a Mahomedan taluqdar set forth that the testator had four wives and in case no wife had any issue then the first wife was permitted to adopt a son within two years of the death of the testator, that the boy to be adopted was to be a Sunni lad under ten years and was not to belong to a particular family; that if the first wife failed to adopt a son within the prescribed period then the second wife was authorised within the space of two years to adopt subject to the "above conditions" '(*sharayat-e-bala*).' If the second wife also failed to adopt then the third was empowered to adopt. If she too failed, then the fourth was given power to adopt on conditions as above.

Held, that the proper construction to be put upon the will was that if the first wife died after the death of the testator without making an adoption, then the second wife was at once to come into possession and become entitled to make an adoption within two years of her coming into possession subject to the condition that the boy was a Sunni lad under ten years of age and not belonging to the particular family. The phrase 'sharayat-e-bala' may be taken to mean only the conditions relating to the qualifications of the boy and not also the conditions as to the time-limit for adoption. 15 I.A. 127, Rel. on. rights—Dominant intention—Series of life-estates only.

The will of a talukdar in Oudh provided for the succession in the following terms:—"Under S. 11 of Act I of 1869 I hereby appoint *F*, my brother's son, my executor and successor of this estate with all rights. . . *F*, after my lifetime, shall have like myself the very same powers with powers of succession and enjoyment as owner, provided he be alive. Similarly after his lifetime, my son *M* shall, if alive, be his successor. He shall have the same powers as *F*. After the lifetime of *M*, *H*, another brother's son, shall be his successor, provided he be alive. After all these three successors, the fit among the descendants of the successors shall succeed", etc.

Held, that the dominant intention of the testator was that the property should pass to three persons in succession and thereafter to some one or more persons in a specified manner; such an intention was inconsistent with the idea of a series of absolute interests; the intention of the testator could only be given effect to if each taken voluntarily denied himself the exercise of the power of alienation *inter vivos* or by will and that regarding the will as a whole, a series of limited or life estates only were conferred. knowledge of the state of his properties and with full knowledge of every material circumstance had executed the will. No doubt where the circumstances are such as cast suspicion upon the fact of the execution of the will the Court in examining the evidence bearing on that point will of necessity exercise the utmost vigilance and will insist upon the propounder removing all grounds of suspicion that might exist. But it is not permissible for a Court of probate to consider *aliunde* the terms of the will, to consider whether the terms are generous or not, to consider whether the relations have been cut off altogether or not, and then to consider the due execution of the will and hold that the *onus* had not been fully discharged by the propounder and to refuse to grant probate. On her death, the testator's sister's sons claimed as reversioners, whereupon the will was sought to be proved. It was contended that the will was open to suspicion as there was delay in the attempt to prove it.

Held, that the widow, who would have succeeded even under ordinary circumstances, had every inducement to postpone proof of the will, so long as she was alive, because the proof of the will would involve payment of probate duty on the value of the estate and hence the delay did not matter in this case. ———*Religious endowment*—Brittis *or allowance to wife of spiritual guide—Transferability of interest conferred.*

The material clause in the will ran as follows: "For the promotion of my spiritual welfare I settle, as fixed *brittis* or allowances, to be received from generation to generation, Rs. 400 a year for the 'nij seva' of *K*, wife of my spiritual guide and one rupee a month for the 'seba' of the temple of *G*."

Held, that (i) the words "from generation to generation" applied as well to the gift to *K* as to the gift to the temple; (*ii*) the allowance was to be received by *K* and her heirs either for their personal use or for the worship of their deity but in either case it was expressed to be for the spiritual benefit of the testator, so that the beneficial interest was restricted to the line appointed by the testator and would revert to the testator's heirs when that line came to an end; (iii) the beneficial interest could not, therefore, be transferred. WILL—Religious Endowment.

By one of the clauses in the will the testator directed that the number of shebaits shall always be five including the Secretary of the Subarnabanik Samaj. It appeared that the said committee had always two secretaries.

Residuary bequest.

———*Residuary bequest—Bequest of partial interests in land—Subsequent residuary devise—Effect of.*

Even though a testator may have given partial interests in land by his will, a subsequent residuary devise passes the reversion of those lands, in spite of the fact that the residuary devise is of lands "not hereinbefore devised or disposed of" and there are directions or limitations which are not appropriate to the reversion in the lands previously devised.

A testator devised (cl. 21) "all the residue of all my real and personal estate" to trustees during 21 years from his death to manage and then to pay out; he directed (cl. 23) that "the land in which I may be buried shall not be sold or mortgaged (during lifetime of my sons) but shall be kept as a family burial ground"; and also (cl. 24) that "the trustees shall call in all investments and sell by public auction the residue of my real estate and divide the net proceeds thereof among my sons."

Held, the devise of residuary real estate in cl. 21 or 24 included every interest in the testator's real estate, which he had not effectively devised by other dispositions contained in his will and that even the burial ground referred to in cl. 23 was covered by the residuary devise. Where a testator by his will provided that after his death, the trustees should manage the properties, pay certain legacies and "whatever properties are left after deductions, the trustees should utilise the same in distributing brass (vessels) or in giving dinner to Brahmins and if any amount is still left in surplus, the same should be utilised in the sadavarta of Shukaltirth,"

Held, whether or not the direction to distribute brass vessels and to give dinner to Brahmins was charitable, the last few words created a good residuary bequest and if any of the previous gifts failed, the property in respect of which the gift failed fell into residue. Testamentary capacity.

———*Testamentary capacity—Burden of proof —Principles formulated.*

(1) Generally speaking, the law presumes sanity, and where the will is not challenged, it is enough for the purpose of establishing the will that it was duly executed by the testator, that he was not a minor and was otherwise capable of making a will under the law by which he was governed. (2) If the testator's sanity is disputed, the burden of proof lies upon the person propounding the will to prove affirmatively that the testator was of sound mind at the date of its execution, and that he knew, understood and approved of its contents. 7 Bom.L.R. 175, Ref. (3) If the insanity of the testator before the date of the will is once established, the burden of proof lies on the person propounding the will to show that it was made after the testator's recovery or during a lucid interval. If, however, it is not established, or habitual insanity does not exist, the burden of proving actual insanity at the

WILL—Testamentary Capacity.

date of the execution of the will shifts to the person impeaching the will. (4) If the person propounding the will takes an appreciable benefit under it, that is an element of suspicion, of more or less weight according to the facts of each case, and the burden lies upon him to show that it is the will of the testator, and no probate can issue unless the Court is satisfied that the person propounding the will has led sufficient evidence which on a close and careful examination removes that suspicion. The same rule also applies to other circumstances which create suspicion in the mind of the Court. 2 M.P.C. 480; 32 Bom. L.R. 511 (P.C.) and 32 Bom.L.R. 1289, Ref. (5) If there is sufficient evidence to displace the suspicion, and the will has been made and is apparently in proper form, and the evidence of the attesting witnesses is trustworthy, it does not lie in the mouth of any party to say that the testator ought not to have made such a will, and to attempt to re-create another for him. 18 Bom.L.R. 408 (P.C.), Ref. (6) In order that a will may be found good it is not necessary that the testator should have been in perfect state of health and that his mind should have been so clear as to enable him to give complicated instructions for his will. It is sufficient if, when the will was read out to him and explained to him, when he reads it himself, he was capable of understanding that his instructions in the main had been carried out. 23 Bom.L.R. 1068, Ref. ——S. 3—*Accident arising out of employment—Test.*

The question as to whether the accident arose out of the employment cannot be determined on any general view of facts. It is dependent on the facts of each particular case. There is one test which is always applicable. It is this: Was it part of the injured person's employment to hazard, to suffer, or to do that which caused his injury. If yea, the accident arose out of his employment. If nay it did not, because what it was not part of the employment to hazard, to suffer, or to do, cannot well be the cause of an accident arising out of the employment. And the question whether the workman did his duty negligently or not arises only where the workman was doing something which it was his duty to perform. *Lancashire and Yorkshire Railway* v. *Highly*, (1917) A. ——S. 3—*Accident arising "out of and in the course of" employment—Interpretation—Tribunal of fact is Commissioner and not High Court.*

In deciding the question as to whether the fatal accident has arisen out of and in the course of his employment, the tribunal of fact is the Commissioner for workmen's compensation and not the High Court; and whether or not the fatal accident with befell arose out of and in the course of his employment depends upon the facts of the case. The Commissioner must take into account the material facts of the case, and must determine whether or not upon the facts, the accident did, or did not arise out of and in the course of employment. A person who with the permission and to the knowledge of his employer lives at some distance from the place where he is called upon, to work, must be allowed reasonable time in all the circumstances within which to proceed from his place of residence to the place where he is to work, and if in the course of proceeding in a reasonable time and in a reasonable manner from the place where he resides to the place where he works, he meets with a fatal accident, then that fatal accident would be held to arise out of and in the course of his employment (*Page, C.J., Mya Bu and Baguley JJ.*) MA HMWE YIN *v.* BURMAH OIL CO., LTD. **156 I.C. 377=7 R.R. 412= A I.R. 1935 Rang. 173 (S.B.).**

WORKMEN'S COMPENS' ACT (1923), S. 3.

——S. 3—"*Arising out of employment*"—*Meaning—Injury caused by added peril caused by workman—Claim for compensation—Sustainability.*

The expression "arising out of employment" is not confined to "the mere nature of the employment". The expression applies to the employment as such, to its nature, its conditions, its obligation and its incidents. But the claim for compensation cannot be sustained where the accident is caused by "an added peril produced by the workman himself." The applicant, who was a piecer in a cotton mill, went out of his work and interfered with tin rollers while in motion and his dhoti having been caught put out his hand to pull it and got his hand crushed.

Held, that injury was the result of an "added peril produced by the workman" and the claim was not sustainable. (*Rankin, C. J. and C. C. Ghose, J.*) GOURI KINKAR BHAKAT *v.* RADHA KISSEN COTTON MILLS. **60 Cal. 421=I.R. 1933 Cal. 276=142 I C. 472=37 C.W N 81=1933 Cr C. 301=A I.R 1933 Cal. 220.**

——S. 3—*Compensation for permanent partial disablement—Liability of employer—Test—Assessment of compensation.*

Where a workman claims compensation on the ground of permanent partial disablement due to fracture caused by the falling of roof, negligence either on the part of the employer or the employed is not the criterion to be employed. The question is whether the workman at the time of the injury was working within the scope of the employment, and if so, whether the employer has proved that he is exempted from paying compensation because of the provisos to S. 3. The employer will only escape liability if he can definitely satisfy the provisos in S 3. If the workman is permanently partially disabled, which according to medical estimate is 20 per cent., compensation should be awarded at 20 per cent. of the total earning capacity. ——S. 3—*Accident arising out of and in the course of employment—Accident caused while returning from work.*

The deceased was a cooly. He had been working at unloading coal from a ship lying at anchor. At the end of his work, he got into a sampan to go ashore with other coolies. When in the sampan owing to the falling on the occupants of some hot cinders thrown overboard and leaning on one side, to avoid them, the sampan capsized and all were thrown into the river. The deceased was drowned.

Held, that as deceased was on his way back to the wharf where his day's employment would end, in a recognized way for the coolies to travel without any added risk, the accident must be regarded as one arising out of as well as being in the course of his employment. English cases referred (*Das and Baguley, JJ.*) THAVER BROS. *v.* MUTHU MARIAMMAL. **6 I.R. (Rang) 136= 146 I.C. 1027=1933 Cr.C. 923=A.I.R. 1933 Rang. 208.**

——S. 3—*Injury by natural force—Whether sustained in course of employment.*

Whether an accident arises out of the employment depends on the particular facts. If a workman is injured by some natural force such as lightning the heat of the sun, or extreme cold, which in itself has no kind of connexion with employment, he cannot recover compensation unless he can sufficiently associate such injury with his employment. This he can do if he can show that the employment exposed him in a special degree to

WORKMEN'S COMPENS. ACT (1923), S. 3.

suffering such an injury. But if he is injured by contact physically with some part of the place where he works, then, apart from questions of his own misconduct, he at once associates the accident with his employment and nothing further need be considered. So that if the roof or walls fall upon him, or he slips upon the premises there is no need to make further inquiry as to why the accident happened. That a person is employed as a gin-fitter for the upkeep and repair of the gins and is required to perform such duties as the manager or engineer might allot to him, does not exclude his liability to perform such duties as might be allotted to him by anyone else set over him; and if an accident occurs while performing such duty, the accident does occur in the course of the employment of such workman. ———**S. 3**—*Liability to pay compensation—Negligence of employee—Effect of.*

Mere negligence of the worker cannot be regarded as wilful disobedience by the workman to an order expressly given. ———**S. 3 (1)**—*Death of workman by snake bite on his way to work from his quarters—Employer's liability.*

In order to come within the Act, an accident must not only occur "in the course of" but in addition, must arise "out of" the employment. An employer is not liable to pay compensation in respect of every injury that a workman may suffer in the course of his employment, but only in respect of such injuries as are the result of risks incidental to his employment. An employer is not liable to compensate a workman for an injury that has been caused by reason of the workman being exposed to a risk to which all persons who happened lawfully to be present at the time and place of the accident would be subjected, unless the workman at such time and place was exposed to an exceptional risk of sustaining the injury by reason of the work which he was engaged by the employer to carry out. Where the deceased workman was bitten by a snake while going by one of the routes to his place of employment from the quarters provided by the employer, which was about four miles away.

Held, the fatal accident to the workman did not "arise out" of his employment, both because at the time when he was bitten by the snake he was not doing an act which he was under an obligation to do by reason of his contract of service with the employer, and also because the accident was the result of a risk common to every one who happened to make use of the highway along which he was walking, and was not due to any exceptional risk which he ran as the result of performing his duties as an employee.

Held also, that the accident was not one arising "in the course" of the employment as it was not part of his contract that he should use the route that he chose, and as it was for him and not for his employer to decide the route by which and the time when he should make his way to his place of work. The general rule in Zaildari cases is that the Collector's choice should be upheld. When other things are equal or nearly equal the Collector's choice should not be upset unless the rival candidate has done good service either as sufedposh or as acting zaildar. In the case of a zaildar, possession of land is required as a proof of status in the zail. It is therefore permissible to consider how it was acquired and whether any such deduction can be drawn from the possession. It is undesirable that a man, whose ancestral home and primary claims are in one zail should be qualified for the zaildari of another zail on the ground of an acquisition of land made for that purpose, which is also of somewhat doubtful reality. The Collector's choice in the matter of appointment of a zaildar should not normally be interfered with even though the appellate authority thinks that his choice is not the best. But it is not necessary that the Superior Revenue authority should find the Collector's appointment flagrantly perverse before interfering with the Collector's choice. (*Latifi, F. ———*Selection of—Principles—Appointment of person not lambardar—Justification—Duty of Commissioner.*

Where a suitable lambardar candidate is available for a Zaildari, it is not desirable to extend the field of selection beyond the lambardars of the zail. Occasionally the ablest and most influential man in a zail may be a land owner or a pensioned Indian Officer who is not a lambardar. But in according sanction to such a choice, the Commissioner must satisfy himself, firstly, that none of the lambardar candidates are really suitable, and secondly, that the candidate for whom sanction is sought is the best outsider available.
